

REDACTED

EXHIBIT P-4

**BEFORE THE
NEW JERSEY BOARD OF PUBLIC UTILITIES**

In the Matter of the Verified Petition of Jersey Central Power & Light Company and Mid-Atlantic Interstate Transmission, LLC (“MAIT”) for: (1) Approval of the Transfer of its Transmission Assets to Mid-Atlantic Interstate Transmission, LLC Pursuant to N.J.S.A. 48:3-7; (2) Approval of a Lease of the Real Property and Associated Rights to Mid-Atlantic Interstate Transmission, LLC Pursuant to N.J.S.A. 48:3-7; (3) Approval of a Mutual Assistance Agreement Pursuant to N.J.S.A. 48:3-7.1; and (4) a Declaration that Mid-Atlantic Interstate Transmission, LLC Will be Deemed a Public Utility for the Purposes of Siting Authority under N.J.S.A. 40:55D-19 and Eminent Domain Authority Pursuant to N.J.S.A. 48:3-17.6 *et seq.*

-and-

In the Matter of the Verified Petition of Jersey Central Power & Light Company for Authorization Pursuant to N.J.S.A. 48:3-7.2 for Approval to Participate in the FirstEnergy Corp. Intrasystem Money Pool

Direct Testimony

of

K. Jon Taylor

Re: Tax and Accounting Aspects of the Transaction and Description of the Assets to be Transferred or Leased

V. DESCRIPTION AND VALUATION OF PHYSICAL ASSETS TO BE CONTRIBUTED OR LEASED TO MAIT	12
VI. ACCOUNTING OF TRANSACTION-RELATED COSTS	14

1 **I. INTRODUCTION AND BACKGROUND**

2 **Q. Please state your name, title, and business address.**

3 A. My name is K. Jon Taylor. I am Vice President, Controller, and Chief Accounting
4 Officer of FirstEnergy Corp. (“FirstEnergy”) and a number of its subsidiaries. My
5 business address is 76 South Main Street, Akron, OH 44308.

6 **Q. Please describe your responsibilities as Vice President, Controller, and Chief
7 Accounting Officer.**

8 A. As Vice President, Controller and Chief Accounting Officer, I am responsible for
9 ensuring that the financial, accounting and tax records of FirstEnergy and its
10 subsidiaries are maintained in conformity with generally accepted accounting
11 principles (“GAAP”) and regulatory requirements, including the Federal Energy
12 Regulatory Commission (“FERC”) Uniform System of Accounts (“USofA”). I also
13 am responsible for disbursements to employees, tax authorities and vendors; external
14 financial reporting; accounting research in connection with proposed business
15 transactions; and cost analysis and accounting classification of construction projects.

16 **Q. What is your educational and professional background?**

17 A. I earned a Bachelor of Science degree in accounting from the University of Alabama
18 at Birmingham and a Master of Accounting degree from the same institution. I joined
19 Coopers & Lybrand LLP (now PricewaterhouseCoopers LLP) in 1997, serving in
20 various client service positions until I joined FirstEnergy as Manager of Financial
21 Reporting and Technical Accounting in 2009. I was elected Assistant Controller,
22 FirstEnergy Utilities in 2010 and Assistant Controller, FirstEnergy Generation in
23 March 2012. In October 2012, I was elected Vice President and Assistant Controller,
24 and in May 2013, I was elected Vice President, Controller, and Chief Accounting

1 Officer for FirstEnergy. I am a licensed certified public accountant in Ohio and
2 Alabama. My education, experience and qualifications are fully set forth in Appendix
3 A to my testimony.

4 **Q. Have you provided testimony in prior regulatory proceedings?**

5 A. Yes. I have provided written testimony on behalf of certain of FirstEnergy's
6 subsidiaries in general base rate case proceedings before the Public Service
7 Commission of West Virginia (Docket No. 14-0702-E-42T) and in proceedings
8 before the Public Utilities Commission of Ohio (Docket Nos. 13-1147-EL-UNC; 14-
9 0828-EL-UNC).

10 **II. PURPOSE OF TESTIMONY**

11 **Q. What is the purpose of your testimony?**

12 A. The purpose of my testimony is to describe the various tax and accounting aspects of
13 the proposed transaction (the "Transaction") under which Jersey Central Power &
14 Light Company ("JCP&L"), along with Pennsylvania Electric Company ("Penelec")
15 and Metropolitan Edison Company ("Met-Ed" and, collectively, the "Operating
16 Companies") will contribute their transmission assets as defined by the Capital
17 Contribution Agreement, to Mid-Atlantic Interstate Transmission, LLC ("MAIT"), a
18 newly-formed subsidiary of FirstEnergy Transmission, LLC ("FET"), in which the
19 Operating Companies will have membership interests. I will also provide the
20 proposed accounting entries for JCP&L and MAIT reflecting the Transaction under
21 GAAP and the USofA as well as describe the transmission assets to be transferred. In
22 regard to the ground lease between JCP&L and MAIT for the real property assets
23 associated with the transmission facilities, I will explain how the annual lease costs

1 were derived. Finally, I will identify “Transaction-related” costs and provide a
2 description of how these costs will be tracked and excluded from MAIT’s
3 transmission rates going forward.

4 **Q. Are you sponsoring any exhibits as part of this filing?**

5 A. Yes. I am sponsoring seven exhibits with my testimony as follows.

- 6 1. Exhibit KJT-1 is the Capital Contribution Agreement, which identifies the
7 transmission assets to be contributed from the Operating Companies to MAIT, as
8 well as their associated carrying values as of December 31, 2014, and will be
9 updated prior to the closing of the Transaction. KJT-1 also describes the
10 membership interests owned by the Operating Companies and FET.
- 11 2. Exhibit KJT-2 is the FirstEnergy Service Agreement, with MAIT added as a
12 signatory.
- 13 3. Exhibit KJT-3 is the Revised Amended and Restated Mutual Assistance
14 Agreement, with MAIT added as a signatory.
- 15 4. Exhibit KJT-4 contains the proposed accounting entries to record the Transaction
16 in the accounts of JCP&L and MAIT.
- 17 5. Exhibit KJT-5 is a proposed Ground Lease between MAIT and JCP&L.
- 18 6. Exhibit KJT-6 is a list of real property assets that will be subject to the ground
19 lease.
- 20 7. Exhibit KJT-7 (Confidential) consists of maps showing the locations of
21 transmission facilities subject to the Transaction.

22 **III. DESCRIPTION OF THE TRANSACTION**

23 **Q. Please briefly describe the Transaction.**

24 A. As described in greater detail in the Prepared Direct Testimony of Mr. Steven Staub
25 (JC-3), pursuant to the Transaction, FET will make a cash investment in MAIT in
26 exchange for the Class A membership interest. The Class A membership interest will

1 provide FET with “management control”, defined in the Amended and Restated
2 Limited Liability Company Operating Agreement of Mid-Atlantic Interstate
3 Transmission, LLC, as the sole authority to elect and remove managers and determine
4 the size of the board. Each of the Operating Companies will contribute its existing
5 transmission assets in exchange for Class B membership interests in MAIT. As
6 explained in Mr. Staub’s testimony, the Class B membership interests do not confer
7 operating control and management authority over MAIT. At the time the transaction
8 is completed, FET’s Class A membership interest will represent initially
9 approximately 5% of MAIT’s total equity as reflected in FET’s capital account
10 maintained by MAIT. The Operating Companies’ Class B membership interests
11 collectively will initially amount to the remaining approximately 95% of MAIT’s
12 total equity as reflected in the Operating Companies’ respective capital accounts
13 maintained by MAIT. As explained further below, the Operating Companies’
14 contribution of the transmission assets will be a non-taxable contribution of assets for
15 federal and state income tax purposes.

16 **Q. Please provide a description of the assets to be contributed to MAIT by JCP&L.**

17 A. “Transmission assets” are described in Schedule A to the Capital Contribution
18 Agreement. Subject to certain exceptions related to transmission plant that is being
19 reclassified from transmission to distribution, as discussed in greater detail by Mr.
20 Mader (Exhibit P-2), the physical assets being contributed consist of all FERC
21 jurisdictional transmission facilities, excluding land and land rights, recorded in
22 JCP&L’s FERC transmission accounts. For JCP&L, the property being transferred
23 includes, generally, transmission facilities operating at 500 kV, 230 kV, 115 kV and

1 34.5 kV delta configuration¹. Additionally, JCP&L’s transmission-related regulatory
2 assets are also included as transmission assets as described in the Capital Contribution
3 Agreement to be transferred to MAIT. Therefore, the transmission facilities (*i.e.*, the
4 FERC jurisdictional transmission plant and equipment) and the transmission related
5 regulatory assets, combined, are included as transmission assets to be contributed to
6 MAIT by JCP&L.

7 Furthermore, as discussed in my testimony below, based on the structure of
8 the Transaction and in accordance with the requirements of GAAP, goodwill and
9 accumulated deferred income taxes (“ADIT”) will be transferred to MAIT from
10 JCP&L.

11 **IV. EXPLANATION OF TRANSACTION STRUCTURE AND ACCOUNTING**
12 **IMPLICATIONS**

13
14 **Q. What are the Transaction’s accounting implications for the Operating**
15 **Companies and MAIT?**

16 A. I will discuss the accounting implications in three main components as follows:

17 1. Contribution of the transmission assets: As discussed above and in the Capital
18 Contribution Agreement, the Operating Companies will contribute their
19 transmission assets to MAIT in return for Class B membership interests in MAIT.
20 From an accounting perspective, the Operating Companies will contribute the
21 transmission plant, equipment and transmission-related regulatory assets in return
22 for an equity investment in MAIT. Likewise, MAIT will receive the transmission

¹ The term “delta” refers to the 34.5kV facilities that are transmission-related and will be transferred to MAIT under the proposed Transaction. There are other 34.5kV facilities owned by JCP&L and referred to as “wye” that are distribution-related facilities and will not be transferred to MAIT.

1 plant, equipment and transmission regulatory assets and issue Class B
2 membership interests to the Operating Companies.

3 Under GAAP, the transmission assets of the Operating Companies will be
4 contributed to MAIT at their carrying values² at the date the Transaction is
5 executed. GAAP, specifically Accounting Standards Codification (“ASC”) 805-
6 50, *Business Combinations*, requires that assets and liabilities transferred between
7 companies under common control be transferred to the receiving entity at their
8 carrying value in the accounts of the transferring entity at the date of transfer.
9 Because FirstEnergy owns all of the common stock of the Operating Companies
10 and FET, both of which will own all the membership interests of MAIT, the
11 Transaction is considered a common control transaction and, therefore, the
12 contribution of the transmission assets is required to be accounted for at carrying
13 value.

- 14 2. Allocation of Goodwill: Currently, the Operating Companies have goodwill on
15 their books resulting from the 2001 merger of FirstEnergy and GPU, Inc.
16 (“GPU”), the former registered public utility holding company of the Operating
17 Companies, whereby FirstEnergy acquired all the stock of GPU.

18 Under GAAP, when assets being transferred constitute a business, an entity
19 should allocate a portion of the goodwill to the business being transferred. The
20 amount of goodwill that is allocated to the business being transferred should be
21 based on the relative fair values of the business being transferred and the portion
22 of the business being retained.

² When discussing transmission plant and equipment, carrying value is net book value (original cost less accumulated depreciation). For all other assets and liabilities, carrying value is the value recorded on the company’s balance sheet.

1 Under ASC, 805, *Business Combinations*, a business is defined as an
2 integrated set of activities and assets that is capable of being conducted and
3 managed for the purposes of providing a return in the form of dividends, lower
4 costs, or other economic benefits directly to investors or other owners, members,
5 or participants. A business consists of inputs and processes applied to those inputs
6 that have the ability to create outputs. As the transmission assets constitute a
7 “business” under GAAP, goodwill is required to be transferred from the Operating
8 Companies to MAIT as part of the Transaction.

9 Therefore, the Operating Companies will transfer a portion of their goodwill
10 to MAIT as part of the Transaction, which will be offset by their equity
11 investment in MAIT. Likewise, MAIT will record the goodwill on its balance
12 sheet as part of the Transaction which would be offset by the Class B membership
13 interest issued to the Operating Companies.

- 14 3. ADIT: As further discussed below, the Operating Companies’ contribution of
15 transmission assets, including both transmission plant and equipment and
16 transmission related regulatory assets, will be a tax-free contribution. Therefore,
17 the ADIT associated with the transmission assets will also transfer from the
18 Operating Companies to MAIT, which will reduce the Operating Companies’
19 investment in MAIT. Likewise, MAIT will record the ADIT associated with the
20 transmission assets, proportionally reducing the Class B membership interests it
21 would otherwise have issued.

1 **Q. What are the Transaction’s tax implications for JCP&L and MAIT?**

2 A. As discussed above, the contribution of JCP&L’s transmission assets to MAIT will be
3 structured as a tax-free contribution of assets as opposed to an asset sale. Provisions
4 of the Internal Revenue Code permit one or more shareholders to achieve a non-
5 taxable transfer of assets to a corporation in exchange for stock, which results in a
6 “carry over” of the existing tax basis in the assets being transferred. The same
7 provisions apply where, as here, the transfer is to a limited liability company in
8 exchange for its membership interests. By contrast, in an asset sale, the tax basis of
9 the assets being transferred would be “stepped-up” to the amount of consideration
10 paid for the assets.

11 Therefore, since the book basis of the transmission assets will be contributed
12 at their carrying value and the tax basis will be “carried over,” the ADIT, representing
13 the difference between the book and tax basis of the transmission assets being
14 contributed, will be transferred from JCP&L to MAIT. For example, assume, prior to
15 a tax-free contribution, Company A had depreciable assets with a net book value of
16 \$150 and a tax basis of \$100, creating a book-to-tax difference of \$50. At the
17 statutory federal corporate income tax rate, \$17.50 ($\$50 \times 35\%$) would be recorded in
18 account 282-ADIT. When Company A contributes the asset to its affiliate, Company
19 Z, in a tax-free exchange for stock, both the existing book basis and tax basis transfer
20 to Company Z on the date of the transfer and, therefore, the \$17.50 ADIT liability
21 would be transferred from Company A’s books to Company Z’s books.

22 It is important to note that the tax-free contribution will result in a reduction to
23 MAIT’s rate base by transferring the associated ADIT with the related transmission

1 assets contributed to MAIT. In an asset sale, by contrast, the tax basis of the
2 transmission assets being sold would be “stepped-up,” resulting in no book-to-tax
3 differences, no ADIT, and a higher rate base relative to the tax-free exchange.

4 **Q. How will the capital structure of JCP&L be affected by the Transaction?**

5 A. The capital structure of JCP&L will not be affected by the Transaction. JCP&L will
6 receive an investment in MAIT through its Class B membership interests equal to the
7 value of the transmission assets contributed to MAIT plus the goodwill and ADIT
8 transferred to MAIT.

9 **Q. How will FET reflect its ownership interest in MAIT in its books?**

10 A. Under ASC 810, *Consolidation*, a reporting entity must consolidate any entity in
11 which it has a controlling financial interest. Because FET will have a controlling
12 financial interest, it will be the entity to consolidate MAIT.

13 **Q. How do JCP&L and FET expect to account for their share of future earnings
14 and dividends of MAIT?**

15 A. JCP&L will account for its investment in MAIT using the equity method of
16 accounting. Under this method, JCP&L will recognize its investment in MAIT in
17 Account 123.1 – Investment in Subsidiary Companies. Subsequently, JCP&L will
18 recognize its share of earnings in Account 418.1 – Equity in Earnings of Subsidiary
19 Companies with a corresponding increase to Account 123.1 – Investment in
20 Subsidiary Companies. As MAIT’s earnings are distributed as dividends, JCP&L will
21 reduce Account 123.1 – Investment in Subsidiary Companies, by the amount of
22 dividends received.

1 As noted earlier, FET will consolidate MAIT. As such, MAIT's earnings, less
2 the proportion attributable to the Operating Companies, will be included in FET's
3 consolidated income statement.

4 The earnings and dividends generated by MAIT will be allocated to FET and
5 JCP&L based on each company's percentage of equity ownership interest in MAIT
6 with total equity of MAIT representing the summation of both Class A and Class B
7 membership interests. Separate capital accounts will be maintained on the books of
8 MAIT for FET's Class A membership interest and each of the Operating Companies'
9 Class B membership interest.

10 **Q. Will services be provided to MAIT from a FirstEnergy company other than the**
11 **Operating Companies?**

12 A. Yes. MAIT will be an indirect, wholly-owned subsidiary of FirstEnergy and an
13 affiliate of FirstEnergy Service Company ("FESC"), a direct subsidiary of
14 FirstEnergy. Similar to FET and the Operating Companies (as well as other
15 FirstEnergy subsidiaries), MAIT will become a signatory to the existing FirstEnergy
16 Service Agreement ("Service Agreement"), under which FESC will provide corporate
17 services such as accounting, legal, data processing, human resources and other
18 services (including transmission-related technical services) to MAIT.³ A copy of the
19 Service Agreement with MAIT is attached for reference as Exhibit KJT-2. MAIT
20 will not have any employees of its own and will be a party to the Revised Amended
21 and Restated Mutual Assistance Agreement ("MAA"), pursuant to which employees
22 of the Operating Companies will provide services to MAIT transmission facilities.

³ The FirstEnergy Service Agreement was filed with the Board in BPU Docket Nos. EM02100777 and EE98050267 and approved by the Board in its order dated December 14, 2005.

1 The amended MAA is attached to my testimony as Exhibit KJT-3. JCP&L witness
2 Mark A. Mader addresses additional issues concerning the Service Agreement and the
3 MAA in his testimony

4 **Q. Will MAIT pay for the services provided by FESC and other FirstEnergy**
5 **subsidiaries?**

6 A. Yes. FESC will charge MAIT for corporate and other centralized services in the same
7 manner it charges the Operating Companies for similar services under, and as
8 prescribed by, the Service Agreement. Similarly, the Operating Companies and other
9 FirstEnergy utilities will charge MAIT for services received under, and as prescribed
10 by the MAA. The pricing in the Service Agreement and MAA are consistent with
11 FERC standards and, where applicable, State requirements.

12 **Q. Aside from adding MAIT to the Service Agreement, will there be any other**
13 **changes to the Service Agreement as a result of the Transaction?**

14 A. No.

15 **Q. Will the addition of MAIT to the Service Agreement modify any cost allocation**
16 **methods?**

17 A. No.

18 **Q. Are you providing proposed accounting entries showing the accounting effects of**
19 **the Transaction?**

20 A. Yes. Proposed accounting entries to record the Transaction in the accounts of JCP&L
21 and MAIT are provided as Exhibit KJT-4 to the Application. Exhibit KJT-4 was
22 prepared under my direction. Exhibit KJT-4 lists the accounts affected and provides a
23 general description of the entries. The values of assets and liabilities included with

1 the entries represent account balances as of December 31, 2014 and will be updated
2 prior to the closing of the Transaction.

3 **V. DESCRIPTION AND VALUATION OF PHYSICAL ASSETS TO BE**
4 **CONTRIBUTED OR LEASED TO MAIT**

5
6 **Q. Please describe the assets that JCP&L will contribute to MAIT.**

7 A. JCP&L will contribute all of its FERC-jurisdictional physical transmission assets to
8 MAIT. These assets include all transmission lines and associated equipment and
9 facilities that are operated at voltages of 500 kV down to 34.5 kV. More specifically,
10 JCP&L will contribute facilities classified as FERC-jurisdictional transmission assets
11 in the USofA. These assets include facilities used for transmission service, including
12 500 kV, 230 kV, 115 kV and 34.5 kV (*i.e.*, delta configured) transmission facilities.
13 All of these transmission assets are currently classified and operated as transmission
14 facilities under the FERC seven-factor test.

15 In addition to the physical assets discussed above, certain transmission-related
16 regulatory assets will also be contributed to MAIT, as more specifically described in
17 the Capital Contribution Agreement.

18 **Q. At what value will JCP&L contribute the transmission assets to MAIT?**

19 A. As I discussed earlier in my testimony, the transmission assets will be contributed at
20 their carrying values on the date the Transaction is executed. As set forth in further
21 detail in Schedule A of Exhibit KJT-1, the value of the JCP&L assets to be
22 contributed is \$750,603,723 as of December 31, 2014. This value will be updated at
23 the closing of the Transaction.

24 **Q. Will JCP&L also be contributing land and other real estate interests associated**
25 **with the contributed transmission assets?**

1 A. No. JCP&L, as well as the other Operating Companies, will not contribute land and
2 other real estate interests to MAIT in connection with the contribution of transmission
3 assets under the Capital Contribution Agreement. However, because MAIT will need
4 certain real estate interests and access rights in order to maintain the transmission
5 facilities going forward, MAIT will enter into a Ground Lease with the Operating
6 Companies to govern these interactions. A form of the Ground Lease is provided in
7 Exhibit KJT-5 to my testimony. A list of the real property assets (associated with
8 each of the substations and transmission lines) that are subject to the Ground Lease is
9 provided in Exhibit KJT-6. I also am providing maps in Exhibit KJT-7, which depict
10 all of the real property assets associated with the transmission facilities. Exhibit KJT-
11 7 has been designated as confidential, and JCP&L has requested confidential
12 treatment as part of its filing.

13 **Q. Why will the Operating Companies, including JCP&L, be entering into a**
14 **Ground Lease, rather than contributing land and other real estate interests to**
15 **MAIT?**

16 A. This approach is administratively more efficient in executing and implementing the
17 proposed Transaction and is consistent with the sale of transmission facilities located
18 in Ohio and western Pennsylvania to American Transmission Systems, Incorporated
19 (“ATSI”) in 1999 and 2000, which experience has shown provided ATSI all of the
20 interests in real property it needs to safely, reliably and efficiently furnish
21 transmission service. In other words, the use of a ground lease with MAIT provides
22 for a quicker transfer of property rights including avoidance of surveys, consents,
23 deed recordings, and easement negotiations.

1 **Q. Please explain how the annual base rent amount that MAIT will pay to JCP&L**
2 **under the Ground Lease will be derived.**

3 A. The annual base rent amount will be equivalent to the revenue requirement related to
4 the net book value of land and land rights classified in JCP&L's FERC transmission
5 accounts. This assures that the rate charged to transmission customers is based on the
6 amount actually paid for land and land rights and therefore is consistent with the rate
7 making principles of the FERC. The annual revenue requirement will consist of a
8 return on rate base related to land and land rights, applicable depreciation expense,
9 income taxes and taxes other than income taxes.

10 **VI. ACCOUNTING OF TRANSACTION-RELATED COSTS**

11 **Q. Are the Applicants committing to exclude all Transaction-related costs from**
12 **MAIT's transmission rates as part of their application for FERC approval of the**
13 **Transaction?**

14 A. Yes.

15 **Q. What are the applicable transaction-related costs?**

16 A. The applicable Transaction-related costs are all costs, including internal labor and
17 other than labor costs, beginning with such costs incurred to discuss, gather
18 information and investigate the feasibility of creating MAIT, and continuing through
19 the completion of the Transaction.

20 **Q. How will MAIT track these costs over time and ensure that they are not**
21 **recovered in future rates?**

22 A. All transaction related costs are being charged to a work order and are recorded to
23 FERC account 426.5 - Other Deductions.

1 **Q. Does this conclude your direct testimony?**

2 **A. Yes, it does, at this time.**

Biography

K. Jon Taylor

Vice President, Controller and Chief Accounting Officer

Jon Taylor is vice president, controller and chief accounting officer for FirstEnergy Corp., a position he has held since May 2013. In this role, he is responsible for ensuring that the financial, accounting and tax records of FirstEnergy and its subsidiaries are maintained in conformity with generally accepted accounting principles and regulatory accounting requirements. He is also responsible for disbursements to employees, tax authorities and vendors; external financial reporting; accounting research in connection with proposed business transactions; and cost analysis and accounting classification of construction projects.

From August 2009 to April 2013, he served in various position within the controller's group including manager of Financial Reporting and Technical Research, assistant controller of FirstEnergy Utilities and assistant controller for FirstEnergy Solutions and FirstEnergy Generation. From 1997 to 2009, he was with the PricewaterhouseCoopers, LLP where he served in various client service positions.

Mr. Taylor holds a Bachelor of Science degree in accounting and a Master of Accountancy degree from the University of Alabama at Birmingham. Mr. Taylor is a licensed certified public accountant in Ohio and Alabama. He has provided expert testimony before the Public Utilities Commission of Ohio ("PUCO") and Public Service Commission of West Virginia ("WVPSC").

Mr. Taylor has prepared and presented testimony in the following rate-related cases:

PUCO Cases:

Docket Nos.	Case Name
13-1147-EL-UNC	Significantly Excessive Earnings Test
14-0828-EL-UNC	Significantly Excessive Earnings Test

WVPSC Cases:

Docket Nos.	Case Name
14-0702-E-42T	Rule 42T Tariff Filing to Increase Rates and Charges

CAPITAL CONTRIBUTION AGREEMENT

This Capital Contribution Agreement (this “Agreement”) by and among **Jersey Central Power & Light Company**, a New Jersey corporation (“JCP&L”), **Pennsylvania Electric Company**, a Pennsylvania corporation (“PN”), **Metropolitan Edison Company**, a Pennsylvania corporation (“ME”, together with JCP&L and PN, the “Class B Members,” individually, each a “Class B Member”), **FirstEnergy Transmission, LLC**, a Delaware limited liability company (“Class A Member” and together with the Class B Members, the “Members” and individually, each a “Member”), and **Mid-Atlantic Interstate Transmission, LLC**, a Delaware limited liability company (“Company”) is made pursuant to §351 of the Internal Revenue Code of 1986, as amended, and is effective as of [DATE] (the “Effective Date”).

