Explanation of Terms

Bypassable Generation and Transmission Related Component - Charges for purchasing power and delivering it through the transmission system. These charges are avoided when switching to a Certified Retail Electric Service provider.

Cost Recovery Charges - Charges to recover previously incurred costs.

Customer Charge - Monthly charge that offsets costs for billing, meter reading, equipment, and service line maintenance.

Distribution Related Component - Charge for moving electricity over distribution lines to a service location.

Economic Development Component - Charges related to economic development support.

Estimated Reading - On the months we do not read a meter, we calculate the bill based on past electrical usage.

KWH (Kilowatt Hour) - A unit of measure for electricity usage equal to 1,000 watts used for one hour.

Late Payment Charge - A charge added to the bill on balances owed after the Due Date.

Price to Compare (PTC) - The utility's price per KWH for bypassable generation and transmission; can be compared with the price offered by another supplier.

Residential Distribution Credit - A distribution credit for a qualifying rate applied to all usage over 500 KWH during the winter billing period.

Residential Generation Credit - A credit for a qualifying rate and usage applied to all usage over 1,250 KWH during the billing periods beginning October 31 and ending March 31.

Residential Non-Standard Credit - A generation credit for a qualifying rate applied to all usage over 500 KWH during the winter billing period.
