

Licensed Electric Generation Suppliers & Consultants

(June 2022)

To sell electric generation service in New Jersey, electric power suppliers must be licensed by the New Jersey Board of Public Utilities (NJ BPU). They must also be registered with the local public utility to sell electric generation service in that utility's service area. Below is a list of suppliers who are licensed with the NJ BPU and are registered to sell electric generation service in the Jersey Central Power & Light Company service territory.

Contact the supplier directly to verify whether or not new customers are being accepted.

| Supplier Name (& Green Power Providers) | Phone No. |