BACKGROUND

WHEREAS, Company was organized by Class A Member under the laws of the State of Delaware on June , 2015;

WHEREAS, the Members have entered into an Amended and Restated Limited Liability Company Operating Agreement of the Company dated as of the Effective Date (the “Operating Agreement”);

WHEREAS, Class A Member desires to transfer \$[AMOUNT] as a capital contribution (a “Cash Contribution”) in return for the Class A Interests to be issued by Company, and Company desires to acquire and accept the Cash Contribution from the Class A Member;

WHEREAS, each Class B Member desires to transfer, and relinquish all rights in, such property as more fully described in Exhibit A hereto as a capital contribution (each, a “Property Contribution” and collectively the “Property Contributions”) in return for Class B Interests to be issued by Company, and Company desires to acquire and accept a Property Contribution from each of the Class B Members in proportion to each Class B Member’s respective Class B Interests (the collective Property Contributions, together with the Cash Contribution, are hereinafter also referred to as the “Capital”); and

WHEREAS, pursuant to the terms and conditions set forth below, Members and Company desire to enter into such transactions in which each of the Members contributes Capital to Company in consideration of their respective membership interest in Company.

AGREEMENT

NOW THEREFORE, in consideration of the above premises and the promises contained in this Agreement, and intending to be legally bound, the parties to this Agreement agree as follows:

§1. Transfer of Capital Contribution to Company

§1.1 On the Effective Date, Class A Member shall contribute, transfer, assign, convey and deliver to the Company, and the Company shall accept, the Cash Contribution.

§1.2 On the Effective Date, Class B Members shall contribute, transfer, assign, convey and deliver to the Company, and the Company shall accept, the Property Contributions.

§1.3 After the Effective Date, Class A Member may make additional cash contributions (each, an “Additional Cash Contribution”) to Company in accordance with the Operating Agreement; each such Additional Cash Contribution by Class A Member to the Company shall be confirmed by the Company and Members utilizing the form of written confirmation attached hereto as Annex 1 (the "Confirmation"), which Confirmation may be in electronic or written form. Failure by the Company and Members to utilize the Confirmation for any Additional Cash Contribution to the Company, or any error in such Confirmation, shall not affect the validity of any Additional Cash Contribution by Class A Member to the Company pursuant to this Agreement.

§2. Equity Interest in Company

§2.1 In exchange for, and upon the completion of, the transfer described in §1.1 above, Company shall issue, and the Class A Member shall own, 100% of the Class A Interests in Company.

§2.2 In exchange for, and upon the completion of, the transfer described in §1.2 above, Company shall issue, and the Class B Members shall own, the Class B Interests in Company as follows:

JCPL	[]% Class B Interest
ME	[]% Class B Interest
PN	[]% Class B Interest

§2.3 Upon the completion of any Additional Cash Contribution described in §1.3 above, Class A Member shall continue to be the sole Class A member.

§3. Warranties of Company

§3.1 Company is a duly organized and validly existing limited liability company under the laws of the State of Delaware.

§3.2 Company (i) is in good standing in the State of Delaware and (ii) has no federal, state or local tax liabilities which are past due.

§3.3 To the best of the knowledge of the undersigned officer of Company, there is no legal action or proceeding pending against Company that would inhibit the transaction of Company’s ordinary business or prevent Company from validly entering into this Agreement.

§3.4 Company has the limited liability company power and authority to enter into this Agreement, and the officer executing the Agreement on behalf of Company has been duly authorized to do so.

§3.5 The execution and performance of the obligations contained in this Agreement do not constitute a violation, breach or default under any other agreement by which Company is bound.

§4. Warranties of Class A Member

§4.1 Class A Member is a duly organized and validly existing limited liability company under the laws of the State of Delaware.

§4.2 To the best of the knowledge of the undersigned officer of Class A Member, there is no legal action or proceeding pending against Class A Member that would inhibit the transaction of

Class A Member's ordinary business or would prevent Class A Member from validly entering into this Agreement and performing the transactions contemplated herein.

§4.3 Class A Member Parent has the limited liability company power and authority to enter into this Agreement, and the officer executing this Agreement on behalf of Class A Member has been duly authorized to do so.

§4.4 No governmental authorizations are or will be required in connection with the execution, delivery or performance by Class A Member, or the consummation by it of the transactions contemplated by this Agreement or the Operating Agreement other than such authorizations previously disclosed to Class B Members, which authorizations have been duly issued and are in full force and effect.

§5. Warranties of Class B Members

§5.1 Each Class B Member is a duly organized and validly existing corporation under the laws of the jurisdiction of its formation.

§5.2 To the best of the knowledge of the undersigned officer of each Class B Member, there is no legal action or proceeding pending against such Class B Member that would inhibit the transaction of such Class B Member's ordinary business or would prevent such Class B Member from validly entering into this Agreement and performing the transactions contemplated herein.

§5.3 Each Class B Member has the corporate power and authority to enter into this Agreement, and the officer executing this Agreement on behalf of each such Class B Member has been duly authorized to do so.

§5.4 No governmental authorization is or will be required in connection with the execution, delivery or performance by each Class B Member, or the consummation by it of the transactions contemplated by this Agreement or the Operating Agreement other than such authorizations previously disclosed to Class A Member, which authorizations have been duly issued and are in full force and effect.

§5.5 Each Class B Member has as of the Effective Date (i) valid, good and marketable title to all of their respective Property Contributions, and such Property Contributions are free and clear of all liens; and (ii) the unrestricted right to contribute, sell, transfer, assign, convey and deliver to the Company all right, title and interest in and to their respective Property Contributions without penalty or other adverse consequences.

§6. Mutuality of Consent.

Each party to this Agreement acknowledges that this Agreement and the Operating Agreement are the manifestation of direct negotiation, and each such agreement represents the mutual and voluntary consent and understanding of the parties hereto and thereto.

§7. Each Party Familiar with Operations of Other Party.

Each party to this Agreement acknowledges that it (i) is familiar with the operations of the other parties, (ii) has been provided access to all necessary financial records, statements, accounts or other materials of the other parties to the extent such party so requested, and (iii) is competent to evaluate the risks associated with the performance of its obligations under the Agreement.

§8. Governing Law.

This Agreement is to be governed by and interpreted and enforced in accordance with Delaware law without reference to the conflict of laws provisions thereof.

§9. Non-assignability.

This Agreement shall be binding upon and inure to the benefit of the parties and their respective successors and assigns; provided, however, that this Agreement, or any portion thereof, may not be assigned without the written consent of each non-assigning party, which consent shall not be unreasonably withheld.

§10. Severability.

If any provision of the Agreement is determined to be invalid or unenforceable, such invalidity or unenforceability shall not affect the remaining provisions of this Agreement.

§11. Entire Agreement.

This Agreement, together with the Operating Agreement, constitutes the entire understanding of the parties with respect to the subject matter hereof and supersedes all prior understandings, contracts and agreements between the parties.

§12. Amendment.

This Agreement may not be amended or modified without the written consent of each party hereto.

§13. Expenses.

Each party agrees to pay its respective expenses incurred with respect to this Agreement and the consummation of the transactions contemplated thereby.

§15. Defined Terms.

Capitalized terms used herein and not otherwise defined in this Agreement have the meanings given such terms in the Operating Agreement.

§16. Counterparts.

This Agreement may be executed in any number of counterparts, each of which shall be an original, but all of which together shall constitute one instrument.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, the undersigned have duly executed this Agreement of the date first written above.

Service Company Agreement-Utility [Execution Copy]

SERVICE AGREEMENT

This Service Agreement ("Agreement") is entered into as of the ~~25th~~ day of February, 2011, by and between each of the associate companies listed on the signature page hereto (each a "Client Company"), and FirstEnergy Service Company, an Ohio corporation ("Service Company").

WHEREAS, Service Company is a direct wholly-owned subsidiary of FirstEnergy Corp., a holding company under the Public Utility Holding Company Act of 2005, as amended (the "Act");

WHEREAS, Service Company has been formed for the purpose of providing administrative, management and other services to FirstEnergy Corp. and its associate companies, including Client Company (together, the "Client Companies"); and

WHEREAS, Client Company believes that it is in its interest to enter into an arrangement whereby Client Company may agree to purchase such administrative, management and other services from Service Company as Client Company may choose at cost as determined in accordance with this Agreement and the Act;

NOW, THEREFORE, in consideration of the mutual covenants contained herein and other valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto, intending to be legally bound, hereby agree as follows:

1. DESCRIPTION OF SERVICES.

Service Company agrees to provide certain administrative, management or other services (the "Services") to Client Company similar to those supplied to other Client Companies of Service Company. Such services are and will be provided to Client Company only at the request of Client Company. Exhibit A hereto lists and describes all of the Services that are available from Service Company.

2. PERSONNEL.

In order to provide the Services, Service Company will employ executive officers, accountants, financial advisers, technical advisers, attorneys and other persons with the necessary qualifications. If necessary, Service Company may also arrange for the services of nonaffiliated experts, consultants and attorneys in connection with the performance of any of the Services provided under this Agreement.

3. COMPENSATION AND ALLOCATION.

As and to the extent required by law, Service Company provides and will provide such services at fully allocated cost, determined in accordance with the Act. Exhibit A hereof contains rules for determining and allocating such costs.

4. TERMINATION AND MODIFICATION.

Either party to this Agreement may terminate this Agreement by providing 60 days written notice of such termination to the other party. This Agreement is subject to termination or modification at any time to the extent its performance may conflict with the provisions of the Act or with any rule, regulation or order of the Federal Regulatory Energy Commission (the "Commission") adopted before or after the making of this Agreement. This Agreement shall be subject to the approval of any state commission or other state regulatory body whose approval is, by the laws of said state, a legal prerequisite to the execution and delivery or the performance of this Agreement.

5. SERVICE REQUESTS.

Client Company and Service Company will prepare a Service Request on or before September 30th of each year listing Services to be provided to Client Company by Service Company and any special arrangements related to the provision of such Services for the coming year, based on Services provided during the preceding year. Client Company and Service Company may supplement the Service Request during the year to reflect any additional or special Services that Client Company wishes to obtain from Service Company, and the arrangements relating thereto.

6. BILLING AND PAYMENT.

Unless otherwise set forth in a Service Request, payment for Services provided by Service Company shall be by making remittance of the amount billed or by making appropriate accounting entries on the books of Client Company and Service Company. Billing will be made on a monthly basis, with the bill to be rendered as soon as practicable after the close of the month, and remittance or accounting entries completed within 30 days of billing. Any amount remaining unpaid after 30 days following receipt of the bill shall bear interest thereon from the due date of the bill until payment at a rate equal to the prime rate on the due date.

7. NOTICE.

Where written notice is required by this Agreement, all notices, consents, certificates, or other communications hereunder shall be in writing and shall be deemed given when mailed by United States registered or certified mail, postage prepaid, return receipt requested, addressed as follows:

Exhibit KJT-2 (REDLINE)

To Client Company: c/o President
76 South Main St.
Akron, Ohio 44308

To Service Company: c/o Vice President and Controller
76 South Main Street
Akron, Ohio 44308

8. GOVERNING LAW.

This Agreement shall be governed by and construed in accordance with the laws of the State of Ohio, without regard to its conflict of laws provisions.

9. MODIFICATION.

No amendment, change or modification to this Agreement shall be valid, unless made in writing and signed by both parties hereto.

10. ENTIRE AGREEMENT.

This Agreement, together with its exhibits, constitutes the entire understanding and agreement of the parties with respect to its subject matter, and effective upon the execution of this Agreement by the respective parties hereof, any and all prior agreements, understandings or representations with respect to this subject matter are hereby terminated and canceled in their entirety and are of no further force and effect, except to the extent transactions thereunder have taken place prior to such effective date in which case such agreements will govern the terms of such transactions.

11. WAIVER.

No waiver by either party hereto of a breach of any provision of this Agreement shall constitute a waiver of any preceding or succeeding breach of the same or any other provision hereof.

12. ASSIGNMENT.

This Agreement shall inure to the benefit and shall be binding upon the parties and their respective successors and assigns. No assignment of this Agreement or either party's rights, interests or obligations hereunder may be made without the other party's consent, which shall not be unreasonably withheld, delayed or conditioned.

13. SEVERABILITY.

If any provision or provisions of this Agreement shall be held by a court of competent jurisdiction to be invalid, illegal, or unenforceable, the validity, legality, and enforceability of the remaining provisions shall in no way be affected or impaired thereby.

Exhibit KJT-2 (REDLINE)

IN WITNESS WHEREOF, the parties have caused this Agreement to be duly executed effective as of the -~~25th~~-day of February, 2011. This Agreement supercedes any previous agreement between the Service Company and the Client Companies.

EXHIBIT A
DESCRIPTION OF SERVICES AND ALLOCATION METHODOLOGY

1. Description Of Services

Overview

This Exhibit provides a description of all services provided by Service Company departments and the cost allocation methodologies to be used in connection therewith. All products and services are subject to Service Level Standards as negotiated between the Service Company department and Client Company. Each Client Company is classified as either a "Utility Subsidiary" or a "Non-Utility Subsidiary".

2. Cost Allocation Methodology

Overview

The costs of services provided by Service Company will be directly assigned, distributed or allocated by activity, project, program, work order or other appropriate basis. The primary basis for charges to affiliates is the direct charge method. The methodologies listed below pertain to all other costs which are not directly assigned but which make up the fully allocated cost of providing the product or service. The costs of product and services provided by the ServeCo that cannot be charged directly to the Subsidiary receiving the product or service will be allocated among the associate companies by utilizing one of the methods described below that most accurately distributes the costs. The method of cost allocation varies based on the department rendering the service. The allocation methods used by Service Company are as follows:

a. "Multiple Factor - All" - For the Indirect Costs for products or services benefiting the entire FirstEnergy system, FirstEnergy and all Subsidiaries will bear a fair and equitable portion of such costs. FirstEnergy will bear 5% of these Indirect Costs. The remaining Indirect Costs will be allocated among the Utility Subsidiaries and the Non-Utility Subsidiaries benefiting from the services provided based on FirstEnergy's equity investment in the respective groups. A subsequent allocation step will then occur. Among the Utility Subsidiaries, allocations will be based upon the "Multiple Factor - Utility" method. Among the Non-Utility Subsidiaries, allocations will be based upon the "Multiple Factor - Non-Utility" method.

b. "Multiple Factor - Utility" - For the Indirect Costs for a product or service solely benefiting one or more of the Utility Subsidiaries, each such Utility Subsidiary so benefiting will be charged a portion of the Indirect Costs based on the sum of the weighted averages of the following factors:

1. Gross transmission and/or distribution plant.
2. Operating and maintenance expense excluding purchase power and fuel costs.

3. Transmission and/or distribution revenues, excluding transactions with affiliates

These three (3) factors have been determined to be the most appropriate for the Utility Subsidiaries in the FirstEnergy system. Each factor will be weighted equally so that no one facet of the electric utility operations inordinately influences the distribution of Indirect Costs.

c. "Multiple Factor - Non-Utility" - For the Indirect Costs for products or services solely benefiting the Non-Utility Subsidiaries, each Non-Utility Subsidiary so benefiting receiving the product or service will be charged a proportion of the Indirect Costs based upon the total assets of each Non-Utility Subsidiary, including the generating assets under operating leases from the Utility Subsidiaries.

d. "Multiple Factor - Utility and Non-Utility" - For the Indirect Costs for a product or service benefiting one or more of the Utility and Non-Utility Subsidiaries, each such Subsidiary so benefiting is first assigned a distribution ratio that is in proportion to the Indirect Costs based on FirstEnergy's equity investment in such Subsidiaries. Following this distribution, a subsequent allocation step will then occur. Among the Utility Subsidiaries, allocations will be based upon the "Multiple Factor-Utility." Among the Non-Utility Subsidiaries, allocations will be based upon "Multiple Factor - Non-Utility"

e. "Direct Charge Ratio" - The ratio of direct charges for a particular product or service to an individual Subsidiary as a percentage of the total direct charges for a particular product or service to all Subsidiaries benefiting from such services. Indirect Costs are then allocated to each Subsidiary based on the calculated ratios.

f. "Number of Customers Ratio" - For costs of products and services driven by the number of Utility customers, the allocation method that will be used will be the number of Utility customers for the respective Utility Subsidiary receiving the product or service divided by the total number of utility customers.

g. "Number of Shopping Customers Ratio" - A "shopping customer" is defined as a Utility customer who has selected a competitive electric generation supplier. For costs of products and services driven by the number of shopping customers, the allocation method that will be used will be the number of shopping customers for the respective Utility Subsidiary receiving the product or service divided by the total number of shopping customers.

Exhibit KJT-2 (REDLINE)

h. "Number of Participating Employees - General" - For costs of products and services driven by all participating employees within the FirstEnergy system, the allocation method that will be used will be the number of participating employees for the respective Subsidiary receiving the product or service divided by the total number of participating employees.

i. "Number of Participating Employees - Utility and Non-Utility" - For costs of products and services driven by participating employees who work for the Utility and Non-Utility Subsidiaries, the Subsidiaries receiving the product or service are first assigned a distribution ratio that is in proportion to the Indirect Costs based on FirstEnergy's equity investment in the respective groups. Costs are further allocated by using the number of participating employees for the respective Subsidiary divided by the total number of participating FirstEnergy employees.

j. "Gigabytes Used Ratio" - Number of gigabytes utilized by a Subsidiary receiving the product or service divided by the total number of gigabytes used by the FirstEnergy system companies applicable to that respective product or service.

k. "Number of Computer Workstations Ratio" - Number of computer workstations utilized by a Subsidiary receiving the product or service divided by the total number of computer workstations in use by the FirstEnergy system companies applicable to that respective product or service.

l. "Number of Billing Inserts Ratio" - Number of billing inserts performed for a Subsidiary receiving the product or service divided by the total number of billing inserts performed for the FirstEnergy system companies applicable to that respective product or service.

m. "Number of Invoices Ratio" - Number of invoices processed for a Subsidiary receiving the product or service divided by the total number of invoices processed for the FirstEnergy system companies applicable to that respective product or service.

n. "Number of Payments Ratio" - Number of monthly payments processed for a Subsidiary divided by the total monthly number of payments processed for the FirstEnergy system companies applicable to that respective product or service. This will not be utilized until some historical information is available out of our new automated system.

o. "Daily Print Volume" - Average daily print volume performed for a Subsidiary receiving the service divided by the total average daily print volume performed for the entire FirstEnergy system.

Exhibit KJT-2 (REDLINE)

p. "Number of Intel Servers" - Number of Intel servers utilized by a Subsidiary receiving the product or service divided by the total number of Intel servers utilized by the FirstEnergy system.

q. "Application Development Ratio" - Number of application development hours budgeted for a Subsidiary receiving the service divided by the total number of budgeted application development hours for the year.

r. "Server Support Composite" - The average ratio of unix gigabytes, SAP gigabytes and Intel number of servers for a Subsidiary receiving the service.

3. Descriptions of Products and Services

CALL CENTER

Product or Service	Product / Service Description	Indirect Allocation Methods
Field All Inbound Regulated Calls	Field calls related to billing, credit, new service, service order completion, outages, and other miscellaneous activities.	Multiple Factor – Utility and Non-Utility
Field All Inbound Unregulated Calls	Field calls related to billing, credit, new service, service order completion, outages, and other miscellaneous activities.	Multiple Factor – Utility and Non-Utility

CUSTOMER SERVICE

Product or Service	Product / Service Description	Indirect Allocation Methods
Supplier Services	Provide customer services support to electric generation suppliers, administer and maintain Electronic Data Interface (EDI) functions and invoice suppliers.	Number of Shopping Customers Ratio
Regulatory Interface and Process Improvement: Supplier	Liaison to ensure Customer Choice requirements and develop and execute plans to improve supplier services processes.	Number of Shopping Customers Ratio
Market Support Generation (MSG) Administration	Administer and support MSG supplier functions.	Number of Shopping Customers Ratio
Regulatory Interface and Process Improvement: Regulatory	Respond to regulatory complaints from customers and develop and execute plans to improve regulatory compliance processes.	Number of Customers Ratio
Compliance	Work with regions to communicate and ensure regulatory requirements.	Multiple Factor – Utility
Power Billing	Provide billing functions for large commercial/industrial contract customers.	Number of Customers Ratio
Revenue Reporting	Perform and manage revenue reporting functions.	Number of Customers Ratio
Billing Exception Processing	Process billing exceptions.	Number of Customers Ratio
Remittance Processing	Process customer payments and deposit funds.	Number of Payments Ratio
Human Services	Coordinate and administer the various social services programs.	Number of Customers Ratio

Exhibit KJT-2 (REDLINE)

Arrears Management/ Outsourcing Services Incorporated (OSI) Administration	Coordinate and perform arrears, credit and bankruptcy functions. Manage outside collections agencies' performance and OSI credit activities.	Number of Customers Ratio
Revenue Protection Administration	Perform revenue reporting and compliance functions.	Number of Customers Ratio
Metrics and Budget/ Customer Satisfaction Measurement	Manage Customer Services and Call Center Departments' budgets and measure performance and customer satisfaction results.	Number of Customers Ratio
Policy/Procedures Development and Documentation	Develop, document and communicate Customer Services policies and procedures.	Number of Customers Ratio
Bill Administration/ Forms Administration	Design standardized customer bills, envelopes, and forms.	Number of Customers Ratio
Meter Reading Support	Coordinate Meter Reading schedules and routing activities.	Number of Customers Ratio
Customer Information System (CIS) Control	Operate and maintain CIS.	Number of Customers Ratio

ECONOMIC DEVELOPMENT

Product or Service	Product / Service Description	Indirect Allocation Methods
Economic Development Services	Foster economic development to encourage capital investment in FirstEnergy's service areas.	Multiple Factor – Utility

TRANSMISSION & DISTRIBUTION TECHNICAL SERVICES

Product or Service	Product / Service Description	Indirect Allocation Methods
Forestry	Provide forestry services.	Multiple Factor – Utility
Distribution Reliability and Asset Records	Services include Joint User contracts, public works coordination, reliability reporting to regions and Public Utility Commissions, mutual assistance coordination, PowerOn support, cable locate ticket screening and tariff support.	Multiple Factor – Utility

Exhibit KJT-2 (REDLINE)

Design Standards	Services include line material and construction standards, distribution line and underground maintenance practices and support, new business process support, and service practices.	Multiple Factor – Utility
Substation Services Support	Services include Substation maintenance plan coordination, practices and support, mobile substation administration and planning, and environmental compliance support.	Multiple Factor – Utility
Equipment Repair/Testing Services	Services include the maintenance, installation, maintenance, testing and repair of utility equipment.	Multiple Factor – Utility
Fleet Services	Develop fleet strategy, and perform fleet maintenance practices and support.	Multiple Factor – Utility
Financial Services	Identify revenue enhancements and cost reductions.	Multiple Factor – Utility
Substation Design and Transmission-Line Maintenance Support	Perform substation and transmission line design and project management and transmission line and substation design and material standards, right-of-way and survey services, transmission line maintenance plan coordination, practices and support; FAA activity coordination.	Multiple Factor – Utility
Planning and Protection	Perform planning and protection support for subtransmission system and overall radial system capacity planning overview, and interconnection coordination for distributed technology applications on distribution system.	Multiple Factor – Utility
Capital Budget and Equipment Support	Capital budget development and support, and major equipment specifications and procurement/repair activities for major equipment.	Multiple Factor – Utility

Exhibit KJT-2 (REDLINE)**WORKFORCE DEVELOPMENT**

Product or Service	Product / Service Description	Indirect Allocation Methods
Transmission and Distribution Skills Training	Develop and facilitate technical and safety training for workers associated with distribution activities, including line, substation, meter, fleet, warehouse, field engineering, and dispatch. Provide support through equipment evaluation, training analyses, job assessments, and project coordination.	Number of Participating Employees – General
Customer Service Skills Training	Develop and facilitate skills training for customer service groups.	Multiple Factor – Utility
External Learning Opportunities Through the Power Systems Institute	Develop educational partnerships with colleges to offer two-year degrees in electric utility technology.	Multiple Factor – Utility

ADMINISTRATIVE SERVICES

Product or Service	Product / Service Description	Indirect Allocation Methods
Provide Administrative Support Services	Provides services in production printing, document imaging, graphic services, food services, corporate mailroom and corporate courier.	Multiple Factor – Utility and Non-Utility or Multiple Factor Utility*
Provide Records Management Services	Provides services in records storage, records retrieval, records retention, records planning and engineering records.	Multiple Factor – Utility and Non-Utility or Multiple Factor Utility*
Provide Business Services	Provides services in convenience copiers, fax machines, pagers, printers, and business information center.	Multiple Factor – Utility and Non-Utility or Multiple Factor Utility*

* For services rendered only to the utilities.

