RE: Case No. 9761 - Potomac Edison's Revisions to its Residential Time-of-Use Tariff

Dear Secretary Johnston:

Enclosed for filing pursuant to the current filing procedures of the Maryland Public Service Commission ("Commission"), please find the clean and red-lined versions of Page No. 6-5 to The Potomac Edison Company's ("Company") Maryland Tariff, Electric P.S.C. Md. No. 54. This revised tariff page updates the electric supply rates for the on-peak and off-peak periods for Residential Time of Use effective for service rendered on and after June 1, 2026.

The rates are consistent with those proposed in the Company's Residential Retail Tariff Filing for Bid Results Approved by the Commission filed today in maillog no. 326313. The on-peak rates reflect the Schedule R electric supply rates plus three cents and the off-peak rates reflect the Schedule R electric supply rates minus three cents as approved in Order No. 91917.

The Residential SOS electric supply rate changes reflect the results of the bidding conducted through January 12, 2026 and approved by the Commission.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Jessica M. Raba".

Jessica M. Raba
Counsel for The Potomac Edison Company

	4 p.m. – 9 p.m. EDT	9 p.m. – 4 p.m. EDT
Energy Charge		
All kilowatt-hours.....	\$0.13824 per kilowatt-hour.....	\$0.07824 per kilowatt-hour
	<u>Non-Summer On-Peak</u>	<u>Non-Summer Off-Peak</u>
	10-01-2026 thru	10-01-2026 thru
	05-31-2027	05-31-2027
	4 p.m. – 9 p.m. EDT	9 p.m. – 4 p.m. EDT
	3 p.m. – 8 p.m. EST	8 p.m. – 3 p.m. EST
Energy Charge		
All kilowatt-hours.....	\$0.13209 per kilowatt-hour.....	\$0.07209 per kilowatt-hour

LATE PAYMENT CHARGE

Applies to this schedule as set forth in Company Rule No. 12 of this tariff.

GENERAL

Service supplied is subject to the Rules and Regulations Covering the Supply of Electric Service, and the "Customer Guide for Electric Service-Maryland".

This schedule includes Service to a residence which has a commercial enterprise or office within it, provided the total installation used for purposes other than residential is not greater than 500 watts.

When two or more dwelling units including two or more houses on a farm are supplied through a single meter, each shall be classed as a single residence with the Customer Charge increased proportionately to number of dwelling units. This provision restricted to those Customers and locations served in this manner on June 13, 1974. All such new installations shall be separately metered.

ISSUED BY K. JON TAYLOR, SENIOR VICE PRESIDENT

Issued January 16, 2026

Effective June 1, 2026