Exhibit KJT-2 (REDLINE)

EXECUTIVE

Product or Service	Product / Service Description	Indirect Allocation Methods
Executive Management	Consultation and services in management and administration of all aspects of the business.	Multiple Factor – All

COMMUNICATIONS

Product or Service	Product / Service Description	Indirect Allocation Methods
Public Relations	Provides services in media relations, financial communications, annual reports, executive presentation, public relations, counsel, corporate writing, internet support and special projects.	Multiple Factor – All
Employee Communications	Provides services with update, retirees, satellite broadcast, human resource-related communications and special projects.	Number of Participating Employees – Utility and Non-Utility
Production	Provides services related to display, photography, Corporate ID, video and employee merchandise.	Multiple Factor – All
Sponsorship	Provides services related to sports marketing, university support and special projects.	Multiple Factor – All
Non-Utility Advertising	Provides services related to broadcast/print, collateral, direct mail, internet/intranet, display/merchandise, yellow/white pages, production/agency support and special projects.	Multiple Factor – Non-Utility
Utility Advertising	Provides services related to TV, radio, print, outdoors, Internet/Intranet, special projects, production, agency support and creative media placement.	Multiple Factor – Utility
Utility Bill Inserts	Provides services developing regulated bill service to Ohio, Pennsylvania and New Jersey.	Multiple Factor – Utility
Utility : Yellow / White Pages	Provides services with regulated yellow/white pages.	Multiple Factor – Utility
Utility: Research	Provides research services.	Multiple Factor – Utility
Ohio Consumer Education	Provides services related to Ohio Consumer Education statewide and locally.	Multiple Factor – Utility
Ohio Deregulation Education	Provides service related to Deregulation Education.	Multiple Factor – Utility

Exhibit KJT-2 (REDLINE)

CORPORATE AFFAIRS AND COMMUNITY INVOLVEMENT

Product or Service	Product / Service Description	Indirect Allocation Methods
Corporate Affairs Activities	Provide administrative support through oversight of the business practices and planning and implementation of staff, senior management and related meetings. Serves as community liaison.	Multiple Factor – Utility
Direct Community Involvement Initiatives	Provides direction in employee volunteerism, supports viable community partnerships and educational initiatives.	Multiple Factor – Utility
Energy Efficiency Programs	Directing and coordinating Ohio Weatherization and Energy Efficiency Programs for Low Income Customers.	Multiple Factor – Utility
Community Initiatives Consulting Services	Consults to regional operations and other business units and client managers for the various community programs.	Multiple Factor – Utility
Contributions Management	Directs, coordinates, monitors, and manages contributions.	Multiple Factor – Utility

CORPORATE

Product or Service	Product / Service Description	Indirect Allocation Methods
Investor Services	Stock administration, perform recordkeeping, transfer agent, registrar, paying agent, reinvestment plan administration and other services for shareholders.	None (All Direct Charge to Holding Co.)
Board of Directors Support	Support and administration of Board of Directors meetings and director compensation.	None (All Direct Charge to Holding Co.)
Annual Meeting Coordination	Coordinate the Annual Meeting of Shareholders, including the preparation and mailing of proxy materials and annual reports and the tabulation of proxies.	None (All Direct Charge to Holding Co.)
Indenture Compliance	Administer the company's indentures	Multiple Factor – Utility

Exhibit KJT-2 (REDLINE)**HUMAN RESOURCES**

Product or Service	Product / Service Description	Indirect Allocation Methods
Manage Employee Executive Compensation and Benefits	Provide management and supervision for employee and executive compensation and benefits.	Number of Participating Employees – General
Manage Workers Compensation and Disability Management	Provide management and supervision for workers compensation and disability programs.	Number of Participating Employees – General
Provide and Coordinate Human Resources Training	Design, prepare and conduct training.	Number of Participating Employees – General
Provide Employment Services	Provide staffing, relocation and employment expertise.	Number of Participating Employees – General
Provide HRIS Services.	Provide and maintain Human Resources information.	Number of Participating Employees – General
Provide Diversity Management Services	Manage Affirmative Action programs, provide EEO/AA consulting services, and respond to charges.	Number of Participating Employees – General
Manage/ Administer Medical Services and Wellness Programs	Establish compliance, develop, implement, and administer medical and wellness programs.	Number of Participating Employees – General

INDUSTRIAL RELATIONS

Product or Service	Product / Service Description	Indirect Allocation Methods
Provide Labor Contract Negotiations	Provide contract negotiation services for all labor agreements.	Number of Participating Employees – General
Provide Labor Consulting Services	Provide labor consulting services.	Number of Participating Employees – General
Manage/Administer Safety Programs	Develop, implement and administer occupational safety programs.	Number of Participating Employees – General

Exhibit KJT-2 (REDLINE)

REAL ESTATE

Product or Service	Product / Service Description	Indirect Allocation Methods
Facilities Management	Management and maintenance of office facilities.	Multiple Factor -- All or Multiple Factor Utility*
Facilities Planning and Project Management	Manage office design services, furniture, project management and other capital improvements.	Multiple Factor -- All or Multiple Factor Utility*
Management of Real Estate Assets	Support internal and external inquiries regarding the acquisition, divestiture and management of real estate assets	Multiple Factor -- All or Multiple Factor Utility*
Manage/Administer Security Programs	Administer physical security, special investigations, security audits, security consultation and contract guard services.	Multiple Factor -- All or Multiple Factor Utility*

* For services rendered only to the utilities.

FIRSTENERGY TECHNOLOGIES

Product or Service	Product / Service Description	Indirect Allocation Methods
Strategic Technologies	Develop, support and implement BPRI programs, industry initiatives, research and development programs, collaboratives and activities with universities, labs and the Department of Energy.	Multiple Factor -- Utility
New Technology Assessment	Perform assessment activities for strategic technology pilots, technology assessments, marketing tests, customer pilots and due diligence reviews.	Multiple Factor -- Utility and Non-Utility
Technical Application and Product Innovation	Develop, analyze and support strategic alliances, joint ventures, strategic startups, direct investments and Portfolio initiatives.	Multiple Factor -- Utility and Non-Utility
New Technology and Product Market Deployment	Develop, support and implement the following initiatives: tailored solutions with existing products, commercial packages, operational efficiencies and business area solutions.	Multiple Factor -- Utility and Non-Utility
Demand Response Initiatives	Provide support for corporate demand response initiatives.	Multiple Factor -- Utility and Non-Utility
Renewable Energy Program and Strategy	Provide support for various corporate and regulatory initiatives to develop and implement renewable energy programs and products.	Multiple Factor -- Utility

Exhibit KJT-2 (REDLINE)

Regulated Programs and Services	Develop, support and implement programs and strategies to meet corporate initiatives and regulatory mandates and commitments related to Comprehensive Resource Assessment(CRA), customer end-use technology, distributed generation and load management.	Multiple Factor – Utility
Project Implementation Management Services	Develop and implement end-use and distributed generation technology-based products and services.	Multiple Factor – Utility and Non-Utility

TECHNOLOGY & SUPPORT SERVICES

Product or Service	Product / Service Description	Indirect Allocation Methods
Provide Network Services	Provide Internal Network Services.	Multiple Factor – Utility and Non-Utility
Maintain wireless cell sites and fiber optics network	Maintain internal wireless cell sites and fiber optic network; provide engineering, procurement, and installation services.	Multiple Factor – Utility and Non-Utility

INFORMATION TECHNOLOGY

Product or Service	Product / Service Description	Indirect Allocation Methods
Application Development	Create new or enhance existing applications; including analysis design coding, testing, system integration, and implementation, as well as any required technical writing or project manual development.	Directly Billed
Development Supervision and Tool Support	Supervision of application development employees and the support of development software tools.	Application Development Ratio
Server Support (Unix, SAP)	Create and support the network and server infrastructure to accommodate unix and SAP client server applications.	Gigabytes Used Ratio
Client Server Storage Support	Support of storage requirements for all server applications.	Server Support Composite Ratio
Server Support (Intel)	Create and support the network and server infrastructure to accommodate windows and NT client server applications.	Number of Intel Servers Ratio
Mainframe Processing and Storage Support	Execute mainframe applications, including an appropriate portion of support, started tasks, mainframe backups and microfiche services.	Gigabytes Used Ratio

Exhibit KJT-2 (REDLINE)

Desktop Support	Help desk email and end-user tools, remote access, repair services, and general workstation support.	Number of Computer Workstations Ratio
Network Services	Includes voice, data, EMS and radio access.	Direct Charge Ratio
Inserting Services	Provide document bursting, inserting and mailing.	Number of Billing Inserts Ratio
Printing Services	Provide mainframe and client server printing services at the data center.	Daily Print Volume Ratio
Technical Consulting	Provide consulting support to departments and end-users to enable them to leverage their IT capabilities. Provide advice and consultation regarding desktop setups and configurations.	Directly Billed
Training	Provide IT training.	Multiple Factor – Utility and Non-Utility
Business Application Support	Support business application related software licenses and / or hardware maintenance provided by an outside vendor.	Directly Billed
Data Security	Disaster recovery and data security services.	Multiple Factor – Utility and Non-Utility
Project Management Office	Oversee technology projects through benefit.	Multiple Factor – Utility and Non-Utility
Provide Telecommunication Services	Provide telecommunication services and equipment.	Direct Charge Ratio
Portal Support	Support the infrastructure to accommodate internet and intranet application access.	Multiple Factor – Utility and Non-Utility

PERFORMANCE PLANNING

Product or Service	Product / Service Description	Indirect Allocation Methods
Performance Planning Services	Develop, support and execute performance planning services.	Multiple Factor – All

Exhibit KJT-2 (REDLINE)

SUPPLY CHAIN

Product or Service	Product / Service Description	Indirect Allocation Methods
Strategic Planning, Demand management and Procurement Projects	Provide assistance in materials and services planning (demand management) and performs special procurement projects.	Multiple Factor – Utility and Non-Utility
Goods and services procurement	Procure material, equipment and contractor services. Establish, manage and administer programs, which allow internal customers to obtain goods without having to process the need through Procurement. Develop specifications, construction standards, schedules, and bills of materials.	Multiple Factor – Utility and Non-Utility
Materials Management Support	Maintain the computerized purchasing and materials management systems, and material related modules; maintain and/or modify select management reports. Analyze Supply Chain processes and measure performance. Monitor and forecast demand to ensure a continuous supply of materials.	Multiple Factor – Utility and Non-Utility
Investment Recovery Projects	Develop and implement plans for disposition of surplus assets.	Multiple Factor – Utility and Non-Utility
Process, Refurbish and Sell Materials	Perform recovery processing, investment recovery processing, refurbishing and selling materials.	Multiple Factor – Utility and Non-Utility
Provide Warehousing Services - Non-nuclear	Receive and place material into stock, insure quality requirements are met at receipt, maintain inventory counts, and update information systems. Fill customer requests for material from stock.	Multiple Factor – Utility and Non-Utility
Provide Warehousing Services - Nuclear	Receive and place material into stock, insure quality requirements are met at receipt, maintain inventory counts, and update information systems. Fill customer requests for material from stock.	None (All direct charged)
Warehousing Space Charge	Provide warehousing space to internal customers.	Multiple Factor – Utility and Non-Utility

Exhibit KJT-2 (REDLINE)

CONTROLLERS

Product or Service	Product / Service Description	Indirect Allocation Methods
Accounting Research	Provide accounting research and consulting to ensure compliance with existing and proposed financial reporting, and regulatory accounting requirements.	Multiple Factor - All
Accounts Payable	Nonpayroll corporate disbursement services including account distribution to the general ledger. Resolve problems associated with invoice processing and maintain the accounts payable system.	Multiple Factor - All
Billing Services	Prepare non-retail electric billings.	Multiple Factor Utility
Infrastructure and Corporate Reporting, Accounting and Budgeting	Prepare Corporate Sustaining reports, subsidiary accounting and corporate budgeting, which includes reporting and support of the ledger, property records and SAP system.	Multiple Factor - All
Due Diligence	Assist value centers to determine whether proposed business acquisitions/combinations and similar transactions are desirable from a financial perspective; extensive review/analysis following preliminary review and firm intent to proceed with transaction through commitment and closing phases.	None (All direct charged)
Value Center Accounting and Budgeting	Maintain the property accounting system and provide value center accounting such as management reporting.	Multiple Factor -- Utility and Non-Utility
Property Record Maintenance	Maintain corporate continuing property records.	Multiple Factor -- Utility and Non-Utility or Multiple Factor Utility*
Tax Consulting and Research	Conduct tax research and tax consulting to assure compliance with statutes, while evaluating alternative tax strategies within the constraints of regulations that provide additional shareholder value to the company. In addition, provide tax-consulting advice to the value centers on tax compliance and reporting issues, which includes business "start-up" support to organizations requiring assistance.	Multiple Factor -- All

* For services rendered only to the utilities.

Exhibit KJT-2 (REDLINE)

Tax Compliance	Prepare and process all schedules and information associated with corporate and subsidiary tax returns, audits, and tax litigation, assuring compliance with tax regulations and statues.	Multiple Factor – All or Multiple Factor Utility*
----------------	---	---

* For services rendered only to the utilities.

CREDIT MANAGEMENT

Product or Service	Product / Service Description	Indirect Allocation Methods
Credit Analysis and Supporting Functions	Provide detailed written credit analysis issuing recommendations on counterparty creditworthiness and assigning credit limits.	Multiple Factor – Utility and Non-Utility
Credit Policies and Procedures	Develop and support credit policies and procedures for managing credit risk. Implement and support standardized credit approval processes.	Multiple Factor – Utility and Non-Utility
Credit Management Information System	Develop and support credit management reports and calculate credit exposure on a corporate wide basis.	Multiple Factor - All

ENTERPRISE RISK MANAGEMENT

Product or Service	Product / Service Description	Indirect Allocation Methods
General Risk Management	Develop and maintain an enterprise risk management system.	Multiple Factor - All

INSURANCE SERVICES

Product or Service	Product / Service Description	Indirect Allocation Methods
Insurance Policies	Manage and support insurance policies for all the business units.	Multiple Factor – Utility and Non-Utility
Loss Control Services	Manage and support property inspections to prevent losses.	Multiple Factor – Utility and Non-Utility
Surety Bonds	Manage and support Surety Bonds.	Multiple Factor – Utility and Non-Utility
Risk Transfer and Risk Mitigation Services	Manage and support risk transfer and risk mitigation services.	Multiple Factor – Utility and Non-Utility
Ancillary Coverages	Manage and support ancillary coverages.	None (All direct charged)

Exhibit KJT-2 (REDLINE)

INTERNAL AUDIT

Product or Service	Product / Service Description	Indirect Allocation Methods
Audit Services	Perform the following internal audit services based on risk levels and / or requests: financial, performance analysis, safeguarding of assets, computer-related and fraud investigations.	Multiple Factor -- All or Multiple Factor -- Utility*

INVESTMENT MANAGEMENT

Product or Service	Product / Service Description	Indirect Allocation Methods
Qualified and Non-qualified Pension and Savings Plan	Establish and implement investment policy and asset allocation strategy and monitor investment performance.	Number of Participating Employees -- Utility and Non-Utility
FirstEnergy Foundation	Establish and implement investment policy and asset allocation strategy and monitor investment performance.	Multiple Factor - All
Voluntary Employee Benefit Association (VEBA) Trust	Establish and implement investment policy and asset allocation strategy and monitor investment performance.	Number of Participating Employees -- Utility and Non-Utility
Nuclear Decommissioning	Establish and implement investment policy and asset allocation strategy and monitor investment performance.	None (All direct charged)
Non-Utility Generator Trust	Establish and implement investment policy and asset allocation strategy and monitor investment performance.	Multiple Factor -- Non-Utility
Spent Nuclear Fuel	Establish and implement investment policy and asset allocation strategy and monitor investment performance.	None (All direct charged)
Low-Income Housing Tax Credit Partnership	Establish and implement investment policy and asset allocation strategy and monitor investment performance.	Multiple Factor - All

INVESTOR RELATIONS

Product or Service	Product / Service Description	Indirect Allocation Methods
Investor Information	Compile and communicate information to investors.	Multiple Factor -- Utility* or Direct Charge to Holding Co.
Investor Education	Target and educate potential investors to promote FirstEnergy's valuation characteristics and business strategy.	None (All Direct Charge to Holding Co.)

* For services rendered only to the utilities.

Regulations Compliance	Ensure compliance with SEC Fair Disclosure regulations.	Multiple Factor - All
------------------------	---	-----------------------

Exhibit KJT-2 (REDLINE)

FirstEnergy Management Education	Provide education to management of business concerns and valuation issues of analyst/investors	Multiple Factor – All
FirstEnergy Employee Education	Actively promote understanding of financial and investor relations' issues.	Multiple Factor – All

RATES AND REGULATORY AFFAIRS

Product or Service	Product / Service Description	Indirect Allocation Methods
Regulatory Activities and Consulting	Manage regulatory activities and interfaces, including tariff development and interpretation. Monitor and participate in regulatory affairs at the local, state and federal levels.	Multiple Factor – Utility
Customer Pricing and Contracting	Develop pricing programs for regulated electric service for retail and wholesale customers, including “unbundled” costs and prices for generation, transmission and distribution service and support justification to regulators. Provide support in developing pricing for special-purpose customer programs and non-regulated energy services (e.g. prepayment, economic development, interruptible load, conjunctive-billing electric service programs).	Multiple Factor – Utility
Billing Support	Provide assistance calculating customer (external and internal) invoices and operate and maintain systems to render, collect and account for these invoices.	Multiple Factor – Utility
Sales and Load Forecasting	Develop short-term and long-term sales forecast, peak load projections and customer counts	Multiple Factor – Utility and Non-Utility

TREASURY

Product or Service	Product / Service Description	Indirect Allocation Methods
Capital Structure Management and Administration	Perform all activities related to acquiring capital and establish and administer funding, legal documentation, and record-keeping activities associated with finance programs	Multiple Factor – All
Corporate Funds Management	Plan, manage, and operate the corporate “cash-flow-cycle.”	Multiple Factor – All
Corporate Forecasting	Provide regulatory support, strategy support, financial modeling and forecasting, financial and economic analysis and development of annual corporate KPI target.	Multiple Factor – All

Exhibit KJT-2 (REDLINE)

Capital Project Evaluation and Support	Provide analytical support in the areas of financing, profitability, capital structure and cash flow.	Multiple Factor – Utility and Non-Utility
Investor Relations Activities	Provide institutional and retail security holder, buy and sell-side analysts, rating agencies, and other key members of the financial community with qualitative and quantitative information.	Multiple Factor – All

BUSINESS DEVELOPMENT

Product or Service	Product / Service Description	Indirect Allocation Methods
Mergers and Acquisitions Support	Support, evaluate and assist in the management of merger, asset acquisition and asset disposition activities.	None (All direct charged)
Internal Consulting	Perform strategic analysis/business fit, and economic analysis. Provide integration and transitional management services as needed.	None (All direct charged)

GOVERNMENTAL AFFAIRS

Product or Service	Product / Service Description	Indirect Allocation Methods
Federal Governmental Affairs Support	Activities associated with developing and maintaining relationships with federal government institutions; includes lobbying, and other support activities.	None (All direct charged)
State Governmental Affairs Support	Activities associated with developing and maintaining relationships with state government institutions; includes lobbying, and other support activities.	None (All direct charged)

LEGAL

Product or Service	Product / Service Description	Indirect Allocation Methods
Provide Governmental Affairs Support	Activities associated with developing and maintaining relationships with government institutions; includes lobbying, litigation, and other support activities.	None (All direct charged)
Nuclear Legal Consultation and Case Management	Provide legal advice for federal and state nuclear matters.	None (All direct charged)
Human Resources Legal Consultation & Case Management	Provide legal advice for human resource matters (including workers compensation, union negotiations, arbitrations, class action lawsuits, etc.).	Multiple Factor – Utility and Non-Utility

Exhibit KJT-2 (REDLINE)

Product or Service	Product / Service Description	Indirect Allocation Methods
Employee Benefits Legal Consultation & Case Management	Provide legal advice for employee benefits matters (including health and welfare benefits, tax-qualified and non-tax qualified benefit plans and programs, pension administration, etc.).	Number of Participating Employees – Utility and Non-Utility
Tax Legal Consultation & Case Management	Provide legal advice for tax matters including federal, state & local tax matters (land tax, sales & use tax, IRS, etc.).	Multiple Factor – All
Bankruptcy Legal Consultation & Case Management	Provide legal advice for bankruptcy matters.	Multiple Factor – Utility and Non-Utility
International Legal Consultation & Case Management	Provide legal advice for international matters – contract negotiations, sale/lease agreements.	None (All direct charged)
Non-Utility Legal Consultation & Case Management	Provide legal advice on federal and state matters to Non-Utility Subsidiaries.	Multiple Factor – Non-Utilities
Regulatory Legal Consultation & Case Management	Provide legal advice for federal and state regulatory matters.	Multiple Factor – Utility
Environmental Legal Consultation & Case Management	Provide legal advice for environmental matters (other than PCB – related matters) - federal (EPA) and state (BPA), regulatory/legislative compliance issues.	None (All direct charged)
PCB Environmental Legal Consultation & Case Management	Provide legal advice for PCB-related matters - federal (EPA) and state (EPA), regulatory/legislative compliance issues.	Multiple Factor – Utility
Real Estate Legal Consultation & Case Management	Provide legal advice for real estate matters.	Multiple Factor – Utility and Non-Utility
Corporate Legal Consultation & Case Management	Provide legal advice for general corporate and transactional matters (including SEC filings, Board of Directors matters, PUHCA, Financings, Securities Matters, Intellectual Property, Technology, General Counsel matters, etc.).	Multiple Factor – All
Claims Legal Consultation & Case Management	Provide legal advice for Claims matters.	Multiple Factor – All

CLAIMS:

Product or Service	Product / Service Description	Indirect Allocation Methods
--------------------	-------------------------------	-----------------------------

Exhibit KJT-2 (REDLINE)

Process Receivable Claims	Provide management, supervision, and performance of tasks associated with the resolution and chargeback of receivable claims.	Multiple Factor - All
Provide Corporate Support	Claims support in evaluating claims, and procuring appropriate external/internal legal resources.	Multiple Factor - All

Service Company Agreement-Utility [Execution Copy]

SERVICE AGREEMENT

This Service Agreement ("Agreement") is entered into as of the ____ day of _____, _____, by and between each of the associate companies listed on the signature page hereto (each a "Client Company"), and FirstEnergy Service Company, an Ohio corporation ("Service Company").

WHEREAS, Service Company is a direct wholly-owned subsidiary of FirstEnergy Corp., a holding company under the Public Utility Holding Company Act of 2005, as amended (the "Act");

WHEREAS, Service Company has been formed for the purpose of providing administrative, management and other services to FirstEnergy Corp. and its associate companies, including Client Company (together, the "Client Companies"); and

WHEREAS, Client Company believes that it is in its interest to enter into an arrangement whereby Client Company may agree to purchase such administrative, management and other services from Service Company as Client Company may choose at cost as determined in accordance with this Agreement and the Act;

NOW, THEREFORE, in consideration of the mutual covenants contained herein and other valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto, intending to be legally bound, hereby agree as follows:

1. DESCRIPTION OF SERVICES.

Service Company agrees to provide certain administrative, management or other services (the "Services") to Client Company similar to those supplied to other Client Companies of Service Company. Such services are and will be provided to Client Company only at the request of Client Company. Exhibit A hereto lists and describes all of the Services that are available from Service Company.

2. PERSONNEL.

In order to provide the Services, Service Company will employ executive officers, accountants, financial advisers, technical advisers, attorneys and other persons with the necessary qualifications. If necessary, Service Company may also arrange for the services of nonaffiliated experts, consultants and attorneys in connection with the performance of any of the Services provided under this Agreement.

3. COMPENSATION AND ALLOCATION.

As and to the extent required by law, Service Company provides and will provide such services at fully allocated cost, determined in accordance with the Act. Exhibit A hereof contains rules for determining and allocating such costs.

4. TERMINATION AND MODIFICATION.

Either party to this Agreement may terminate this Agreement by providing 60 days written notice of such termination to the other party. This Agreement is subject to termination or modification at any time to the extent its performance may conflict with the provisions of the Act or with any rule, regulation or order of the Federal Regulatory Energy Commission (the "Commission") adopted before or after the making of this Agreement. This Agreement shall be subject to the approval of any state commission or other state regulatory body whose approval is, by the laws of said state, a legal prerequisite to the execution and delivery or the performance of this Agreement.

5. SERVICE REQUESTS.

Client Company and Service Company will prepare a Service Request on or before September 30th of each year listing Services to be provided to Client Company by Service Company and any special arrangements related to the provision of such Services for the coming year, based on Services provided during the preceding year. Client Company and Service Company may supplement the Service Request during the year to reflect any additional or special Services that Client Company wishes to obtain from Service Company, and the arrangements relating thereto.

6. BILLING AND PAYMENT.

Unless otherwise set forth in a Service Request, payment for Services provided by Service Company shall be by making remittance of the amount billed or by making appropriate accounting entries on the books of Client Company and Service Company. Billing will be made on a monthly basis, with the bill to be rendered as soon as practicable after the close of the month, and remittance or accounting entries completed within 30 days of billing. Any amount remaining unpaid after 30 days following receipt of the bill shall bear interest thereon from the due date of the bill until payment at a rate equal to the prime rate on the due date.

7. NOTICE.

Where written notice is required by this Agreement, all notices, consents, certificates, or other communications hereunder shall be in writing and shall be deemed given when mailed by United States registered or certified mail, postage prepaid, return receipt requested, addressed as follows:

To Client Company: c/o President
76 South Main St.
Akron, Ohio 44308

To Service Company: c/o Vice President and Controller
76 South Main Street
Akron, Ohio 44308

8. GOVERNING LAW.

This Agreement shall be governed by and construed in accordance with the laws of the State of Ohio, without regard to its conflict of laws provisions.

9. MODIFICATION.

No amendment, change or modification to this Agreement shall be valid, unless made in writing and signed by both parties hereto.

10. ENTIRE AGREEMENT.

This Agreement, together with its exhibits, constitutes the entire understanding and agreement of the parties with respect to its subject matter, and effective upon the execution of this Agreement by the respective parties hereof, any and all prior agreements, understandings or representations with respect to this subject matter are hereby terminated and canceled in their entirety and are of no further force and effect, except to the extent transactions thereunder have taken place prior to such effective date in which case such agreements will govern the terms of such transactions.

11. WAIVER.

No waiver by either party hereto of a breach of any provision of this Agreement shall constitute a waiver of any preceding or succeeding breach of the same or any other provision hereof.

12. ASSIGNMENT.

This Agreement shall inure to the benefit and shall be binding upon the parties and their respective successors and assigns. No assignment of this Agreement or either party's rights, interests or obligations hereunder may be made without the other party's consent, which shall not be unreasonably withheld, delayed or conditioned.

13. SEVERABILITY.

If any provision or provisions of this Agreement shall be held by a court of competent jurisdiction to be invalid, illegal, or unenforceable, the validity, legality, and enforceability of the remaining provisions shall in no way be affected or impaired thereby.

Exhibit KJT-2 (CLEAN)

IN WITNESS WHEREOF, the parties have caused this Agreement to be duly executed effective as of the ___ day of _____, _____. This Agreement supercedes any previous agreement between the Service Company and the Client Companies.

EXHIBIT A
DESCRIPTION OF SERVICES AND ALLOCATION METHODOLOGY

1. Description Of Services

Overview

This Exhibit provides a description of all services provided by Service Company departments and the cost allocation methodologies to be used in connection therewith. All products and services are subject to Service Level Standards as negotiated between the Service Company department and Client Company. Each Client Company is classified as either a "Utility Subsidiary" or a "Non-Utility Subsidiary".

2. Cost Allocation Methodology

Overview

The costs of services provided by Service Company will be directly assigned, distributed or allocated by activity, project, program, work order or other appropriate basis. The primary basis for charges to affiliates is the direct charge method. The methodologies listed below pertain to all other costs which are not directly assigned but which make up the fully allocated cost of providing the product or service. The costs of product and services provided by the ServeCo that cannot be charged directly to the Subsidiary receiving the product or service will be allocated among the associate companies by utilizing one of the methods described below that most accurately distributes the costs. The method of cost allocation varies based on the department rendering the service. The allocation methods used by Service Company are as follows:

a. "Multiple Factor - All" - For the Indirect Costs for products or services benefiting the entire FirstEnergy system, FirstEnergy and all Subsidiaries will bear a fair and equitable portion of such costs. FirstEnergy will bear 5% of these Indirect Costs. The remaining Indirect Costs will be allocated among the Utility Subsidiaries and the Non-Utility Subsidiaries benefiting from the services provided based on FirstEnergy's equity investment in the respective groups. A subsequent allocation step will then occur. Among the Utility Subsidiaries, allocations will be based upon the "Multiple Factor - Utility" method. Among the Non-Utility Subsidiaries, allocations will be based upon the "Multiple Factor - Non-Utility" method.

b. "Multiple Factor - Utility" - For the Indirect Costs for a product or service solely benefiting one or more of the Utility Subsidiaries, each such Utility Subsidiary so benefiting will be charged a portion of the Indirect Costs based on the sum of the weighted averages of the following factors:

1. Gross transmission and/or distribution plant.
2. Operating and maintenance expense excluding purchase power and fuel costs.

3. Transmission and/or distribution revenues, excluding transactions with affiliates

These three (3) factors have been determined to be the most appropriate for the Utility Subsidiaries in the FirstEnergy system. Each factor will be weighted equally so that no one facet of the electric utility operations inordinately influences the distribution of Indirect Costs.

c. "Multiple Factor - Non-Utility" - For the Indirect Costs for products or services solely benefiting the Non-Utility Subsidiaries, each Non-Utility Subsidiary so benefiting receiving the product or service will be charged a proportion of the Indirect Costs based upon the total assets of each Non-Utility Subsidiary, including the generating assets under operating leases from the Utility Subsidiaries.

d. "Multiple Factor - Utility and Non-Utility" - For the Indirect Costs for a product or service benefiting one or more of the Utility and Non-Utility Subsidiaries, each such Subsidiary so benefiting is first assigned a distribution ratio that is in proportion to the Indirect Costs based on FirstEnergy's equity investment in such Subsidiaries. Following this distribution, a subsequent allocation step will then occur. Among the Utility Subsidiaries, allocations will be based upon the "Multiple Factor-Utility." Among the Non-Utility Subsidiaries, allocations will be based upon "Multiple Factor - Non-Utility"

e. "Direct Charge Ratio" - The ratio of direct charges for a particular product or service to an individual Subsidiary as a percentage of the total direct charges for a particular product or service to all Subsidiaries benefiting from such services. Indirect Costs are then allocated to each Subsidiary based on the calculated ratios.

f. "Number of Customers Ratio" - For costs of products and services driven by the number of Utility customers, the allocation method that will be used will be the number of Utility customers for the respective Utility Subsidiary receiving the product or service divided by the total number of utility customers.

g. "Number of Shopping Customers Ratio" - A "shopping customer" is defined as a Utility customer who has selected a competitive electric generation supplier. For costs of products and services driven by the number of shopping customers, the allocation method that will be used will be the number of shopping customers for the respective Utility Subsidiary receiving the product or service divided by the total number of shopping customers.

Exhibit KJT-2 (CLEAN)

h. "Number of Participating Employees - General" - For costs of products and services driven by all participating employees within the FirstEnergy system, the allocation method that will be used will be the number of participating employees for the respective Subsidiary receiving the product or service divided by the total number of participating employees.

i. "Number of Participating Employees - Utility and Non-Utility" - For costs of products and services driven by participating employees who work for the Utility and Non-Utility Subsidiaries, the Subsidiaries receiving the product or service are first assigned a distribution ratio that is in proportion to the Indirect Costs based on FirstEnergy's equity investment in the respective groups. Costs are further allocated by using the number of participating employees for the respective Subsidiary divided by the total number of participating FirstEnergy employees.

j. "Gigabytes Used Ratio" - Number of gigabytes utilized by a Subsidiary receiving the product or service divided by the total number of gigabytes used by the FirstEnergy system companies applicable to that respective product or service.

k. "Number of Computer Workstations Ratio" - Number of computer workstations utilized by a Subsidiary receiving the product or service divided by the total number of computer workstations in use by the FirstEnergy system companies applicable to that respective product or service.

l. "Number of Billing Inserts Ratio" - Number of billing inserts performed for a Subsidiary receiving the product or service divided by the total number of billing inserts performed for the FirstEnergy system companies applicable to that respective product or service.

m. "Number of Invoices Ratio" - Number of invoices processed for a Subsidiary receiving the product or service divided by the total number of invoices processed for the FirstEnergy system companies applicable to that respective product or service.

n. "Number of Payments Ratio" - Number of monthly payments processed for a Subsidiary divided by the total monthly number of payments processed for the FirstEnergy system companies applicable to that respective product or service. This will not be utilized until some historical information is available out of our new automated system.

o. "Daily Print Volume" - Average daily print volume performed for a Subsidiary receiving the service divided by the total average daily print volume performed for the entire FirstEnergy system.

Exhibit KJT-2 (CLEAN)

p. "Number of Intel Servers" - Number of Intel servers utilized by a Subsidiary receiving the product or service divided by the total number of Intel servers utilized by the FirstEnergy system.

q. "Application Development Ratio" - Number of application development hours budgeted for a Subsidiary receiving the service divided by the total number of budgeted application development hours for the year.

r. "Server Support Composite" - The average ratio of unix gigabytes, SAP gigabytes and Intel number of servers for a Subsidiary receiving the service.

Exhibit KJT-2 (CLEAN)

3. Descriptions of Products and Services

CALL CENTER

Product or Service	Product / Service Description	Indirect Allocation Methods
Field All Inbound Regulated Calls	Field calls related to billing, credit, new service, service order completion, outages, and other miscellaneous activities.	Multiple Factor – Utility and Non-Utility
Field All Inbound Unregulated Calls	Field calls related to billing, credit, new service, service order completion, outages, and other miscellaneous activities.	Multiple Factor – Utility and Non-Utility

CUSTOMER SERVICE

Product or Service	Product / Service Description	Indirect Allocation Methods
Supplier Services	Provide customer services support to electric generation suppliers, administer and maintain Electronic Data Interface (EDI) functions and invoice suppliers.	Number of Shopping Customers Ratio
Regulatory Interface and Process Improvement: Supplier	Liaison to ensure Customer Choice requirements and develop and execute plans to improve supplier services processes.	Number of Shopping Customers Ratio
Market Support Generation (MSG) Administration	Administer and support MSG supplier functions.	Number of Shopping Customers Ratio
Regulatory Interface and Process Improvement: Regulatory	Respond to regulatory complaints from customers and develop and execute plans to improve regulatory compliance processes.	Number of Customers Ratio
Compliance	Work with regions to communicate and ensure regulatory requirements.	Multiple Factor – Utility
Power Billing	Provide billing functions for large commercial/industrial contract customers.	Number of Customers Ratio
Revenue Reporting	Perform and manage revenue reporting functions.	Number of Customers Ratio
Billing Exception Processing	Process billing exceptions.	Number of Customers Ratio
Remittance Processing	Process customer payments and deposit funds.	Number of Payments Ratio
Human Services	Coordinate and administer the various social services programs.	Number of Customers Ratio

Exhibit KJT-2 (CLEAN)

Arrears Management/ Outsourcing Services Incorporated (OSI) Administration	Coordinate and perform arrears, credit and bankruptcy functions. Manage outside collections agencies' performance and OSI credit activities.	Number of Customers Ratio
Revenue Protection Administration	Perform revenue reporting and compliance functions.	Number of Customers Ratio
Metrics and Budget/ Customer Satisfaction Measurement	Manage Customer Services and Call Center Departments' budgets and measure performance and customer satisfaction results.	Number of Customers Ratio
Policy/Procedures Development and Documentation	Develop, document and communicate Customer Services policies and procedures.	Number of Customers Ratio
Bill Administration/ Forms Administration	Design standardized customer bills, envelopes, and forms.	Number of Customers Ratio
Meter Reading Support	Coordinate Meter Reading schedules and routing activities.	Number of Customers Ratio
Customer Information System (CIS) Control	Operate and maintain CIS.	Number of Customers Ratio

ECONOMIC DEVELOPMENT

Product or Service	Product / Service Description	Indirect Allocation Methods
Economic Development Services	Foster economic development to encourage capital investment in FirstEnergy's service areas.	Multiple Factor – Utility

TRANSMISSION & DISTRIBUTION TECHNICAL SERVICES

Product or Service	Product / Service Description	Indirect Allocation Methods
Forestry	Provide forestry services.	Multiple Factor – Utility
Distribution Reliability and Asset Records	Services include Joint User contracts, public works coordination, reliability reporting to regions and Public Utility Commissions, mutual assistance coordination, PowerOn support, cable locate ticket screening and tariff support.	Multiple Factor – Utility

Exhibit KJT-2 (CLEAN)

Design Standards	Services include line material and construction standards, distribution line and underground maintenance practices and support, new business process support, and service practices.	Multiple Factor – Utility
Substation Services Support	Services include Substation maintenance plan coordination, practices and support, mobile substation administration and planning, and environmental compliance support.	Multiple Factor – Utility
Equipment Repair/Testing Services	Services include the maintenance, installation, maintenance, testing and repair of utility equipment.	Multiple Factor – Utility
Fleet Services	Develop fleet strategy, and perform fleet maintenance practices and support.	Multiple Factor – Utility
Financial Services	Identify revenue enhancements and cost reductions.	Multiple Factor – Utility
Substation Design and Transmission-Line Maintenance Support	Perform substation and transmission line design and project management and transmission line and substation design and material standards, right-of-way and survey services, transmission line maintenance plan coordination, practices and support; FAA activity coordination.	Multiple Factor – Utility
Planning and Protection	Perform planning and protection support for subtransmission system and overall radial system capacity planning overview, and interconnection coordination for distributed technology applications on distribution system.	Multiple Factor – Utility
Capital Budget and Equipment Support	Capital budget development and support, and major equipment specifications and procurement/repair activities for major equipment.	Multiple Factor – Utility

WORKFORCE DEVELOPMENT

Product or Service	Product / Service Description	Indirect Allocation Methods
Transmission and Distribution Skills Training	Develop and facilitate technical and safety training for workers associated with distribution activities, including line, substation, meter, fleet, warehouse, field engineering, and dispatch. Provide support through equipment evaluation, training analyses, job assessments, and project coordination.	Number of Participating Employees – General
Customer Service Skills Training	Develop and facilitate skills training for customer service groups.	Multiple Factor – Utility
External Learning Opportunities Through the Power Systems Institute	Develop educational partnerships with colleges to offer two-year degrees in electric utility technology.	Multiple Factor – Utility

ADMINISTRATIVE SERVICES

Product or Service	Product / Service Description	Indirect Allocation Methods
Provide Administrative Support Services	Provides services in production printing, document imaging, graphic services, food services, corporate mailroom and corporate courier.	Multiple Factor – Utility and Non-Utility or Multiple Factor Utility*
Provide Records Management Services	Provides services in records storage, records retrieval, records retention, records planning and engineering records.	Multiple Factor – Utility and Non-Utility or Multiple Factor Utility*
Provide Business Services	Provides services in convenience copiers, fax machines, pagers, printers, and business information center.	Multiple Factor – Utility and Non-Utility or Multiple Factor Utility*

* For services rendered only to the utilities.

Exhibit KJT-2 (CLEAN)

EXECUTIVE

Product or Service	Product / Service Description	Indirect Allocation Methods
Executive Management	Consultation and services in management and administration of all aspects of the business.	Multiple Factor – All

COMMUNICATIONS

Product or Service	Product / Service Description	Indirect Allocation Methods
Public Relations	Provides services in media relations, financial communications, annual reports, executive presentation, public relations, counsel, corporate writing, internet support and special projects.	Multiple Factor -- All
Employee Communications	Provides services with update, retirees, satellite broadcast, human resource-related communications and special projects.	Number of Participating Employees – Utility and Non-Utility
Production	Provides services related to display, photography, Corporate ID, video and employee merchandise.	Multiple Factor -- All
Sponsorship	Provides services related to sports marketing, university support and special projects.	Multiple Factor -- All
Non-Utility Advertising	Provides services related to broadcast/print, collateral, direct mail, internet/intranet, display/merchandise, yellow/white pages, production/agency support and special projects.	Multiple Factor -- Non-Utility
Utility Advertising	Provides services related to TV, radio, print, outdoors, Internet/Intranet, special projects, production, agency support and creative media placement.	Multiple Factor – Utility
Utility Bill Inserts	Provides services developing regulated bill service to Ohio, Pennsylvania and New Jersey.	Multiple Factor – Utility
Utility : Yellow / White Pages	Provides services with regulated yellow/white pages.	Multiple Factor – Utility
Utility: Research	Provides research services.	Multiple Factor – Utility
Ohio Consumer Education	Provides services related to Ohio Consumer Education statewide and locally.	Multiple Factor – Utility
Ohio Deregulation Education	Provides service related to Deregulation Education.	Multiple Factor – Utility

CORPORATE AFFAIRS AND COMMUNITY INVOLVEMENT

Product or Service	Product / Service Description	Indirect Allocation Methods
Corporate Affairs Activities	Provide administrative support through oversight of the business practices and planning and implementation of staff, senior management and related meetings. Serves as community liaison.	Multiple Factor – Utility
Direct Community Involvement Initiatives	Provides direction in employee volunteerism, supports viable community partnerships and educational initiatives.	Multiple Factor – Utility
Energy Efficiency Programs	Directing and coordinating Ohio Weatherization and Energy Efficiency Programs for Low Income Customers.	Multiple Factor – Utility
Community Initiatives Consulting Services	Consults to regional operations and other business units and client managers for the various community programs.	Multiple Factor – Utility
Contributions Management	Directs, coordinates, monitors, and manages contributions.	Multiple Factor – Utility

CORPORATE

Product or Service	Product / Service Description	Indirect Allocation Methods
Investor Services	Stock administration, perform recordkeeping, transfer agent, registrar, paying agent, reinvestment plan administration and other services for shareholders.	None (All Direct Charge to Holding Co.)
Board of Directors Support	Support and administration of Board of Directors meetings and director compensation.	None (All Direct Charge to Holding Co.)
Annual Meeting Coordination	Coordinate the Annual Meeting of Shareholders, including the preparation and mailing of proxy materials and annual reports and the tabulation of proxies.	None (All Direct Charge to Holding Co.)
Indenture Compliance	Administer the company's indentures	Multiple Factor – Utility

Exhibit KJT-2 (CLEAN)

HUMAN RESOURCES

Product or Service	Product / Service Description	Indirect Allocation Methods
Manage Employee Executive Compensation and Benefits	Provide management and supervision for employee and executive compensation and benefits.	Number of Participating Employees – General
Manage Workers Compensation and Disability Management	Provide management and supervision for workers compensation and disability programs.	Number of Participating Employees – General
Provide and Coordinate Human Resources Training	Design, prepare and conduct training.	Number of Participating Employees – General
Provide Employment Services	Provide staffing, relocation and employment expertise.	Number of Participating Employees – General
Provide HRIS Services.	Provide and maintain Human Resources information.	Number of Participating Employees – General
Provide Diversity Management Services	Manage Affirmative Action programs, provide EEO/AA consulting services, and respond to charges.	Number of Participating Employees – General
Manage/ Administer Medical Services and Wellness Programs	Establish compliance, develop, implement, and administer medical and wellness programs.	Number of Participating Employees – General

INDUSTRIAL RELATIONS

Product or Service	Product / Service Description	Indirect Allocation Methods
Provide Labor Contract Negotiations	Provide contract negotiation services for all labor agreements.	Number of Participating Employees – General
Provide Labor Consulting Services	Provide labor consulting services.	Number of Participating Employees – General
Manage/Administer Safety Programs	Develop, implement and administer occupational safety programs.	Number of Participating Employees – General

Exhibit KJT-2 (CLEAN)

REAL ESTATE

Product or Service	Product / Service Description	Indirect Allocation Methods
Facilities Management	Management and maintenance of office facilities.	Multiple Factor -- All or Multiple Factor Utility*
Facilities Planning and Project Management	Manage office design services, furniture, project management and other capital improvements.	Multiple Factor -- All or Multiple Factor Utility*
Management of Real Estate Assets	Support internal and external inquiries regarding the acquisition, divestiture and management of real estate assets	Multiple Factor -- All or Multiple Factor Utility*
Manage/Administer Security Programs	Administer physical security, special investigations, security audits, security consultation and contract guard services.	Multiple Factor -- All or Multiple Factor Utility*

* For services rendered only to the utilities.

FIRSTENERGY TECHNOLOGIES

Product or Service	Product / Service Description	Indirect Allocation Methods
Strategic Technologies	Develop, support and implement BPRI programs, industry initiatives, research and development programs, collaboratives and activities with universities, labs and the Department of Energy.	Multiple Factor -- Utility
New Technology Assessment	Perform assessment activities for strategic technology pilots, technology assessments, marketing tests, customer pilots and due diligence reviews.	Multiple Factor -- Utility and Non-Utility
Technical Application and Product Innovation	Develop, analyze and support strategic alliances, joint ventures, strategic startups, direct investments and Portfolio initiatives.	Multiple Factor -- Utility and Non-Utility
New Technology and Product Market Deployment	Develop, support and implement the following initiatives: tailored solutions with existing products, commercial packages, operational efficiencies and business area solutions.	Multiple Factor -- Utility and Non-Utility
Demand Response Initiatives	Provide support for corporate demand response initiatives.	Multiple Factor -- Utility and Non-Utility
Renewable Energy Program and Strategy	Provide support for various corporate and regulatory initiatives to develop and implement renewable energy programs and products.	Multiple Factor -- Utility

Exhibit KJT-2 (CLEAN)

Regulated Programs and Services	Develop, support and implement programs and strategies to meet corporate initiatives and regulatory mandates and commitments related to Comprehensive Resource Assessment(CRA), customer end-use technology, distributed generation and load management.	Multiple Factor – Utility
Project Implementation Management Services	Develop and implement end-use and distributed generation technology-based products and services.	Multiple Factor – Utility and Non-Utility

TECHNOLOGY & SUPPORT SERVICES

Product or Service	Product / Service Description	Indirect Allocation Methods
Provide Network Services	Provide Internal Network Services.	Multiple Factor – Utility and Non-Utility
Maintain wireless cell sites and fiber optics network	Maintain internal wireless cell sites and fiber optic network; provide engineering, procurement, and installation services.	Multiple Factor – Utility and Non-Utility

INFORMATION TECHNOLOGY

Product or Service	Product / Service Description	Indirect Allocation Methods
Application Development	Create new or enhance existing applications; including analysis design coding, testing, system integration, and implementation, as well as any required technical writing or project manual development.	Directly Billed
Development Supervision and Tool Support	Supervision of application development employees and the support of development software tools.	Application Development Ratio
Server Support (Unix, SAP)	Create and support the network and server infrastructure to accommodate unix and SAP client server applications.	Gigabytes Used Ratio
Client Server Storage Support	Support of storage requirements for all server applications.	Server Support Composite Ratio
Server Support (Intel)	Create and support the network and server infrastructure to accommodate windows and NT client server applications.	Number of Intel Servers Ratio
Mainframe Processing and Storage Support	Execute mainframe applications, including an appropriate portion of support, started tasks, mainframe backups and microfiche services.	Gigabytes Used Ratio

Exhibit KJT-2 (CLEAN)

Desktop Support	Help desk email and end-user tools, remote access, repair services, and general workstation support.	Number of Computer Workstations Ratio
Network Services	Includes voice, data, EMS and radio access.	Direct Charge Ratio
Inserting Services	Provide document bursting, inserting and mailing.	Number of Billing Inserts Ratio
Printing Services	Provide mainframe and client server printing services at the data center.	Daily Print Volume Ratio
Technical Consulting	Provide consulting support to departments and end-users to enable them to leverage their IT capabilities. Provide advice and consultation regarding desktop setups and configurations.	Directly Billed
Training	Provide IT training.	Multiple Factor – Utility and Non-Utility
Business Application Support	Support business application related software licenses and / or hardware maintenance provided by an outside vendor.	Directly Billed
Data Security	Disaster recovery and data security services.	Multiple Factor – Utility and Non-Utility
Project Management Office	Oversee technology projects through benefit.	Multiple Factor – Utility and Non-Utility
Provide Telecommunication Services	Provide telecommunication services and equipment.	Direct Charge Ratio
Portal Support	Support the infrastructure to accommodate internet and intranet application access.	Multiple Factor – Utility and Non-Utility

PERFORMANCE PLANNING

Product or Service	Product / Service Description	Indirect Allocation Methods
Performance Planning Services	Develop, support and execute performance planning services.	Multiple Factor – All

Exhibit KJT-2 (CLEAN)

SUPPLY CHAIN

Product or Service	Product / Service Description	Indirect Allocation Methods
Strategic Planning, Demand management and Procurement Projects	Provide assistance in materials and services planning (demand management) and performs special procurement projects.	Multiple Factor – Utility and Non-Utility
Goods and services procurement	Procure material, equipment and contractor services. Establish, manage and administer programs, which allow internal customers to obtain goods without having to process the need through Procurement. Develop specifications, construction standards, schedules, and bills of materials.	Multiple Factor – Utility and Non-Utility
Materials Management Support	Maintain the computerized purchasing and materials management systems, and material related modules; maintain and/or modify select management reports. Analyze Supply Chain processes and measure performance. Monitor and forecast demand to ensure a continuous supply of materials.	Multiple Factor – Utility and Non-Utility
Investment Recovery Projects	Develop and implement plans for disposition of surplus assets.	Multiple Factor – Utility and Non-Utility
Process, Refurbish and Sell Materials	Perform recovery processing, investment recovery processing, refurbishing and selling materials.	Multiple Factor – Utility and Non-Utility
Provide Warehousing Services - Non-nuclear	Receive and place material into stock, insure quality requirements are met at receipt, maintain inventory counts, and update information systems. Fill customer requests for material from stock.	Multiple Factor – Utility and Non-Utility
Provide Warehousing Services - Nuclear	Receive and place material into stock, insure quality requirements are met at receipt, maintain inventory counts, and update information systems. Fill customer requests for material from stock.	None (All direct charged)
Warehousing Space Charge	Provide warehousing space to internal customers.	Multiple Factor – Utility and Non-Utility

Exhibit KJT-2 (CLEAN)

CONTROLLERS

Product or Service	Product / Service Description	Indirect Allocation Methods
Accounting Research	Provide accounting research and consulting to ensure compliance with existing and proposed financial reporting, and regulatory accounting requirements.	Multiple Factor - All
Accounts Payable	Nonpayroll corporate disbursement services including account distribution to the general ledger. Resolve problems associated with invoice processing and maintain the accounts payable system.	Multiple Factor - All
Billing Services	Prepare non-retail electric billings.	Multiple Factor Utility
Infrastructure and Corporate Reporting, Accounting and Budgeting	Prepare Corporate Sustaining reports, subsidiary accounting and corporate budgeting, which includes reporting and support of the ledger, property records and SAP system.	Multiple Factor - All
Due Diligence	Assist value centers to determine whether proposed business acquisitions/combinations and similar transactions are desirable from a financial perspective; extensive review/analysis following preliminary review and firm intent to proceed with transaction through commitment and closing phases.	None (All direct charged)
Value Center Accounting and Budgeting	Maintain the property accounting system and provide value center accounting such as management reporting.	Multiple Factor -- Utility and Non-Utility
Property Record Maintenance	Maintain corporate continuing property records.	Multiple Factor -- Utility and Non-Utility or Multiple Factor Utility*
Tax Consulting and Research	Conduct tax research and tax consulting to assure compliance with statutes, while evaluating alternative tax strategies within the constraints of regulations that provide additional shareholder value to the company. In addition, provide tax-consulting advice to the value centers on tax compliance and reporting issues, which includes business "start-up" support to organizations requiring assistance.	Multiple Factor -- All

* For services rendered only to the utilities.

Exhibit KJT-2 (CLEAN)

Tax Compliance	Prepare and process all schedules and information associated with corporate and subsidiary tax returns, audits, and tax litigation, assuring compliance with tax regulations and statutes.	Multiple Factor – All or Multiple Factor Utility*
----------------	--	---

* For services rendered only to the utilities.

CREDIT MANAGEMENT

Product or Service	Product / Service Description	Indirect Allocation Methods
Credit Analysis and Supporting Functions	Provide detailed written credit analysis issuing recommendations on counterparty creditworthiness and assigning credit limits.	Multiple Factor – Utility and Non-Utility
Credit Policies and Procedures	Develop and support credit policies and procedures for managing credit risk. Implement and support standardized credit approval processes.	Multiple Factor – Utility and Non-Utility
Credit Management Information System	Develop and support credit management reports and calculate credit exposure on a corporate wide basis.	Multiple Factor - All

ENTERPRISE RISK MANAGEMENT

Product or Service	Product / Service Description	Indirect Allocation Methods
General Risk Management	Develop and maintain an enterprise risk management system.	Multiple Factor - All

INSURANCE SERVICES

Product or Service	Product / Service Description	Indirect Allocation Methods
Insurance Policies	Manage and support insurance policies for all the business units.	Multiple Factor – Utility and Non-Utility
Loss Control Services	Manage and support property inspections to prevent losses.	Multiple Factor – Utility and Non-Utility
Surety Bonds	Manage and support Surety Bonds.	Multiple Factor – Utility and Non-Utility
Risk Transfer and Risk Mitigation Services	Manage and support risk transfer and risk mitigation services.	Multiple Factor – Utility and Non-Utility
Ancillary Coverages	Manage and support ancillary coverages.	None (All direct charged)

Exhibit KJT-2 (CLEAN)

INTERNAL AUDIT

Product or Service	Product / Service Description	Indirect Allocation Methods
Audit Services	Perform the following internal audit services based on risk levels and / or requests: financial, performance analysis, safeguarding of assets, computer-related and fraud investigations.	Multiple Factor -- All or Multiple Factor -- Utility*

INVESTMENT MANAGEMENT

Product or Service	Product / Service Description	Indirect Allocation Methods
Qualified and Non-qualified Pension and Savings Plan	Establish and implement investment policy and asset allocation strategy and monitor investment performance.	Number of Participating Employees -- Utility and Non-Utility
FirstEnergy Foundation	Establish and implement investment policy and asset allocation strategy and monitor investment performance.	Multiple Factor - All
Voluntary Employee Benefit Association (VEBA) Trust	Establish and implement investment policy and asset allocation strategy and monitor investment performance.	Number of Participating Employees -- Utility and Non-Utility
Nuclear Decommissioning	Establish and implement investment policy and asset allocation strategy and monitor investment performance.	None (All direct charged)
Non-Utility Generator Trust	Establish and implement investment policy and asset allocation strategy and monitor investment performance.	Multiple Factor -- Non-Utility
Spent Nuclear Fuel	Establish and implement investment policy and asset allocation strategy and monitor investment performance.	None (All direct charged)
Low-Income Housing Tax Credit Partnership	Establish and implement investment policy and asset allocation strategy and monitor investment performance.	Multiple Factor - All

INVESTOR RELATIONS

Product or Service	Product / Service Description	Indirect Allocation Methods
Investor Information	Compile and communicate information to investors.	Multiple Factor -- Utility* or Direct Charge to Holding Co.
Investor Education	Target and educate potential investors to promote FirstEnergy's valuation characteristics and business strategy.	None (All Direct Charge to Holding Co.)

* For services rendered only to the utilities.

Regulations Compliance	Ensure compliance with SEC Fair Disclosure regulations.	Multiple Factor - All
------------------------	---	-----------------------

Exhibit KJT-2 (CLEAN)

FirstEnergy Management Education	Provide education to management of business concerns and valuation issues of analyst/investors	Multiple Factor – All
FirstEnergy Employee Education	Actively promote understanding of financial and investor relations' issues.	Multiple Factor – All

RATES AND REGULATORY AFFAIRS

Product or Service	Product / Service Description	Indirect Allocation Methods
Regulatory Activities and Consulting	Manage regulatory activities and interfaces, including tariff development and interpretation. Monitor and participate in regulatory affairs at the local, state and federal levels.	Multiple Factor – Utility
Customer Pricing and Contracting	Develop pricing programs for regulated electric service for retail and wholesale customers, including “unbundled” costs and prices for generation, transmission and distribution service and support justification to regulators. Provide support in developing pricing for special-purpose customer programs and non-regulated energy services (e.g. prepayment, economic development, interruptible load, conjunctive-billing electric service programs).	Multiple Factor – Utility
Billing Support	Provide assistance calculating customer (external and internal) invoices and operate and maintain systems to render, collect and account for these invoices.	Multiple Factor – Utility
Sales and Load Forecasting	Develop short-term and long-term sales forecast, peak load projections and customer counts	Multiple Factor – Utility and Non-Utility

TREASURY

Product or Service	Product / Service Description	Indirect Allocation Methods
Capital Structure Management and Administration	Perform all activities related to acquiring capital and establish and administer funding, legal documentation, and record-keeping activities associated with finance programs	Multiple Factor – All
Corporate Funds Management	Plan, manage, and operate the corporate “cash-flow-cycle.”	Multiple Factor – All
Corporate Forecasting	Provide regulatory support, strategy support, financial modeling and forecasting, financial and economic analysis and development of annual corporate KPI target.	Multiple Factor – All

Exhibit KJT-2 (CLEAN)

Capital Project Evaluation and Support	Provide analytical support in the areas of financing, profitability, capital structure and cash flow.	Multiple Factor – Utility and Non-Utility
Investor Relations Activities	Provide institutional and retail security holder, buy and sell-side analysts, rating agencies, and other key members of the financial community with qualitative and quantitative information.	Multiple Factor – All

BUSINESS DEVELOPMENT

Product or Service	Product / Service Description	Indirect Allocation Methods
Mergers and Acquisitions Support	Support, evaluate and assist in the management of merger, asset acquisition and asset disposition activities.	None (All direct charged)
Internal Consulting	Perform strategic analysis/business fit, and economic analysis. Provide integration and transitional management services as needed.	None (All direct charged)

GOVERNMENTAL AFFAIRS

Product or Service	Product / Service Description	Indirect Allocation Methods
Federal Governmental Affairs Support	Activities associated with developing and maintaining relationships with federal government institutions; includes lobbying, and other support activities.	None (All direct charged)
State Governmental Affairs Support	Activities associated with developing and maintaining relationships with state government institutions; includes lobbying, and other support activities.	None (All direct charged)

LEGAL

Product or Service	Product / Service Description	Indirect Allocation Methods
Provide Governmental Affairs Support	Activities associated with developing and maintaining relationships with government institutions; includes lobbying, litigation, and other support activities.	None (All direct charged)
Nuclear Legal Consultation and Case Management	Provide legal advice for federal and state nuclear matters.	None (All direct charged)
Human Resources Legal Consultation & Case Management	Provide legal advice for human resource matters (including workers compensation, union negotiations, arbitrations, class action lawsuits, etc.).	Multiple Factor – Utility and Non-Utility

Exhibit KJT-2 (CLEAN)

Product or Service	Product / Service Description	Indirect Allocation Methods
Employee Benefits Legal Consultation & Case Management	Provide legal advice for employee benefits matters (including health and welfare benefits, tax-qualified and non-tax qualified benefit plans and programs, pension administration, etc.).	Number of Participating Employees – Utility and Non-Utility
Tax Legal Consultation & Case Management	Provide legal advice for tax matters including federal, state & local tax matters (land tax, sales & use tax, IRS, etc.).	Multiple Factor – All
Bankruptcy Legal Consultation & Case Management	Provide legal advice for bankruptcy matters.	Multiple Factor – Utility and Non-Utility
International Legal Consultation & Case Management	Provide legal advice for international matters – contract negotiations, sale/lease agreements.	None (All direct charged)
Non-Utility Legal Consultation & Case Management	Provide legal advice on federal and state matters to Non-Utility Subsidiaries.	Multiple Factor – Non-Utilities
Regulatory Legal Consultation & Case Management	Provide legal advice for federal and state regulatory matters.	Multiple Factor – Utility
Environmental Legal Consultation & Case Management	Provide legal advice for environmental matters (other than PCB – related matters) - federal (EPA) and state (BPA), regulatory/legislative compliance issues.	None (All direct charged)
PCB Environmental Legal Consultation & Case Management	Provide legal advice for PCB-related matters - federal (EPA) and state (EPA), regulatory/legislative compliance issues.	Multiple Factor – Utility
Real Estate Legal Consultation & Case Management	Provide legal advice for real estate matters.	Multiple Factor – Utility and Non-Utility
Corporate Legal Consultation & Case Management	Provide legal advice for general corporate and transactional matters (including SEC filings, Board of Directors matters, PUHCA, Financings, Securities Matters, Intellectual Property, Technology, General Counsel matters, etc.).	Multiple Factor – All
Claims Legal Consultation & Case Management	Provide legal advice for Claims matters.	Multiple Factor – All

CLAIMS:

Process Receivable Claims	Provide management, supervision, and performance of tasks associated with the resolution and chargeback of receivable claims.	Multiple Factor - All
Provide Corporate Support	Claims support in evaluating claims, and procuring appropriate external/internal legal resources.	Multiple Factor - All

REVISED AMENDED AND RESTATED MUTUAL ASSISTANCE AGREEMENT

THIS REVISED AMENDED AND RESTATED MUTUAL ASSISTANCE AGREEMENT, dated as of _____, 2012, between and among JERSEY CENTRAL POWER & LIGHT COMPANY (“JCP&L”), METROPOLITAN EDISON COMPANY (“Met-Ed”), PENNSYLVANIA ELECTRIC COMPANY (“Penelec”), PENNSYLVANIA POWER COMPANY (“Penn Power”), OHIO EDISON COMPANY (“Ohio Ed”), THE CLEVELAND ELECTRIC ILLUMINATING COMPANY (“CEI”), THE TOLEDO EDISON COMPANY (“Toledo Ed”), FIRSTENERGY SERVICE COMPANY (“FESC”), GPU NUCLEAR, INC.¹ (“GPUN”), FIRSTENERGY NUCLEAR OPERATING COMPANY (“FENOC”), AMERICAN TRANSMISSION SYSTEMS, INCORPORATED (“ATSI”), FIRSTENERGY PROPERTIES, INC. (“FE Properties”), BAY SHORE POWER COMPANY (“Bay Shore”), FIRSTENERGY GENERATION, LLC (“GenCo”), WEST PENN POWER COMPANY (“West Penn”), MONONGAHELA POWER COMPANY (“Mon Power”), THE POTOMAC EDISON COMPANY (“Potomac Ed”), ~~ALLEGHENY ENERGY SERVICE CORPORATION (“AESC”)~~, TRANS-ALLEGHENY INTERSTATE LINE COMPANY (“TrAILCo”), ~~MID-ATLANTIC INTERSTATE TRANSMISSION, LLC (“MAIT”)~~ -AND FIRSTENERGY TRANSMISSION, LLC, and its subsidiaries (“FirstEnergy Transmission”) (each individually a “Company” or a “Party” and collectively the “Companies” or “Parties”), each a subsidiary of FirstEnergy Corp. (“FirstEnergy”), a public utility holding company under the Public Utility Holding Company Act of 2005 (the “PUHCA 2005”), and their subsidiaries.

RECITALS

WHEREAS, on October 1, 1982, the Pennsylvania Public Utility Commission (“PaPUC” or “Commission”) at Docket No. G-820167 approved pursuant to the then Section 701.1 of the Pennsylvania Public Utility Law – now Section 2102 of the Pennsylvania Public Utility Code an agreement between Met-Ed and Penelec with respect to the exchange of services and goods by and between them and their affiliated companies such as, by way of example: (a) design, engineering, construction, operation, maintenance and fuel procurement for coal-fired generating stations; (b) other fossil fuel generation services; (c) lab testing, research and development, engineering and support services for generation, transmission and distribution, construction and maintenance; (d) microfilming; (e) records retention and storage; and (f) goods incidental to such services (the “1982 Agreement”); and

WHEREAS, on December 17, 1993, the PaPUC at Docket No. G-00930355 approved, as a supplement to the 1982 Agreement, an agreement between Met-Ed, Penelec, JCP&L, GPU Service Corporation (“GPUS”) and GPU Nuclear Corporation (collectively Met-Ed, Penelec, JCP&L, GPUS and GPU Nuclear Corporation are referred to as the “GPU Companies”) pursuant to Section 2102 of the Pennsylvania Public Utility Code, 66 Pa.C.S. § 2102, with respect to the exchange of services and goods by and between them such as: (a) reprographics services; (b) restoration, maintenance and repair services

¹ GPU Nuclear Corporation was renamed GPU Nuclear, Inc. in 1996.

for generation, transmission and distribution facilities; (c) remittance processing services; (d) treasury services; (e) accounts payable services; (f) use of office, warehouse, storage and other space or facilities; (g) data processing and other computer services; (h) legal services; and (i) goods, including, electric generation, other production, transmission, distribution, office, administrative and general plant materials, supplies and equipment not “in place” or “installed” (the “1993 MAA”); and **WHEREAS**, as a result of the FirstEnergy/GPU merger in November 2001 (the “FirstEnergy/GPU Merger”), FirstEnergy became a registered holding company under the Public Utility Holding Company Act of 1935 and FESC was formed to replace GPUS as the primary provider of various corporate, managerial and administrative support services within the FirstEnergy holding company system, and the PaPUC on February 4, 2003, in Docket No. G-00020987 approved Met-Ed, Penelec and Penn Power entering into a new service agreement with FESC (the “Existing FESC Service Agreement”), which is not altered, modified or changed by this Amended and Restated Mutual Assistance Agreement; and

WHEREAS, as a result of the FirstEnergy/GPU Merger, FESC provides services within the FirstEnergy holding company system under the Existing FESC Service Agreement that include the following services (or the management of such services): executive services, accounting and finance, internal auditing, various treasury functions, risk management, human resources, corporate affairs, government affairs, environmental, corporate communications, operations management, supply chain, information technology, construction, maintenance, customer service, regulated commodity sourcing, FERC policy and compliance, energy efficiency, corporate real estate, records management, asset oversight, strategic planning and operations, rates and regulatory affairs, flight operations, performance management, business development, investment management and legal services; and

WHEREAS, as a result of the FirstEnergy/GPU Merger, Ohio Ed, CEI, Toledo Ed and Penn Power became affiliates of Met-Ed and Penelec in the same relationship, as affiliated operating companies within the FirstEnergy holding company system, that Met-Ed, Penelec and JCP&L theretofore had with each other within the GPU holding company system as public utility companies engaged in the transmission, distribution and sale of electricity to and for the public in their respective service territories; and

WHEREAS, as a result of the merger of Allegheny Energy, Inc. (“Allegheny”) and a subsidiary of FirstEnergy on February 25, 2011 (the “FirstEnergy/Allegheny Merger”), West Penn, Mon Power, Potomac Ed, and the Trans-~~Interstate~~ Allegheny Interstate Line Company also became affiliated operating companies in the same relationship as other affiliated operating companies within the FirstEnergy holding system ~~(collectively, Ohio Ed, CEI, Toledo Ed, Penn Power, JCP&L, Met Ed, Penelec, West Penn, Mon Power, Potomac Ed, ATSI and TrAILCo are referred to herein as the~~ “Operating Companies”); and

WHEREAS, ~~FirstEnergy Transmission and Penelec, Met-Ed, and JCP&L have entered into operating and capital contribution agreements regarding the formation, operation and their respective membership interests in, MAIT and, as a result of which MAIT has also become an affiliated operating company in the same relationship as other affiliated operating companies within the FirstEnergy holding system (collectively, Ohio Ed, CEI, Toledo Ed, Penn Power, JCP&L, Met-Ed, Penelec, West Penn, Mon Power, Potomac Ed, ATSI, TrAILCo, and MAIT are referred to herein as the~~ “Operating Companies”);

WHEREAS, from time to time, the Operating Companies may request and/or may require non-power goods and services from one or more of the other Operating Companies ~~or from AESC~~; and

WHEREAS, from time to time, GPUN, FESC, and FirstEnergy Transmission may request and/or may require goods and services from the Operating Companies and, to the degree not addressed in another agreement, GPUN, and FirstEnergy Transmission may provide non-power goods and services to the Operating Companies; and

WHEREAS, in light of changes outlined above and because from time to time various opportunities arise for the Companies to effect economies and better utilization of available resources through transfers of a broader range of goods and services by, between and among the Companies, the Companies desire to enter into this Amended and Restated Mutual Assistance Agreement, which supersedes any other agreements that may have existed between the parties hereto related to the matters covered by this Amended and Restated Mutual Assistance Agreement, as applicable, for providing mutual services by and between them.

NOW, THEREFORE, the Companies, intending to be legally bound, agree as follows:

1. **SERVICES**. As used herein, “**Services**” refers to the list of services set forth in Attachment I hereto. Additional services sought to be included within this Amended and Restated Mutual Assistance Agreement will first be filed with the PaPUC for Commission review.

2. **GOODS**. As used herein “**Goods**” refers to goods incidental to the Services, electric transmission, distribution, office, administrative and general plant materials, supplies and equipment not “in place” or “installed.” As contemplated hereunder, transactions in Goods may, but need not be, incidental to the provision of Services.

3. **REQUESTS FOR GOODS AND SERVICES**. From time to time, each Company, in its sole discretion may determine, may request, or, upon the request of another Company, may furnish to such other Company, upon the terms and conditions set forth herein, one or more of the Goods or Services (including, in the case of Goods, those which at the time are inadequate, obsolete, unfit, or unnecessary or unadapted for use in the operations of the Company to which such request is made).

4. **PRICING**.

(a) All transactions carried out pursuant hereto shall be effected as follows:

(i) if an Operating Company ~~or AESC~~ furnishes Goods or Services to an Operating Company ~~or AESC~~ **(as applicable)**, then such furnishing Company shall be paid for such Goods or Services at cost in the case of the performance of Services (including all applicable direct and indirect costs of the furnishing Company), or cost less accumulated depreciation in the case of the sale of Goods (including all applicable direct and indirect costs of the furnishing Company);

(ii) if an Operating Company ~~or AESC~~ furnishes Goods or Services to FESC ~~or AESC~~ **(as applicable)**, the Operating Company shall be paid for such Goods or Services

at the higher of (A) cost in the case of the performance of Services (including all applicable direct and indirect costs of the furnishing Company), or cost less depreciation in the case of the sale of Goods (including all applicable direct and indirect costs of the furnishing Company) or (B) market price; and

(iii) (A) if an Operating Company ~~or AESC (as applicable)~~ furnishes Goods or Services to GPUN, FENOC, FE Properties, Bay Shore or GenCo, then the furnishing Company shall be paid for such Goods or Services at a price that is the higher of cost or market price; or (B) if GPUN, FENOC, FE Properties, Bay Shore or GenCo furnishes Goods or Services to an Operating Company ~~or AESC~~, then the furnishing Company shall be paid for such Goods or Services at a price that is no higher than market price. (b) Costs include, as applicable, wages and salaries of employees and related fringe benefit expenses (such as health care, life insurance, payroll taxes, pensions and other employee welfare expenses), equipment, tooling, materials, subcontract costs, overheads, cost of capital, and taxes.

5. **BILLING, PAYMENT AND ACCOUNTING.**

(a) Costs are accumulated within the Companies' integrated accounting system related to the Services and Goods provided hereunder in order to support the inter-company billing, which shall be performed monthly. Details supporting each transaction are contained within the integrated accounting system, in accordance with applicable FirstEnergy procedures and processes, as amended from time to time.

(b) Direct charges to a Company shall be made so far as charges can be identified and related to the particular transactions involved without excessive effort or expense. Whenever possible, charges for Services rendered hereunder between the Companies, including personnel and non-personnel costs and expenses and related costs and expenses that relate to a particular requesting Company, shall be billed by the providing Company directly to such requesting Company. For those charges that cannot be direct billed either because the Services giving rise to those charges are provided to, or on behalf of, more than one recipient Company or the charges themselves are not easily susceptible to precise identification with a particular or specific transaction, the providing Company shall allocate such costs in accordance with an allocation method recommended and provided by FESC from among its approved allocation methods (which is attached hereto as Attachment II) as such methods may be amended, modified or changed from time to time.

(c) To the extent a Company is required to pay cost for Goods or Services, as provided in Section 4 of this Agreement, such costs:

(i) shall not exceed a fair and equitable allocation of expenses (including the price paid for goods) plus reasonable compensation for necessary capital procured through the issuance of capital stock (or similar securities);

(ii) for Services rendered by a providing Company shall be determined and calculated based upon the time records of employees, and records of related expenses, including out-of-pocket expenses that are billed at cost;

(iii) may include taxes, interest, other overhead, and compensation for the use of capital procured by the issuance of capital stock (or similar securities), which shall be fairly and equitably allocated. Interest on borrowed capital and compensation for the use of capital shall represent a reasonable return on only the amount of capital reasonably necessary for the performance of services or construction for, or the selling of goods to, customers for whom transactions are performed at cost. Such amount shall not include the cost of assignment of, or any capitalization of, any service, sales, or construction contract; and

(iv) shall not include any expense (including the price paid for goods) incurred in a transaction with an affiliated Company of the providing Company, to the extent that it exceeds the cost of such transaction to such affiliated Company.

(d) Inter-Company billing is performed with the close of each month and will be payable within thirty days following such monthly closing. For the sale of Goods, asset transfer documentation is completed and the transaction is included in the monthly intercompany billing. The detailed records, related to the rendering of, and payment for, the Goods or Services, supporting the inter-company bills are available within the integrated system, so that the receiving Company can reasonably determine the nature and extent of the Services or Goods provided by the providing Company, including the rates, hours and related cost elements applicable to such Service or Good.

(e) Payments shall be made by cash remittance from the receiving Company to the providing Company or by appropriate accounting transfer entries on the books of both Companies, which are reconciled daily, in accordance with applicable FirstEnergy policies and procedures.

(f) Any amount remaining unpaid after thirty (30) days following receipt of the bill shall bear interest thereon from the date of the bill until payment at such rate as would apply in accordance with applicable FirstEnergy policies and procedures.

(g) Inter-Company billings hereunder shall be reconciled each month to assure that all expenses have been billed, and also in order to detect and correct over- or under-billings.

(h) The Internal Auditing Department shall periodically audit inter-Company transactions and billings hereunder. The audits shall also include an evaluation of the work order process in order to assure that transactions and charges have been properly authorized, calculated, allocated, if applicable, invoiced, recorded, paid and tracked.

(i) The supporting records and details related to all inter-company billings, including direct charges and allocated charges, and applicable allocation methods (in order to enable testing

with respect to cost allocations to and from affiliates), will be retained for auditing purposes in accordance with applicable law and regulation.

6. **WAIVER**. To the extent that the Goods and Services are furnished at cost, or cost less depreciation, if any pursuant to Section 4, and to facilitate the undertaking of this Agreement, each Company expressly waives any right it may have to recover from the other Companies for any losses, damages, penalties, liabilities, claims or expenses (including damage to its own property or liabilities to third parties) for any cause whatsoever including without limitation the negligence of the other Companies, its employees and agents in connection with the provision of Goods and Services that are furnished at cost.

7. **TERMINATION**. This Amended and Restated Mutual Assistance Agreement shall be effective on the date of execution, or such later date as approved by the applicable regulatory authority, and will remain in effect until December 31, 201~~63~~⁶³. This initial term will be automatically extended for successive periods of one year unless any Party gives sixty days' notice of termination to the other Parties prior to the end of the calendar year then in effect. Unless otherwise agreed by the Parties, such termination shall not affect or excuse the performance of transactions entered into on behalf of either Party prior to notice of termination. This Agreement shall remain in effect until all Parties have fully performed their obligations under said transactions.

8. **MODIFICATION OR AMENDMENT**. No amendment, change or modification to this Amended and Restated Mutual Assistance Agreement shall be valid, unless made in writing and signed by the Parties hereto, and upon the receipt of any required regulatory approvals as described in Paragraph 9 below.

9. **REGULATORY APPROVALS; STATE LAW**. The provision of Goods or Services hereunder by, and for, any Operating Company hereto shall be subject to the receipt of any other regulatory approvals which may pertain to, or be necessary for, a particular Operating Company or transaction involving a particular Operating Company. ~~In particular, and without limiting the generality of the foregoing, JCP&L shall not enter into transactions under this Amended and Restated Mutual Assistance Agreement for any management, advisory, construction or engineering service that in itself or in connection with another transaction relating to the same work, project, transaction or service involves JCP&L's expenditure of a sum exceeding \$25,000.~~ This Amended and Restated Mutual Assistance Agreement, and any amendments thereto, shall be subject to the approval of any state commission or other regulatory body whose approval is, by the laws of said jurisdiction, a legal prerequisite to an Operating Company's execution, delivery and/or performance of this Amended and Restated Mutual Assistance Agreement for any particular Operating Company hereunder, and any transactions hereunder shall be in compliance with applicable state laws and regulations.

10. **GOVERNING LAW**. For purposes of providing Goods or Services hereunder, in the case of each transaction hereunder, this Amended and Restated Mutual Assistance Agreement shall be governed by, and construed under, the laws of the state in which are located the principal offices of the Company providing the Goods or Services hereunder, without regard to its conflict of laws provisions.

11. **ASSIGNMENT**. This Amended and Restated Mutual Assistance Agreement shall inure to the benefit and shall be binding upon the undersigned parties and their respective successors and

assigns. No assignment of this Amended and Restated Mutual Assistance Agreement or of any Party's rights, interests or obligations hereunder, may be made without the other Parties' consent, which shall not be unreasonably withheld, delayed or conditioned.

12. **ENTIRE AGREEMENT.** This Amended and Restated Mutual Assistance Agreement together with its attachments, constitutes the entire understanding and agreement of the Parties with respect to its subject matter, and effective upon the execution of this Amended and Restated Mutual Assistance Agreement by the respective Parties hereof, any and all prior agreements, understandings or representations with respect to this subject matter are hereby terminated and canceled in their entirety and are of no further force and effect, except to the extent (a) the transactions thereunder have taken place prior to the effective date in which case such agreements will govern the terms of such transactions, and (b) the Existing FESC Service Agreement is considered an agreement with respect to this subject matter, it shall not be terminated. In the event of any conflict between the provisions of this Agreement and the Existing FESC Agreement, the provisions of the Existing FESC Agreement will control.

13. **SEVERABILITY.** If any provision of this Amended and Restated Mutual Assistance Agreement shall be held by a court of competent jurisdiction to be invalid, illegal, or unenforceable, the validity, legality, and enforceability of the remaining provisions shall in no way be affected or impaired thereby.

IN WITNESS WHEREOF, the Parties have executed this Amended and Restated Mutual Assistance Agreement on of the date first above written:

SERVICES

As used herein, “Services” refers to the following list of services, which a Company may request, or, upon the request of another Company, may furnish to such other Company:

Product or Service	Product / Service Description	Indirect Allocation Methods
Engineering, Operating, <u>Maintenance</u> and Management Services	Design, engineering, commission, construction, operation, restoration, (corrective and preventative) maintenance, repair, testing and nonpower services incidental to transmission and distribution facilities (including substation and line maintenance), generation facilities operations <u>and maintenance (including personnel to perform such services)</u> , and asset management services.	Multiple Factor - Utility Multiple Factor – Non-Utility Multiple Factor – Utility and Non-Utility Direct Charge Ratio
Engineering Support Services	Lab testing, research and development, engineering and support services for transmission and distribution, construction and maintenance facilities, functions and activities.	Multiple Factor - Utility Multiple Factor – Non-Utility Multiple Factor – Utility and Non-Utility Direct Charge Ratio
Use of Space	Use or lease of office, warehouse, storage and other space or facilities, and associated warehousing and storage services.	Multiple Factor - Utility Multiple Factor – Non-Utility Multiple Factor – Utility Direct Charge Ratio
Regional Support Services	Utilize utility operations level experience to provide regional support related to utility operations functions including in connection with providing Engineering Services, <u>Human Resource Services, Facilities Services, Regional Claim Services, Labor Contract Negotiation Services, Area Managers</u> , and related utility operations’ functions.	Multiple Factor - Utility Multiple Factor – Non-Utility Multiple Factor – Utility Direct Charge Ratio
Storm Support Services	Utilize utility operations level experience to provide storm support services including storm-related construction and reconstruction, operations and line restoration services to address storm-related <u>storm-related</u> conditions	Multiple Factor - Utility Multiple Factor – Non-Utility Multiple Factor – Utility Direct Charge Ratio
Environmental Services	Provide services and assistance related to identifying, managing and remediating environmental threats or risks.	Multiple Factor - Utility Multiple Factor – Non-Utility Multiple Factor – Utility Direct Charge Ratio

<u>Communications/Software Services</u>	<u>Services include pagers, cell phones, computers, radios, I-Pads, laptops, software and hardware.</u>	<u>Multiple Factor – Utility Direct Charge Ratio</u>
---	---	--

Product or Service	Product / Service Description	Indirect Allocation Methods
Meter Testing Services	Provide services related to maintenance, <u>operation, engineering,</u> testing and repair of meters <u>and related equipment.</u>	Multiple Factor – Utility Direct Charge Ratio
Transportation and Garage Services	Provide services related to transportation maintenance practices and support.	Multiple Factor - Utility Multiple Factor – Non-Utility Multiple Factor – Utility Direct Charge Ratio
Forestry and Vegetation Management Services	Provide services related to forestry and vegetation management such as routine pruning, controlling or removing of vegetation as required to maintain line reliability, maintain access, make repairs, or restore service.	Multiple Factor - Utility Multiple Factor – Non-Utility Multiple Factor – Utility Direct Charge Ratio
Microfilming Services	Provide services related to microfilm storage and retrieval.	Multiple Factor – Utility Direct Charge Ratio
Records Retention and Storage	Provide services related to records storage, records retrieval, records retention and records planning.	Multiple Factor – Utility Direct Charge Ratio
Reprographics Services	Provide services related to production printing, document imaging and graphic services.	Multiple Factor – Utility Direct Charge Ratio
Remittance Processing	Provide services related to processing customer payments and depositing funds.	Number of Payments Ratio
Transmission and Distribution Skills Training	Develop and facilitate technical and safety training for workers associated with distribution activities, including line, substation, meter, fleet, warehouse, field engineering, and dispatch. Provide support through equipment evaluation, training analyses, job assessments, and project coordination.	Number of Participating Employees – General

ATTACHMENT II

List of FirstEnergy Service Company Allocation Methods as approved by the Securities and Exchange Commission as of as of June 1, 2003.

METHODS OF ALLOCATION

1. Multiple Factor – All

- A. FirstEnergy will bear 5% of these Indirect Allocations. The remaining Indirect Allocations will be allocated among the Utility and the Non-Utility Subsidiaries based on FirstEnergy's equity investment in the respective groups.
- B. A subsequent allocation step will then occur. Among the Utility Subsidiaries, allocations will be based upon the "Multiple Factor - Utility" method. Among the Non-Utility Subsidiaries, allocations will be based upon the "Multiple Factor ~~–~~ Non-Utility" method.

2. Multiple Factor – Utility

Based on the sum of the weighted averages of the following factors:

- A. Gross transmission and/or distribution plant
- B. Operating and maintenance expense excluding purchased power and fuel costs
- C. Transmission and/or distribution revenues, excluding transactions with affiliates

Each of the above factors will be weighted equally so that no one facet of the utility operations inordinately influences the distribution of costs

3. Multiple Factor - Non-Utility

Based upon the total assets of each Non-Utility Subsidiary, including the generating assets under operating leases to the Utility Subsidiaries.

4. Multiple Factor - Utility and Non-Utility

- A. ~~First~~First, assign a distribution ratio that is in proportion to the Indirect Costs based on FirstEnergy's equity investment in the respective groups.
- B. Among the Utility Subsidiaries, allocations will be based upon the "Multiple Factor - Utility" method. Among the Non-Utility Subsidiaries, allocations will be based upon the "Multiple Factor - Non-Utility" method.

5. Direct Charge Ratio

The ratio of direct charges for a particular product or service to an individual Subsidiary as a percentage of the total direct charges for a particular product or service to all Subsidiaries benefiting from such services. Indirect Costs are then allocated to each Subsidiary based on the calculated ratios.

6. Number of Customers Ratio

Based on the number of Utility distribution customers for the respective Utility Subsidiary receiving the product or service divided by the total number of Utility distribution customers.

7. Number of Shopping Customers Ratio

Based on the number of shopping customers for the respective Utility Subsidiary receiving the product or service divided by the total number of shopping customers.

8. Number of Participating Employees – General

Based on the number of participating employees for the respective Subsidiary receiving the product or service divided by the total number of participating employees.

9. Number of Participating Employees - Utility and Non-Utility

A. ~~FirstFirst~~, assign a distribution ratio that is in proportion to the Indirect Costs based on FirstEnergy's equity investment in the respective groups.

B. Costs are further allocated by using the number of participating employees for the respective Subsidiary divided by the total number of participating FirstEnergy employees.

10. Gigabytes Used Ratio

Based on the number of gigabytes utilized by a Subsidiary receiving the product or service divided by the total number of gigabytes used by the FirstEnergy system companies applicable to that respective product or service.

11. Number of Computer Workstations Ratio

Based on the number of computer workstations utilized by a Subsidiary receiving the product or service divided by the total number of computer workstations in use by the FirstEnergy system companies applicable to that respective product or service.

12. Number of Billing Inserts Ratio

Based on the number of billing inserts performed for a Subsidiary receiving the product or service divided by the total number of billing inserts performed for the FirstEnergy system companies applicable to that respective product or service.

13. Number of Invoices Ratio

Based on the number of invoices processed for a Subsidiary receiving the product or service divided by the total number of invoices processed for the FirstEnergy system companies applicable to that respective product or service.

14. Number of Payments Ratio

Based on the number of monthly payments processed for a Subsidiary divided by the total monthly number of payments processed for the FirstEnergy system companies applicable to that respective product or service.

15. Daily Print Volume

Based on the average daily print volume performed for a Subsidiary receiving the service divided by the total average daily print volume performed for the entire FirstEnergy system.

16. Number of Intel Servers

Based on the number of Intel servers utilized by a Subsidiary receiving the product or service divided by the total number of Intel servers utilized by the FirstEnergy system.

17. Application Development Ratio

Based on the number of application development hours budgeted for a Subsidiary receiving the service divided by the total number of budgeted application development hours for the year.

18. Server Support Composite

Based on the average ratio of UNIX gigabytes, SAP gigabytes and Intel number of servers for a Subsidiary receiving the service.

REVISED AMENDED AND RESTATED MUTUAL ASSISTANCE AGREEMENT

THIS REVISED AMENDED AND RESTATED MUTUAL ASSISTANCE AGREEMENT, dated as of _____, 2012, between and among JERSEY CENTRAL POWER & LIGHT COMPANY (“JCP&L”), METROPOLITAN EDISON COMPANY (“Met-Ed”), PENNSYLVANIA ELECTRIC COMPANY (“Penelec”), PENNSYLVANIA POWER COMPANY (“Penn Power”), OHIO EDISON COMPANY (“Ohio Ed”), THE CLEVELAND ELECTRIC ILLUMINATING COMPANY (“CEI”), THE TOLEDO EDISON COMPANY (“Toledo Ed”), FIRSTENERGY SERVICE COMPANY (“FESC”), GPU NUCLEAR, INC.¹ (“GPUN”), FIRSTENERGY NUCLEAR OPERATING COMPANY (“FENOC”), AMERICAN TRANSMISSION SYSTEMS, INCORPORATED (“ATSI”), FIRSTENERGY PROPERTIES, INC. (“FE Properties”), BAY SHORE POWER COMPANY (“Bay Shore”), FIRSTENERGY GENERATION, LLC (“GenCo”), WEST PENN POWER COMPANY (“West Penn”), MONONGAHELA POWER COMPANY (“Mon Power”), THE POTOMAC EDISON COMPANY (“Potomac Ed”), , TRANS-ALLEGHENY INTERSTATE LINE COMPANY (“TrAILCo”), MID-ATLANTIC INTERSTATE TRANSMISSION, LLC (“MAIT”) AND FIRSTENERGY TRANSMISSION, LLC, and its subsidiaries (“FirstEnergy Transmission”) (each individually a “Company” or a “Party” and collectively the “Companies” or “Parties”), each a subsidiary of FirstEnergy Corp. (“FirstEnergy”), a public utility holding company under the Public Utility Holding Company Act of 2005 (the “PUHCA 2005”), and their subsidiaries.

RECITALS

WHEREAS, on October 1, 1982, the Pennsylvania Public Utility Commission (“PaPUC” or “Commission”) at Docket No. G-820167 approved pursuant to the then Section 701.1 of the Pennsylvania Public Utility Law – now Section 2102 of the Pennsylvania Public Utility Code an agreement between Met-Ed and Penelec with respect to the exchange of services and goods by and between them and their affiliated companies such as, by way of example: (a) design, engineering, construction, operation, maintenance and fuel procurement for coal-fired generating stations; (b) other fossil fuel generation services; (c) lab testing, research and development, engineering and support services for generation, transmission and distribution, construction and maintenance; (d) microfilming; (e) records retention and storage; and (f) goods incidental to such services (the “1982 Agreement”); and

WHEREAS, on December 17, 1993, the PaPUC at Docket No. G-00930355 approved, as a supplement to the 1982 Agreement, an agreement between Met-Ed, Penelec, JCP&L, GPU Service Corporation (“GPUS”) and GPU Nuclear Corporation (collectively Met-Ed, Penelec, JCP&L, GPUS and GPU Nuclear Corporation are referred to as the “GPU Companies”) pursuant to Section 2102 of the Pennsylvania Public Utility Code, 66 Pa.C.S. § 2102, with respect to the exchange of services and goods by and between them such as: (a) reprographics services; (b) restoration, maintenance and repair services for generation, transmission and distribution facilities; (c) remittance processing services; (d) treasury

¹ GPU Nuclear Corporation was renamed GPU Nuclear, Inc. in 1996.

services; (e) accounts payable services; (f) use of office, warehouse, storage and other space or facilities; (g) data processing and other computer services; (h) legal services; and (i) goods, including, electric generation, other production, transmission, distribution, office, administrative and general plant materials, supplies and equipment not “in place” or “installed” (the “1993 MAA”); and **WHEREAS**, as a result of the FirstEnergy/GPU merger in November 2001 (the “FirstEnergy/GPU Merger”), FirstEnergy became a registered holding company under the Public Utility Holding Company Act of 1935 and FESC was formed to replace GPUS as the primary provider of various corporate, managerial and administrative support services within the FirstEnergy holding company system, and the PaPUC on February 4, 2003, in Docket No. G-00020987 approved Met-Ed, Penelec and Penn Power entering into a new service agreement with FESC (the “Existing FESC Service Agreement”), which is not altered, modified or changed by this Amended and Restated Mutual Assistance Agreement; and

WHEREAS, as a result of the FirstEnergy/GPU Merger, FESC provides services within the FirstEnergy holding company system under the Existing FESC Service Agreement that include the following services (or the management of such services): executive services, accounting and finance, internal auditing, various treasury functions, risk management, human resources, corporate affairs, government affairs, environmental, corporate communications, operations management, supply chain, information technology, construction, maintenance, customer service, regulated commodity sourcing, FERC policy and compliance, energy efficiency, corporate real estate, records management, asset oversight, strategic planning and operations, rates and regulatory affairs, flight operations, performance management, business development, investment management and legal services; and

WHEREAS, as a result of the FirstEnergy/GPU Merger, Ohio Ed, CEI, Toledo Ed and Penn Power became affiliates of Met-Ed and Penelec in the same relationship, as affiliated operating companies within the FirstEnergy holding company system, that Met-Ed, Penelec and JCP&L theretofore had with each other within the GPU holding company system as public utility companies engaged in the transmission, distribution and sale of electricity to and for the public in their respective service territories; and

WHEREAS, as a result of the merger of Allegheny Energy, Inc. (“Allegheny”) and a subsidiary of FirstEnergy on February 25, 2011 (the “FirstEnergy/Allegheny Merger”), West Penn, Mon Power, Potomac Ed, and the Trans Allegheny Interstate Line Company also became affiliated operating companies in the same relationship as other affiliated operating companies within the FirstEnergy holding system; and

WHEREAS, FirstEnergy Transmission and Penelec, Met-Ed, and JCP&L have entered into operating and capital contribution agreements regarding the formation, operation and their respective membership interests in, MAIT and, as a result of which MAIT has also become an affiliated operating company in the same relationship as other affiliated operating companies within the FirstEnergy holding system (collectively, Ohio Ed, CEI, Toledo Ed, Penn Power, JCP&L, Met-Ed, Penelec, West Penn, Mon Power, Potomac Ed, ATSI, TrAILCo, and MAIT are referred to herein as the “Operating Companies”);

WHEREAS, from time to time, the Operating Companies may request and/or may require non-power goods and services from one or more of the other Operating Companies ; and

WHEREAS, from time to time, GPUN, FESC, and FirstEnergy Transmission may request and/or may require goods and services from the Operating Companies and, to the degree not addressed in another agreement, GPUN, and FirstEnergy Transmission may provide non-power goods and services to the Operating Companies; and

WHEREAS, in light of changes outlined above and because from time to time various opportunities arise for the Companies to effect economies and better utilization of available resources through transfers of a broader range of goods and services by, between and among the Companies, the Companies desire to enter into this Amended and Restated Mutual Assistance Agreement, which supersedes any other agreements that may have existed between the parties hereto related to the matters covered by this Amended and Restated Mutual Assistance Agreement, as applicable, for providing mutual services by and between them.

NOW, THEREFORE, the Companies, intending to be legally bound, agree as follows:

1. **SERVICES**. As used herein, “**Services**” refers to the list of services set forth in Attachment I hereto. Additional services sought to be included within this Amended and Restated Mutual Assistance Agreement will first be filed with the PaPUC for Commission review.

2. **GOODS**. As used herein “**Goods**” refers to goods incidental to the Services, electric transmission, distribution, office, administrative and general plant materials, supplies and equipment not “in place” or “installed.” As contemplated hereunder, transactions in Goods may, but need not be, incidental to the provision of Services.

3. **REQUESTS FOR GOODS AND SERVICES**. From time to time, each Company, in its sole discretion may determine, may request, or, upon the request of another Company, may furnish to such other Company, upon the terms and conditions set forth herein, one or more of the Goods or Services (including, in the case of Goods, those which at the time are inadequate, obsolete, unfit, or unnecessary or unadapted for use in the operations of the Company to which such request is made).

4. **PRICING**.

(a) All transactions carried out pursuant hereto shall be effected as follows:

(i) if an Operating Company furnishes Goods or Services to an Operating Company , then such furnishing Company shall be paid for such Goods or Services at cost in the case of the performance of Services (including all applicable direct and indirect costs of the furnishing Company), or cost less accumulated depreciation in the case of the sale of Goods (including all applicable direct and indirect costs of the furnishing Company);

(ii) if an Operating Company furnishes Goods or Services to FESC , the Operating Company shall be paid for such Goods or Services at the higher of (A) cost in the case of the performance of Services (including all applicable direct and indirect costs of the furnishing Company), or cost less depreciation in the case of the sale of Goods

(including all applicable direct and indirect costs of the furnishing Company) or (B) market price; and

(iii) (A) if an Operating Company furnishes Goods or Services to GPUN, FENOC, FE Properties, Bay Shore or GenCo, then the furnishing Company shall be paid for such Goods or Services at a price that is the higher of cost or market price; or (B) if GPUN, FENOC, FE Properties, Bay Shore or GenCo furnishes Goods or Services to an Operating Company, then the furnishing Company shall be paid for such Goods or Services at a price that is no higher than market price. (b) Costs include, as applicable, wages and salaries of employees and related fringe benefit expenses (such as health care, life insurance, payroll taxes, pensions and other employee welfare expenses), equipment, tooling, materials, subcontract costs, overheads, cost of capital, and taxes.

5. **BILLING, PAYMENT AND ACCOUNTING.**

(a) Costs are accumulated within the Companies' integrated accounting system related to the Services and Goods provided hereunder in order to support the inter-company billing, which shall be performed monthly. Details supporting each transaction are contained within the integrated accounting system, in accordance with applicable FirstEnergy procedures and processes, as amended from time to time.

(b) Direct charges to a Company shall be made so far as charges can be identified and related to the particular transactions involved without excessive effort or expense. Whenever possible, charges for Services rendered hereunder between the Companies, including personnel and non-personnel costs and expenses and related costs and expenses that relate to a particular requesting Company, shall be billed by the providing Company directly to such requesting Company. For those charges that cannot be direct billed either because the Services giving rise to those charges are provided to, or on behalf of, more than one recipient Company or the charges themselves are not easily susceptible to precise identification with a particular or specific transaction, the providing Company shall allocate such costs in accordance with an allocation method recommended and provided by FESC from among its approved allocation methods (which is attached hereto as Attachment II) as such methods may be amended, modified or changed from time to time.

(c) To the extent a Company is required to pay cost for Goods or Services, as provided in Section 4 of this Agreement, such costs:

(i) shall not exceed a fair and equitable allocation of expenses (including the price paid for goods) plus reasonable compensation for necessary capital procured through the issuance of capital stock (or similar securities);

(ii) for Services rendered by a providing Company shall be determined and calculated based upon the time records of employees, and records of related expenses, including out-of-pocket expenses that are billed at cost;

(iii) may include taxes, interest, other overhead, and compensation for the use of capital procured by the issuance of capital stock (or similar securities), which shall be fairly and equitably allocated. Interest on borrowed capital and compensation for the use of capital shall represent a reasonable return on only the amount of capital reasonably necessary for the performance of services or construction for, or the selling of goods to, customers for whom transactions are performed at cost. Such amount shall not include the cost of assignment of, or any capitalization of, any service, sales, or construction contract; and

(iv) shall not include any expense (including the price paid for goods) incurred in a transaction with an affiliated Company of the providing Company, to the extent that it exceeds the cost of such transaction to such affiliated Company.

(d) Inter-Company billing is performed with the close of each month and will be payable within thirty days following such monthly closing. For the sale of Goods, asset transfer documentation is completed and the transaction is included in the monthly intercompany billing. The detailed records, related to the rendering of, and payment for, the Goods or Services, supporting the inter-company bills are available within the integrated system, so that the receiving Company can reasonably determine the nature and extent of the Services or Goods provided by the providing Company, including the rates, hours and related cost elements applicable to such Service or Good.

(e) Payments shall be made by cash remittance from the receiving Company to the providing Company or by appropriate accounting transfer entries on the books of both Companies, which are reconciled daily, in accordance with applicable FirstEnergy policies and procedures.

(f) Any amount remaining unpaid after thirty (30) days following receipt of the bill shall bear interest thereon from the date of the bill until payment at such rate as would apply in accordance with applicable FirstEnergy policies and procedures.

(g) Inter-Company billings hereunder shall be reconciled each month to assure that all expenses have been billed, and also in order to detect and correct over- or under-billings.

(h) The Internal Auditing Department shall periodically audit inter-Company transactions and billings hereunder. The audits shall also include an evaluation of the work order process in order to assure that transactions and charges have been properly authorized, calculated, allocated, if applicable, invoiced, recorded, paid and tracked.

(i) The supporting records and details related to all inter-company billings, including direct charges and allocated charges, and applicable allocation methods (in order to enable testing with respect to cost allocations to and from affiliates), will be retained for auditing purposes in accordance with applicable law and regulation.

6. **WAIVER**. To the extent that the Goods and Services are furnished at cost, or cost less depreciation, if any pursuant to Section 4, and to facilitate the undertaking of this Agreement, each

Company expressly waives any right it may have to recover from the other Companies for any losses, damages, penalties, liabilities, claims or expenses (including damage to its own property or liabilities to third parties) for any cause whatsoever including without limitation the negligence of the other Companies, its employees and agents in connection with the provision of Goods and Services that are furnished at cost.

7. **TERMINATION**. This Amended and Restated Mutual Assistance Agreement shall be effective on the date of execution, or such later date as approved by the applicable regulatory authority, and will remain in effect until December 31, 2016. This initial term will be automatically extended for successive periods of one year unless any Party gives sixty days' notice of termination to the other Parties prior to the end of the calendar year then in effect. Unless otherwise agreed by the Parties, such termination shall not affect or excuse the performance of transactions entered into on behalf of either Party prior to notice of termination. This Agreement shall remain in effect until all Parties have fully performed their obligations under said transactions.

8. **MODIFICATION OR AMENDMENT**. No amendment, change or modification to this Amended and Restated Mutual Assistance Agreement shall be valid, unless made in writing and signed by the Parties hereto, and upon the receipt of any required regulatory approvals as described in Paragraph 9 below.

9. **REGULATORY APPROVALS; STATE LAW**. The provision of Goods or Services hereunder by, and for, any Operating Company hereto shall be subject to the receipt of any other regulatory approvals which may pertain to, or be necessary for, a particular Operating Company or transaction involving a particular Operating Company.. This Amended and Restated Mutual Assistance Agreement, and any amendments thereto, shall be subject to the approval of any state commission or other regulatory body whose approval is, by the laws of said jurisdiction, a legal prerequisite to an Operating Company's execution, delivery and/or performance of this Amended and Restated Mutual Assistance Agreement for any particular Operating Company hereunder, and any transactions hereunder shall be in compliance with applicable state laws and regulations.

10. **GOVERNING LAW**. For purposes of providing Goods or Services hereunder, in the case of each transaction hereunder, this Amended and Restated Mutual Assistance Agreement shall be governed by, and construed under, the laws of the state in which are located the principal offices of the Company providing the Goods or Services hereunder, without regard to its conflict of laws provisions.

11. **ASSIGNMENT**. This Amended and Restated Mutual Assistance Agreement shall inure to the benefit and shall be binding upon the undersigned parties and their respective successors and assigns. No assignment of this Amended and Restated Mutual Assistance Agreement or of any Party's rights, interests or obligations hereunder, may be made without the other Parties' consent, which shall not be unreasonably withheld, delayed or conditioned.

12. **ENTIRE AGREEMENT**. This Amended and Restated Mutual Assistance Agreement together with its attachments, constitutes the entire understanding and agreement of the Parties with respect to its subject matter, and effective upon the execution of this Amended and Restated Mutual Assistance Agreement by the respective Parties hereof, any and all prior agreements, understandings or representations with respect to this subject matter are hereby terminated and canceled

in their entirety and are of no further force and effect, except to the extent (a) the transactions thereunder have taken place prior to the effective date in which case such agreements will govern the terms of such transactions, and (b) the Existing FESC Service Agreement is considered an agreement with respect to this subject matter, it shall not be terminated. In the event of any conflict between the provisions of this Agreement and the Existing FESC Agreement, the provisions of the Existing FESC Agreement will control.

13. **SEVERABILITY**. If any provision of this Amended and Restated Mutual Assistance Agreement shall be held by a court of competent jurisdiction to be invalid, illegal, or unenforceable, the validity, legality, and enforceability of the remaining provisions shall in no way be affected or impaired thereby.

IN WITNESS WHEREOF, the Parties have executed this Amended and Restated Mutual Assistance Agreement on of the date first above written:

SERVICES

As used herein, “**Services**” refers to the following list of services, which a Company may request, or, upon the request of another Company, may furnish to such other Company:

Product or Service	Product / Service Description	Indirect Allocation Methods
Engineering, Operating, Maintenance and Management Services	Design, engineering, commission, construction, operation, restoration, corrective and preventative maintenance, repair, testing and nonpower services incidental to transmission and distribution facilities (including substation and line maintenance), generation facilities operations and maintenance (including personnel to perform such services), and asset management services.	Multiple Factor - Utility Multiple Factor – Non-Utility Multiple Factor – Utility and Non-Utility Direct Charge Ratio
Engineering Support Services	Lab testing, research and development, engineering and support services for transmission and distribution, construction and maintenance facilities, functions and activities.	Multiple Factor - Utility Multiple Factor – Non-Utility Multiple Factor – Utility and Non-Utility Direct Charge Ratio
Use of Space	Use or lease of office, warehouse, storage and other space or facilities, and associated warehousing and storage services.	Multiple Factor - Utility Multiple Factor – Non-Utility Multiple Factor – Utility Direct Charge Ratio
Regional Support Services	Utilize utility operations level experience to provide regional support related to utility operations functions including in connection with providing Engineering Services, Human Resource Services, Facilities Services, Regional Claim Services, Labor Contract Negotiation Services, Area Managers, and related utility operations’ functions.	Multiple Factor - Utility Multiple Factor – Non-Utility Multiple Factor – Utility Direct Charge Ratio
Storm Support Services	Utilize utility operations level experience to provide storm support services including storm-related construction and reconstruction, operations and line restoration services to address storm-related conditions	Multiple Factor - Utility Multiple Factor – Non-Utility Multiple Factor – Utility Direct Charge Ratio
Environmental Services	Provide services and assistance related to identifying, managing and remediating environmental threats or risks.	Multiple Factor - Utility Multiple Factor – Non-Utility Multiple Factor – Utility Direct Charge Ratio
Communications/Software Services	Services include pagers, cell phones, computers, radios, I-Pads, laptops, software and hardware.	Multiple Factor – Utility Direct Charge Ratio

Product or Service	Product / Service Description	Indirect Allocation Methods
Meter Services	Provide services related to maintenance, operation, engineering, testing and repair of meters and related equipment.	Multiple Factor – Utility Direct Charge Ratio
Transportation and Garage Services	Provide services related to transportation maintenance practices and support.	Multiple Factor - Utility Multiple Factor – Non-Utility Multiple Factor – Utility Direct Charge Ratio
Forestry and Vegetation Management Services	Provide services related to forestry and vegetation management such as routine pruning, controlling or removing of vegetation as required to maintain line reliability, maintain access, make repairs, or restore service.	Multiple Factor - Utility Multiple Factor – Non-Utility Multiple Factor – Utility Direct Charge Ratio
Microfilming Services	Provide services related to microfilm storage and retrieval.	Multiple Factor – Utility Direct Charge Ratio
Records Retention and Storage	Provide services related to records storage, records retrieval, records retention and records planning.	Multiple Factor – Utility Direct Charge Ratio
Reprographics Services	Provide services related to production printing, document imaging and graphic services.	Multiple Factor – Utility Direct Charge Ratio
Remittance Processing	Provide services related to processing customer payments and depositing funds.	Number of Payments Ratio
Transmission and Distribution Skills Training	Develop and facilitate technical and safety training for workers associated with distribution activities, including line, substation, meter, fleet, warehouse, field engineering, and dispatch. Provide support through equipment evaluation, training analyses, job assessments, and project coordination.	Number of Participating Employees – General

ATTACHMENT II

List of FirstEnergy Service Company Allocation Methods as approved by the Securities and Exchange Commission as of as of June 1, 2003.

METHODS OF ALLOCATION**1. Multiple Factor – All**

- A. FirstEnergy will bear 5% of these Indirect Allocations. The remaining Indirect Allocations will be allocated among the Utility and the Non-Utility Subsidiaries based on FirstEnergy's equity investment in the respective groups.
- B. A subsequent allocation step will then occur. Among the Utility Subsidiaries, allocations will be based upon the "Multiple Factor - Utility" method. Among the Non-Utility Subsidiaries, allocations will be based upon the "Multiple Factor – Non-Utility" method.

2. Multiple Factor – Utility

Based on the sum of the weighted averages of the following factors:

- A. Gross transmission and/or distribution plant
- B. Operating and maintenance expense excluding purchased power and fuel costs
- C. Transmission and/or distribution revenues, excluding transactions with affiliates

Each of the above factors will be weighted equally so that no one facet of the utility operations inordinately influences the distribution of costs

3. Multiple Factor - Non-Utility

Based upon the total assets of each Non-Utility Subsidiary, including the generating assets under operating leases to the Utility Subsidiaries.

4. Multiple Factor - Utility and Non-Utility

- A. First, assign a distribution ratio that is in proportion to the Indirect Costs based on FirstEnergy's equity investment in the respective groups.
- B. Among the Utility Subsidiaries, allocations will be based upon the "Multiple Factor - Utility" method. Among the Non-Utility Subsidiaries, allocations will be based upon the "Multiple Factor - Non-Utility" method.

5. Direct Charge Ratio

The ratio of direct charges for a particular product or service to an individual Subsidiary as a percentage of the total direct charges for a particular product or service to all Subsidiaries benefiting from such services. Indirect Costs are then allocated to each Subsidiary based on the calculated ratios.

6. Number of Customers Ratio

Based on the number of Utility distribution customers for the respective Utility Subsidiary receiving the product or service divided by the total number of Utility distribution customers.

7. Number of Shopping Customers Ratio

Based on the number of shopping customers for the respective Utility Subsidiary receiving the product or service divided by the total number of shopping customers.

8. Number of Participating Employees – General

Based on the number of participating employees for the respective Subsidiary receiving the product or service divided by the total number of participating employees.

9. Number of Participating Employees - Utility and Non-Utility

A. First, assign a distribution ratio that is in proportion to the Indirect Costs based on FirstEnergy's equity investment in the respective groups.

B. Costs are further allocated by using the number of participating employees for the respective Subsidiary divided by the total number of participating FirstEnergy employees.

10. Gigabytes Used Ratio

Based on the number of gigabytes utilized by a Subsidiary receiving the product or service divided by the total number of gigabytes used by the FirstEnergy system companies applicable to that respective product or service.

11. Number of Computer Workstations Ratio

Based on the number of computer workstations utilized by a Subsidiary receiving the product or service divided by the total number of computer workstations in use by the FirstEnergy system companies applicable to that respective product or service.

12. Number of Billing Inserts Ratio

Based on the number of billing inserts performed for a Subsidiary receiving the product or service divided by the total number of billing inserts performed for the FirstEnergy system companies applicable to that respective product or service.

13. Number of Invoices Ratio

Based on the number of invoices processed for a Subsidiary receiving the product or service divided by the total number of invoices processed for the FirstEnergy system companies applicable to that respective product or service.

14. Number of Payments Ratio

Based on the number of monthly payments processed for a Subsidiary divided by the total monthly number of payments processed for the FirstEnergy system companies applicable to that respective product or service.

15. Daily Print Volume

Based on the average daily print volume performed for a Subsidiary receiving the service divided by the total average daily print volume performed for the entire FirstEnergy system.

16. Number of Intel Servers

Based on the number of Intel servers utilized by a Subsidiary receiving the product or service divided by the total number of Intel servers utilized by the FirstEnergy system.

17. Application Development Ratio

Based on the number of application development hours budgeted for a Subsidiary receiving the service divided by the total number of budgeted application development hours for the year.

18. Server Support Composite

Based on the average ratio of UNIX gigabytes, SAP gigabytes and Intel number of servers for a Subsidiary receiving the service.

Proposed Accounting Entries

MAIT entries using carrying value. For plant and equipment, carrying value is net book value (original cost less accumulated depreciation). For all other assets and liabilities, carrying value is the value recorded on the company's balance sheet.

**As of December 31, 2014
Preliminary and Subject to Change Based on Actual Closing Date
(Actual \$)**

Entry #	FERC Account	Debit	Credit
1	102 Electric Plant Purchased or Sold	\$ 1,280,061,474	-
	182.3 Deferred Storm Costs	14,374,488	-
	182.3 Vegetation Management	11,736,207	-

GROUND LEASE

This Lease made as of the [___] day of [____], 2016, by and between JERSEY CENTRAL POWER & LIGHT COMPANY, a New Jersey corporation (“Lessor”), and MID-ATLANTIC INTERSTATE TRANSMISSION, LLC, a Delaware limited liability company (hereinafter referred to as “MAIT”).

RECITALS

On the date of this Lease, Lessor has transferred to MAIT all of the electric energy transmission system of Lessor including, without limitation, all high tension electric transmission lines, towers, poles, posts, cables, conduits, transformers, insulators, meters, electrical connections, fuses, junction boxes and other fixtures and equipment, together with various substations and switching stations, all as more particularly described in the Capital Contribution Agreement executed and delivered by Lessor to MAIT on the date hereof (collectively the “Transmission Facilities”).

Pursuant to this Ground Lease, Lessor leases to MAIT all such lands, easements, franchises and other rights as Lessor has or may have upon, under or over which Transmission Facilities are located on the date hereof, for the purposes and on the terms set forth below.

The Premises are leased to MAIT so as to permit continued use of Transmission Facilities on the portion of the Premises on which the same exist on the date of this Lease for an annual rental representing a reasonable return on Lessor’s net book value thereof. Such terms recognize that Lessor has reserved the right to use, and to permit Authorized Users to use, portions of the Premises for all purposes that do not cause Transmission Facilities to violate the National Electric Safety Code (“NESC”) or Applicable Laws or that do not materially impair MAIT’s ability to satisfy its service obligations under applicable tariffs. Additional, or extensions of, uses of the Premises for MAIT facilities relating to transmission of electricity that additionally burden the Premises are subject to Lessor’s prior written approval, which shall not be withheld except as necessary to preserve Lessor’s Compatible Uses (as hereinafter defined), but will require payment to Lessor of the fair market value for the additional burden or limitation upon other uses resulting therefrom as set forth in this Lease.

NOW, THEREFORE, in consideration of the mutual covenants and promises of the parties hereto, Lessor and MAIT have agreed and do hereby agree as follows:

ARTICLE 1.

Demise of Leased Property

Section 1.1. Premises: Leased Property. Lessor hereby leases to MAIT, and MAIT hereby leases from Lessor, the following described property and rights to the extent of Lessor’s rights and interests therein, for the purposes set forth in Article 1 hereof and none other (collectively, the “Premises”):

(a) The tracts or parcels of land described on Exhibit A hereto as fee lands, together with portions of the buildings, structures and fixtures thereon to the extent used for transmission, but not distribution, of electricity on the date of this Lease.

(b) The easements granted to Lessor on, under or over which Transmission Facilities are situated on the date of this Lease, as described on Exhibit A hereto.

(c) The leased lands, servitudes, interests in land, permits, privileges, licenses, consents, franchises and authorizations granted to or held by Lessor on, under or over which Transmission Facilities are situated on the date of this Lease as described on Exhibit A hereto and not identified as being either fee land or an easement.

The portions of the Premises that are required for Transmission Facilities as the same exist and are used for transmission of electricity on the Commencement Date are referred to herein as “Leased Property” and constitute a burden upon the Premises only to the extent necessary for operation of Transmission Facilities thereon in compliance with the NESC and Applicable Laws and MAIT’s service obligations under applicable tariffs. MAIT is to have the priority right to use Leased Property for electric transmission and the right to replace and modify Transmission Facilities on Leased Property so long as the same do not increase MAIT’s uses of, or the burden upon, the portions of the Premises that are not within Leased Property. Because the Premises are primarily used for Transmission Facilities and the Leased Property is not capable of being separately described, MAIT leases the entire Premises and is to be responsible for the control and maintenance thereof and for payment of the Impositions thereon except to the extent specifically provided otherwise in this Lease.

Section 1.2 No Warranty. MAIT accepts the Premises “AS IS” in the condition existing on the date of this Lease and acknowledges that Lessor has made no representations or warranties with respect thereto including, without limitation, the extent of Lessor’s title thereto or rights in the Premises, the location of Transmission Facilities on, under or over the Premises, encroachments of Transmission Facilities on the property of others or encroachments of facilities of third parties on, under or over the Premises,

ARTICLE 2.

Term

Section 2.1 Commencement Date: Initial Term. The Initial Term of this Lease shall commence on the date of this Lease (the “Commencement Date”) and expire at midnight on the twenty-fifth (25th) anniversary of the Lease (hereinafter referred to as the “Initial Term”) unless this Lease shall sooner terminate as provided in this Lease. The Initial Term and any period for which the same may be extended by MAIT pursuant to Section 2.2 hereof is hereinafter referred to as the “Term.”

Section 2.2 Extension Periods. MAIT shall have three separate options – consecutive terms of twenty-five (25) years and one term of twenty-four (24) years – to extend the Term of this Lease for additional periods such that the total term of the Lease shall not exceed ninety-nine (99) years from the Commencement Date, upon terms and conditions set forth herein, provided MAIT

is not in material default in performing or observing any of its obligations under this Lease at the time of exercise of such option. MAIT shall be deemed to have exercised its option to extend the Term for the Extension Period and the Term shall automatically be so extended unless MAIT shall have given Lessor written notice of MAIT's decision not to extend the Term at least one (1) year prior to the expiration of the then current Term. If MAIT exercises its options for the three renewal periods, the Parties agree to begin negotiations in the 98th year of the Lease to extend the Lease for additional periods beyond ninety-nine (99) years.

ARTICLE 3.

Rent

Section 3.1 Base Rent during the Term. As provided at Schedule A herein, Lessor shall calculate an annual Base Rent using the following inputs: (i) net book value of the Premises; (ii) MAIT's weighted average cost of capital as reviewed and approved by the Federal Energy Regulatory Commission; (iii) MAIT's statutory tax rate; (iv) property taxes; and (v) all other costs, expenses, liabilities or charges that may be incurred by Lessor pursuant to any lease agreement, license agreement, consent agreement or other similar agreement relating to the Premises. Base rent shall be payable in equal quarterly installments on the first day of each calendar quarter during the Term; except that MAIT shall pay to Lessor within five (5) business days after the Commencement Date prorated rent for the period from the Commencement Date to the end of the calendar quarter in which the Commencement occurs. A projected base rent will be estimated for quarterly installments until actual information becomes available. At that time, a reconciliation adjustment to reflect actual end of year values will be included in the subsequent quarterly installment.

Section 3.2 Payment. MAIT covenants and agrees to pay Base Rent to Lessor as required by this Lease as and when due and payable. All Base Rent payable, as well as all other amounts payable by MAIT to Lessor pursuant to this Lease, shall be payable to Lessor via the FirstEnergy Utility Money Pool, pursuant to the Revised and Restated FirstEnergy Utility Money Pool Agreement as such agreement may be amended from time to time, or in such other manner or at such place as Lessor shall, from time to time, designate by notice to MAIT.

Section 3.3 Net Operating Lease. It is intended that the Base Rent provided for in this Lease shall be absolutely net to Lessor throughout the Term, net of any taxes, costs, expenses, liabilities, charges or other deductions whatsoever, with respect to the Premises or with respect to any interest of Lessor therein, except as specifically provided otherwise herein.

ARTICLE 4.

Permitted Uses of Leased Property and Transmission Facilities

MAIT shall have use of Leased Property for operation of Transmission Facilities solely for transmission, but not distribution, of electricity, and purposes incidental thereto including, without limitation, operating, inspecting, maintaining, repairing, replacing and removing Transmission Facilities (the "Permitted Uses"). Subject to Article 5 hereof, MAIT shall also have the right to construct, improve, alter and/or relocate Transmission Facilities on Leased Property. MAIT shall

not have the right to use the Premises and MAIT may not permit others to use any Leased Property or Transmission Facilities for any purpose other than Permitted Uses, all such rights being reserved to Lessor as provided in Article 5.

ARTICLE 5.

Additions/Alterations

Section 5.1 Additions/Alterations. MAIT may construct, erect, alter, add to or relocate Transmission Facilities (an “Addition/Alteration”) on Leased Property only after prior written notice thereof to Lessor. Prior to undertaking any Addition/Alteration, MAIT shall submit plans, specifications, surveys and/or other information pertaining to the proposed Addition/Alteration so as to fully inform Lessor as to the nature and extent thereof. Within sixty (60) days after such notice to Lessor, Lessor shall notify MAIT whether such proposed Addition/Alteration will result in an additional burden on the Premises and Lessor’s estimate of the amount of the fair market value of the property rights required therefor.

Section 5.2 New Facilities. With the prior written approval of Lessor, which approval shall not be withheld except as necessary to preserve Lessor’s Compatible Uses (as hereinafter defined), MAIT may construct, erect, or install and operate electric transmission lines, towers, poles, posts, cables, conduits, transformers, insulators, meters, electric connections, fuses, junction boxes and other fixtures and any equipment (“New Facilities”) on the Premises provided that MAIT pays to Lessor the fair market value of the property rights required therefor. MAIT may submit to Lessor from time to time written requests to use portions of the Premises for New Facilities and shall accompany such request with plans, specifications, surveys and/or other information pertaining thereto so as to fully inform Lessor as to the nature and extent thereof. Within sixty (60) days after submission of such request to Lessor, Lessor shall notify MAIT whether or not Lessor approves use of the Premises for the New Facilities and of Lessor’s estimate of the fair market value of the property rights required therefor. Lessor shall accommodate, if practically feasible, MAIT’s requests for New Facilities to the extent that the same are related to the Transmission Facilities or to the provision of adequate and reliable transmission service by MAIT, including the interconnection of generation sources or load.

Section 5.3 Payment of Fair Market Value. Prior to making any Addition/Alteration on Leased Property or undertaking work on the Premises with respect to New Facilities, MAIT shall pay to Lessor a lump sum equal to the fair market value of the property rights required therefor. If MAIT wishes to proceed with making the Addition/Alteration on Leased Property or undertaking work on the Premises with respect to New Facilities prior to final determination of the fair market value of the property rights required therefor, MAIT shall deposit with Lessor a sum equal to the amount of Lessor’s estimate without prejudice to its right to a refund of a portion thereof with interest if the fair market value is subsequently determined to be less than the amount so deposited.

Section 5.4 Compliance with Laws. All Additions/Alterations and New Facilities shall be undertaken in a good and workmanlike manner and in compliance with the laws, regulations and requirements of all governmental authorities having jurisdiction.

Section 5.5 Additions to Leased Property. Unless Lessor and MAIT agree otherwise in writing, all Additions/Alterations and New Facilities shall become Transmission Facilities as if originally subject to this Lease and the same shall remain the property of MAIT. Further, any additional property rights in the Premises for which MAIT has made payment to Lessor pursuant to Section 5.2, Section 5.3, Section 7.2 or Section 7.3 hereof shall become Leased Property as if originally subject to this Lease.

ARTICLE 6.

Maintenance of the Premises and Transmission Facilities

Section 6.1 MAIT Maintenance Obligations. Except as provided in Section 9.4, MAIT shall be solely responsible for maintaining, at its expense, all Transmission Facilities and the Premises. MAIT shall maintain the portions of the Premises for which MAIT is responsible for maintenance in a clean and orderly condition, free from all litter and debris without regard to how the same became placed thereon or therein. MAIT shall be responsible for maintaining and repairing buildings, structures and fixtures on Leased Property (but not Distribution Facilities therein or thereon) so as to keep the same in good condition and repair. MAIT shall keep and maintain the Transmission Facilities located on Leased Property in a structurally and operationally safe condition and keep the same in a state of repair complying with all requirements of NESC and Applicable Law. MAIT shall be solely responsible for repairing, maintaining and replacing, as necessary, all parking areas, driveways, passageways, walkways and other areas on the Premises (except such as may be or have been installed by Lessor or an Authorized User in connection with a Compatible Use of the Premises that is related to any exclusive use by Lessor and/or an Authorized User and not MAIT) and the sidewalks and tree lawns adjoining the Premises. MAIT also shall be responsible for mowing portions of the Premises for which MAIT is responsible for maintenance, for removal of noxious weeds and brush therefrom and for removal of snow and ice from driveways and parking areas other than those exclusively related to a Compatible Use of Leased Property by Lessor and/or an Authorized User and not MAIT.

Section 6.2 Patrol: Encroachments. MAIT shall patrol by air the Premises at least annually and MAIT shall notify Lessor of any unauthorized uses of the Premises or encroachments thereon that may be identified as a result of such patrol or otherwise. If there are unauthorized uses of, or encroachments upon, the Premises, Lessor shall determine in the first instance whether or not action should be undertaken to terminate or otherwise address the same. If Lessor undertakes to terminate the unauthorized use or encroachment, Lessor shall do so at its sole cost and expense. If Lessor notifies MAIT that Lessor has determined that no action will be required by Lessor to terminate such unauthorized use or encroachment, then MAIT may take action, at MAIT's sole cost and expense, as it may deem appropriate to terminate such unauthorized use or encroachment.

Section 6.3 Lessor Not Responsible for Maintenance. Except as otherwise provided herein, Lessor shall not be responsible or liable to MAIT for, or by reason of, the condition of Premises, or arising from any failure to keep the same in good and lawful order and condition. Lessor shall not be required to make any expenditure whatsoever for the maintenance of Premises except as necessary to permit its Compatible Uses thereof or related to Lessor's facilities and equipment on, under or over Premises.

ARTICLE 7.

Electric Distribution Facilities on Transmission Facilities and Leased Property

Section 7.1 Priority Rights for Transmission Facilities. Lessor acknowledges that MAIT is to have the priority right to use Transmission Facilities and the Leased Property for its electric transmission lines and that Lessor's proposed installation of Distribution Facilities (defined in Section 8.1 hereof) on or in Transmission Facilities and/or Leased Property or Lessor's existing Distribution Facilities on or in Transmission Facilities and/or Leased Property may conflict with MAIT's planned installation of additional transmission lines thereon or therein.

Section 7.2 Proposed Installation of Distribution Facilities. To the extent that Lessor proposes to install Distribution Facilities on or in Transmission Facilities or Premises that MAIT regards as conflicting with MAIT's planned installation of additional transmission lines thereon or therein, MAIT may preclude Lessor's use for such installation. In such event, MAIT shall reimburse Lessor for the additional incremental cost of the alternative required in order to facilitate the Distribution Facilities proposed by Lessor (it being recognized that alternative rights-of-way for electric distribution lines are less difficult to obtain and less costly than MAIT alternative rights-of-way for transmission lines) over the cost Lessor would have incurred if Distribution Facilities were installed on Transmission Facilities or Premises.

Section 7.3 Relocation of Distribution Facilities. Lessor and MAIT also recognize that Distribution Facilities may presently be installed on or in Transmission Facilities or Leased Property or hereafter installed thereon or therein that MAIT subsequently determines preclude installation of additional transmission lines unless such Distribution Facilities are removed and relocated. In such event, MAIT shall have the right to require Lessor to remove such Distribution Facilities provided MAIT has reimbursed Lessor for alternative rights-of-way such that Lessor may install Distribution Facilities that are a suitable alternative to the existing Distribution Facilities that are to be removed and relocated. MAIT shall also reimburse Lessor for the cost of removing its Distribution Facilities from Transmission Facilities or Leased Property and for the cost of installing the alternative Distribution Facilities and shall pay to Lessor a lump sum equal to the fair market value of the property rights reserved or used for MAIT's additional transmission lines if the same result in an additional burden on the Premises.

ARTICLE 8.

Lessor's Reserved Rights to Use the Premises and Transmission Facilities

Section 8.1 Compatible Uses. Subject to Article 9 hereof, Lessor reserves and retains the right to use, and to permit other users authorized in writing by Lessor to use (each an "Authorized User"), the Premises and Transmission Facilities for any and all purposes not inconsistent with MAIT's Permitted Uses including, without limitation, all such uses as are being made of the Premises and Transmission Facilities on the date of this Lease and any future uses that do not cause Transmission Facilities to be in violation of the National Electric Safety Code ("NESC") or any other law, ordinance, rule or regulation applicable to Transmission Facilities or Leased Property, including the Reliability Standards adopted by the Federal Energy Regulatory Commission and enforced by the North American Electric Reliability Corporation and

ReliabilityFirst Corporation (“Applicable Laws”) or that do not materially impair MAIT’s ability to satisfy its service obligations under applicable tariffs. Such uses of Premises and Transmission Facilities by Lessor or an Authorized User are herein referred to as “Compatible Uses.” Compatible Uses of Leased Property include, for example and not limitation, towers, poles, posts, cables, conduits, transformers, insulators, meters, electrical connections, fuses, junction boxes and other equipment relating to distribution, but not transmission, of electricity (“Distribution Facilities”) of Lessor or Authorized Users; any and all underground lines, conduits, pipes, equipment and facilities including, without limitation, sewer, water and gas lines and mains; farming, gardening, and other agricultural uses, roadways, parking lots and buildings; microwave and cellular telephone and other telecommunication towers, poles, antennae and equipment, fiberoptic cables and all other structures and facilities of every type and nature. Compatible Uses of Transmission Facilities includes, for example and not limitation, installation and operation thereon of Distribution Facilities, telephone, fiber optic and other communication lines and equipment, installation of communication poles, antennae or structures within or on Transmission Facilities and use of Transmission Facilities for support thereof.

Section 8.2 Conflicting Uses. Any use of Leased Property that is not a Compatible Use, i.e., that causes Transmission Facilities to be in violation of the NESC or Applicable Law or that materially impairs MAIT’s ability to satisfy its service obligations under applicable tariffs, is referred to herein as a “Conflicting Use.”

ARTICLE 9.

Compatible Uses by Lessor or Authorized Users

Section 9.1 Notice of Compatible Use. Lessor shall give MAIT written notice of an intention to initiate any use that Lessor or an Authorized User, as the case may be, (an “Initiating User”) deems to be a Compatible Use at least thirty (30) days prior to undertaking activities in furtherance of such proposed use provided, however, that no such notice shall be required unless the Compatible Use involves an attachment to Transmission Facilities (such as Distribution Facilities, electric distribution lines, equipment, supports, antenna and other equipment or facilities attached in any way thereto or suspended therefrom) or an installation requiring excavation within the surface area underlying or within thirty (30) feet adjacent to, Transmission Facilities at ground level. Within thirty (30) days after notice to MAIT of such proposed use, MAIT shall notify Lessor whether MAIT believes the proposed use to be a Conflicting Use. If MAIT notifies Lessor that it regards the proposed use to be a Conflicting Use, then activities in furtherance thereof shall not be undertaken until and unless MAIT notifies Lessor in writing that MAIT withdraws its claim that such proposed use is a Conflicting Use or MAIT and Lessor otherwise agree in writing to modification of the proposed use of the Transmission Facilities affected thereby so as to accommodate the objections) by MAIT. Lessor shall furnish to MAIT such plans and specifications, surveys or other information regarding the proposed use as MAIT may reasonably request in order to evaluate the nature and extent of the proposed use.

MAIT and Lessor shall cooperate in good faith to accommodate Permitted Uses and Compatible Uses of Leased Property and Transmission Facilities to the extent reasonably feasible. If and to the extent that Transmission Facilities may be relocated or modified to accommodate Compatible Uses and thereby avoid Conflicting Uses without materially adversely affecting the

operation thereof, MAIT shall undertake, or authorize Lessor or an Authorized User to undertake, such relocation or modification provided Lessor or the Authorized User, as the case may be, pays all costs reasonably incurred in making such relocations or modifications (including, without limitation, land or right of way acquisition costs, engineering and legal fees and expenses and construction costs) and observes such requirements as MAIT may reasonably specify in connection therewith.

Section 9.2 Informational Notices. Lessor may give MAIT written notice of an intention to initiate any proposed use of Leased Property by Lessor or an Authorized User in proximity to Transmission Facilities that might adversely affect the structure of, or subjacent or lateral support for, Transmission Facilities and furnish such plans and specifications, surveys and other information regarding such proposed use so that MAIT may specify appropriate protective requirements with respect to the work so as to avoid possible damage to Transmission Facilities. Lessor also may give MAIT informational notice of other Compatible Uses of the Premises that do not require notice to MAIT prior to initiating same. Such informational notices may result in relieving MAIT of some maintenance responsibility for the Premises or for payment of a share of Impositions that are attributable to the facilities or equipment related to Compatible Use or may be merely for the purpose of informing MAIT of the existence of such Compatible Use.

Section 9.3 Repair Obligations of Lessor Authorized User. Lessor shall promptly cause all damage to the Premises or Transmission Facilities resulting from activities associated with Compatible Uses undertaken by Lessor to be repaired to a condition at least substantially equivalent to that existing prior thereto including, as appropriate in the case of the Premises, leveling of the surface thereof and seeding with grasses or other ground cover as appropriate following excavation of the surface and such other restorative requirements, as the case may be, set forth in the plans and specifications therefor submitted to MAIT. Lessor shall also require each Authorized User to cause all damage to the Premises or Transmission Facilities resulting from activities associated with Compatible Uses by such Authorized User to be so repaired.

Section 9.4 Maintenance Obligation of Lessor or Authorized User. Lessor or an Authorized User, as the case may be, shall be solely responsible for maintenance and repair of all facilities and equipment relating to its Compatible Uses of the Premises or Transmission Facilities and shall keep and maintain the same in a structurally and operationally safe condition. Lessor or an Authorized User, as the case may be, shall also be responsible for maintaining any portion of the Premises that is exclusively used by Lessor or the Authorized User.

ARTICLE 10.

Right of First Offering

Section 10.1 Sale Offer of Leased Property. In the event Lessor determines to sell any Leased Property, Lessor shall notify in writing MAIT thereof and the sales price and terms upon which Lessor wishes to sell the same (the "Sale Offer"). MAIT shall have the right to purchase the Leased Property that Lessor proposes to sell at the price and upon the terms of the Sale Offer for a period of thirty (30) days after such notice to MAIT. MAIT shall exercise such right by written notice of acceptance of such Sale Offer within such 30-day period. In the event MAIT does not accept such Sale Offer, Lessor may sell the Leased Property subject to the Sale Offer at

any time within one (1) year after notice of the Sale Offer to MAIT upon substantially the same terms and for a sale price that is not less than 90% of the sale price set forth in the Sale Offer.

Section 10.2 MAIT's Lease Rights Preserved. Any sale of Leased Property to a third party pursuant to a Sale Offer shall not affect the rights of MAIT under this Lease and, unless Lessor and MAIT shall agree otherwise in writing, such sale shall not result in adjustment of the Base Rent otherwise payable by MAIT to Lessor with respect to such Leased Property.

Section 10.3 Sale of Premises other than Leased Property. Lessor shall have the right to sell any portion of the Premises that does not include Leased Property without offering to sell the same to MAIT.

ARTICLE 11.

Taxes and Other Impositions

Section 11.1 MAIT's Responsibility for Impositions. Except as hereinafter provided in Section 11.2 and Section 11.4, MAIT shall reimburse Lessor within ten (10) business days after receipt of an invoice from Lessor therefor, before any fine, penalty, interest or cost may be added thereto for the non-payment thereof, all real estate taxes, assessments, water and sewer rents and charges, any occupancy tax or similar tax, whether or not imposed on or measured by the rents payable by MAIT, and other governmental levies and charges, of any kind and nature whatsoever, which are assessed, levied, confirmed, imposed or become a lien upon the Premises and/or any part thereof, during the Term and any tax measured by the rent payable by MAIT under this Lease or any tax solely on the rent payable by MAIT under this Lease, whether or not such tax is imposed on Lessor or MAIT (all of which are hereinafter referred to as "Impositions"). Upon request, Lessor shall furnish to MAIT all bills relating to Impositions received by Lessor so that MAIT may determine whether or not to contest same as permitted by Section 11.3 hereof. If, by law, any Imposition is payable or may at the option of the taxpayer be paid in installments (whether or not interest shall accrue on the unpaid balance of such Imposition), Lessor shall pay the same (and any accrued interest on the unpaid balance of such Imposition) in installments as the same respectively become due and before any fine, penalty, interest or cost may be added thereto for the non-payment of any such installment and interest. Any Imposition, the lien of which relates to a period in which the Term of this Lease as to any of the Premises begins or ends, shall be apportioned so that MAIT shall pay only that proportion of such Imposition which corresponds with the portion of said period as is within the Term. Upon request by MAIT, Lessor will cooperate with MAIT in applying for any exemption from real estate taxes to which the Premises may be entitled under applicable law provided MAIT reimburses Lessor for any out-of-pocket costs reasonably incurred by Lessor in connection therewith.

Section 11.2 Apportionment. Notwithstanding Section 11.1, MAIT shall not be responsible for reimbursing Lessor for the portions of Impositions attributable to buildings, improvements or Distribution Facilities of Lessor or an Authorized User, it being contemplated that MAIT will be responsible for Impositions attributable to the Premises and to buildings and improvements that relate to Transmission Facilities (i.e., to the extent attributable to use for transmission of electricity). Distribution Facilities and the Transmission Facilities are generally treated under applicable state tax law as personal property and taxed as such to Lessor or MAIT,

as the case may be. Real estate taxes on rights-of-way are generally payable by the fee owner and not Lessor. Accordingly, it is anticipated that real estate taxes and assessments with respect to fee land that is a part of the Premises will have to be apportioned so that the taxes attributable to the land and buildings and improvements (or portions thereof) relating to transmission of electricity are allocated to MAIT and Lessor shall cooperate in order to effect an appropriate allocation of real estate taxes, assessments and any other Impositions such that MAIT, Lessor or Authorized Users are charged with payment of the proper portion thereof.

Section 11.3 Contested Impositions. Notwithstanding anything to the contrary herein contained, if MAIT deems any Imposition for which it is responsible to be excessive or illegal, MAIT may request that Lessor defer payment thereof in order to permit the validity or the amount thereof to be contested in good faith by MAIT (or by Lessor on MAIT's behalf) provided MAIT shall have furnished to Lessor such security as Lessor may reasonably require in order to assure the discharge of the amounts so contested and unpaid, together with all interest and penalties in connection therewith and all charges that may or might be assessed against or become a charge on the Premises in said proceedings. If, at any time during the continuance of such proceedings, Lessor shall deem the security provided to it insufficient, MAIT shall, upon demand, furnish to Lessor such additional security as Lessor may reasonably require, and upon failure of MAIT so to do, the security theretofore provided may be applied to the payment, removal and discharge of such Imposition and interest and penalties in connection therewith and any costs, fees or other liabilities accruing in such proceedings, and the balance, if any, shall be returned to MAIT, provided MAIT is not in default hereunder. If the amount so deposited or the amount paid by MAIT or its surety shall be insufficient for this purpose, MAIT shall forthwith pay to Lessor such additional sum as may be necessary to pay the same. Any contest as to the validity or amount of any Imposition, whether before or after payment, may be made by MAIT, in the name of Lessor or of MAIT, or both, as MAIT shall determine, and Lessor will, at MAIT's expense, cooperate with MAIT in any such contest to such extent as MAIT may reasonably request. It is understood, however, that Lessor shall not be subject to any liability for the payment of any costs or expenses in connection with any such proceeding brought by MAIT and MAIT covenants to pay, and to indemnify and save Lessor harmless from, any such costs or expenses. MAIT shall be entitled to any refund of any such Imposition and penalties or interest thereon which have been paid by MAIT or which have been paid by Lessor and reimbursed to Lessor by MAIT.

Section 11.4 Lessor's Taxes. It is expressly understood and agreed that MAIT shall not be required to pay, or reimburse Lessor for any federal, capital levy, franchise tax, gross receipts tax, revenue tax, premium tax, personal property tax, income tax or profits tax of Lessor or any such tax imposed after the date hereof, by any state or local governmental authority or jurisdiction if such tax is determined on the basis of the general assets, or the general net income or net revenue of Lessor.

ARTICLE 12.

Compliance with Applicable Laws

Section 12.1 Compliance with Applicable Law. MAIT shall, throughout the Term, and at no expense whatsoever to Lessor, promptly comply, or cause compliance, with all Applicable Laws and all orders, rules, regulations and requirements of duly constituted public authorities

relating to the Transmission Facilities and all of the Premises except as the same relate to Compatible Uses by Lessor and/or Authorized Users.

Section 12.2 MAIT's Contest of Applicable Law. MAIT shall have the right to contest by appropriate legal proceedings, without cost or expense to Lessor, the validity of any Applicable Law relating to its use of Leased Property or Transmission Facilities and to postpone compliance with the same if, by the terms of any such Applicable Law, compliance therewith may legally be held in abeyance without incurring any lien, charge or liability of any kind against the Premises or any interest of Lessor therein and without subjecting Lessor to any liability, civil or criminal, whatsoever nature for failure to comply therewith. MAIT may postpone compliance therewith until the final determination of any proceedings, provided that all such proceedings shall be prosecuted with all due diligence and dispatch. If MAIT shall initiate or carry on any such legal proceedings in the name of Lessor, or of Lessor and MAIT, and, except in the case of an emergency, MAIT shall so advise Lessor in writing not less than fifteen (15) days before initiating such proceedings and give full details as to the tribunal in which said proceedings are to be filed, the law, ordinance, order, ruling, regulation or requirement contested, and such additional data as Lessor may require to enable it to understand the facts and evaluate them. If any lien, charge or civil liability, but not criminal liability, is incurred by reason of non-compliance, MAIT may nevertheless make the contest and delay compliance as aforesaid, provided that MAIT furnishes to Lessor such security as Lessor may reasonably require against any loss or injury by reason of such non-compliance or delay therein and MAIT prosecutes the contest with due diligence and dispatch.

Section 12.3 Contest of Applicable Law by Lessor or Authorized User. Nothing in this Article 12 shall preclude Lessor or an Authorized User from contesting the validity of any law, ordinance, rule or regulation applicable to the Premises or any use thereof by Lessor or an Authorized User as the case may be.

ARTICLE 13.

Damage or Destruction of Transmission Facilities and Condemnation

Section 13.1 Damage; Destruction and Condemnation. This Lease shall not terminate, nor, except to the extent otherwise specifically provided herein, shall MAIT be entitled to any abatement or return of Base Rent or reduction thereof, nor shall the respective obligations of Lessor and MAIT be otherwise affected, by reason of damage to or destruction of all or any of the Transmission Facilities from whatever cause, the taking of the Premises or Transmission Facilities by condemnation or exercise of the power of eminent domain or otherwise, the lawful prohibition of MAIT's use of any Leased Property or Transmission Facilities, or any other cause similar to the foregoing, any present or future law to the contrary notwithstanding, it being the intention of the parties hereto that the Base Rent and charges paid or payable by MAIT shall continue to be payable in all events unless the obligation to pay the same shall be terminated pursuant to the express provisions of this Lease.

Section 13.2 Condemnation Award. Lessor shall be entitled to the entire award resulting from any taking of the Premises pursuant to exercise of the power of eminent domain and MAIT shall have no claim with respect thereto. Notwithstanding the foregoing, in the event of a taking

of Leased Property by exercise of the power of eminent domain such that MAIT cannot continue use of the portion affected thereby for its Transmission Facilities, then MAIT shall have the right to terminate this Lease as to such portion, however, Base Rent payable by MAIT shall not be reduced as a result thereof.

ARTICLE 14.

Environmental Matters

Section 14.1 Hazardous Material. As used herein, the term “Hazardous Material” means any hazardous or toxic substance, material or waste which is or becomes regulated by any governmental authority, including without limitation, any material or substance which is (a) defined or listed as a “hazardous waste,” “extremely hazardous waste,” “restricted hazardous waste,” “hazardous substance” or “hazardous material” under any applicable federal, state or local law or administrative code promulgated thereunder; (b) petroleum or any derivative thereof; (c) asbestos; (d) PCB’s; or (e) lead. MAIT shall not cause or permit any Hazardous Material to be brought upon, stored, used, handled, generated, released or disposed of on, in, under or about the Premises by MAIT, its agents, employees, contractors or invitees, except in compliance with applicable laws and regulations. Moreover, MAIT shall be responsible for removal of any and all Hazardous Material on or under the Premises excepting only such Hazardous Material as was present prior to the Commencement Date or hereafter is placed on or under the Premises as a result of acts of Lessor or Authorized Users or the presence of facilities and equipment of Lessor or Authorized Users thereon or therein or on, under or over other properties of Lessor adjacent to or in the vicinity of the Premises.

Section 14.2 MAIT’s Environmental Indemnity. MAIT shall indemnify, defend and hold Lessor and its officers, directors and employees harmless from any and all claims, actions, administrative proceedings (including informal proceedings), judgments, damages, punitive damages, penalties, fines, costs, liabilities, interest or losses, attorney’s fees and expenses, consultant and expert fees, costs of investigation, monitoring, cleanup, containment, restoration, removal or other remedial work, together with all other costs and expenses of any kind or nature that arise during or after the Term from any breach of MAIT’s obligations set forth in this Article 14.

Section 14.3 Lessor’s Environmental Indemnity. Lessor shall indemnify, defend and hold MAIT and its officers, directors and employees harmless from any and all claims, actions, administrative proceedings (including informal proceedings), judgments, damages, punitive damages, penalties, fines, costs, liabilities, interest or losses, attorney’s fees and expenses, consultant and expert fees, costs of investigation, monitoring, cleanup, containment, restoration, removal or other remedial work, together with all other costs and expenses of any kind or nature that arise during or after the Term from the presence of Hazardous Material on or under the Premises prior to the Commencement Date or that is hereafter placed on or under the Premises as a result of acts of Lessor or Authorized Users or the presence of facilities of Lessor or Authorized Users thereon or therein or on, under or over other properties of Lessor and adjacent to or in the vicinity of the Premises.

Section 14.4 Survival of Environmental Indemnity Covenants. Each of the covenants and agreements of MAIT and Lessor set forth in this Article 14 shall survive termination of this Lease.

ARTICLE 15.

Indemnification

Section 15.1 MAIT's Indemnification Obligation. Except as herein expressly provided otherwise, MAIT covenants and agrees, at its sole cost and expense, to indemnify, defend and save harmless Lessor against and from any and all claims by or on behalf of any person, firm, corporation or governmental authority, arising from the construction, occupancy, use, possession, conduct or maintenance of or from any work or thing whatsoever done in or about Premises during the Term and further to indemnify, defend and hold Lessor harmless against and from any and all claims arising with respect to Transmission Facilities, or arising from any breach or default on the part of MAIT in the performance or observance of any covenant or agreement on the part of MAIT to be performed or observed pursuant to the terms of this Lease, or arising from any negligent act or omission or willful misconduct of MAIT, or any of its agents, employees, contractors or invitees, or arising from any accident, injury or damage whatsoever, however caused, occurring during the Term, in or about the Premises, and from and against all costs, counsel and consultants' fees, expenses and liabilities incurred by Lessor in connection with any such claim, action or proceeding brought thereon; and in case any action or proceeding be brought against Lessor, covenants to resist or defend such action or proceeding by counsel reasonably satisfactory to Lessor unless such action or proceeding is resisted or defended by counsel for any carrier of commercial general liability insurance referred to in Section 17.1 hereof, as authorized by the provisions of any policy of commercial general liability insurance maintained pursuant to said Section. The foregoing indemnification, defense and hold harmless provision for the benefit of Lessor (a) shall apply only to the extent that the proceeds of insurance required hereunder or otherwise obtained by MAIT for the benefit of Lessor are insufficient fully to protect Lessor and (b) shall not apply or extend to any negligent act or omission or willful misconduct of Lessor or an Authorized User, or any agents, employees or contractors of Lessor or an Authorized User nor to any condition, or circumstance resulting from operation, maintenance, repair, replacement or removal, of the Distribution Facilities of Lessor on the Premises or improvements, equipment or facilities of an Authorized User on the Premises.

Section 15.2 MAIT's Indemnification for Lessor's Costs of Enforcing Lease. MAIT shall indemnify, defend and hold Lessor harmless against and from, all costs and charges, including counsel and consultants' fees, reasonably incurred in obtaining possession of the Premises after default by MAIT or upon expiration or earlier termination of the Term hereof, or in enforcing any covenant or agreement of MAIT herein contained.

Section 15.3 Workers' Compensation Indemnity Waivers. For the purpose of indemnification of Lessor from judgments, claims, suits or actions brought against it by MAIT employees, MAIT expressly and specifically waives any and all immunity to which it may be entitled under the workers' compensation laws of the jurisdiction in which the Premises are located.

ARTICLE 16.

Liens

Section 16.1 No Liens. Except as provided in Article 11 and Article 24 hereof, MAIT shall not allow the interest of Lessor or MAIT in the Premises or Transmission Facilities to become subject to any lien, charge or encumbrance whatsoever and shall indemnify, defend and hold Lessor harmless from and against all such liens, charges and encumbrances.

Section 16.2 Discharge of Certain Liens. MAIT shall not suffer or permit any mechanic's, laborer's or materialman's liens to stand against the Premises, or any part thereof by reason of any work, labor, services or materials done for, or supplied to, or claim to have been done for, or supplied to, MAIT. If any such lien shall at any time be filed against the Premises, or any part thereof, or against the interest of MAIT in the Premises, MAIT shall cause the same to be discharged of record within thirty (30) days after the date of filing the same, by either payment, deposit or bond. If MAIT shall fail to discharge any such lien within such period, then, in addition to any other right or remedy of Lessor, Lessor may, but shall not be obligated to, procure the discharge of the same either by paying the amount claimed to be due by deposit in court or bonding, and/or Lessor shall be entitled, if Lessor so elects, to compel the prosecution of any action for the foreclosure of such lien by the lienor and to pay the amount of the judgment, if any, in favor of the lienor, with interest, costs and allowances. Any amount paid or deposited by Lessor for any of the aforesaid purposes, and all reasonable costs and other expenses of Lessor, including reasonable counsel and consultants' fees, in defending any such action or procuring the discharge of such lien, with all necessary disbursements in connection therewith, shall be payable by MAIT to Lessor as additional rent within thirty (30) days after invoice by Lessor to MAIT therefor.

Section 16.3 No Lessor Consent to Liens. Nothing in this Lease shall be deemed to be, or construed in any way as constituting, the consent of Lessor to the filing of any lien against Lessor's interest in the Premises by any person, firm or corporation for the performance of any labor or the furnishing of any materials for any construction, rebuilding, alteration or repair of Transmission Facilities, or any part thereof

ARTICLE 17.

Insurance and Waiver of Subrogation

Section 17.1 Insurance. During the Term, MAIT shall maintain in effect commercial general liability insurance protecting MAIT and Lessor (as evidenced by policies in which Lessor is named as an additional insured) against claims of any and all persons, firms and corporations for personal injury, death or property damage occurring upon, in or about the Premises, with such limits of liability as are customarily carried by prudent electric transmission companies or such amount as Lessor shall approve in writing from time to time. All insurance policies provided pursuant to this Section 17.1 shall be obtained by MAIT from an insurance carrier or carriers of good reputation and sound financial responsibility selected by MAIT and shall be subject to self-retention deductibles in such amounts as Lessor may approve in writing from time to time, which approval Lessor agrees not to unreasonably withhold, delay or condition. Policies or certificates evidencing such insurance have been delivered by MAIT to Lessor prior to execution of this Lease

and certificates evidencing renewal of such insurance shall be delivered to Lessor at least ten (10) days' prior to the expiration of any such policy of insurance. Each such policy shall contain an agreement by the insurers not to cancel such policy or materially alter its coverages except upon at least thirty (30) days' prior written notice to Lessor.

Section 17.2 Waivers of Subrogation. Lessor and MAIT each hereby mutually waive its respective rights of subrogation and recovery against the other for any loss insured by property insurance maintained by such party. The Transmission Facilities and all other property on the Premises belonging to MAIT, its agents, employees or invitees shall be at the risk of MAIT or such other person only, and Lessor shall not be liable for damage thereto or for the theft, misappropriation or loss thereof.

ARTICLE 18.

Lessor's Rights To Perform MAIT's Covenants

Except to the extent otherwise provided in Section 11.3, MAIT covenants and agrees that if it shall at any time fail to pay, or cause to be paid, any Imposition required to be paid by MAIT pursuant to the provisions of Article 11 hereof, or to take out, pay for, maintain or deliver or cause to be taken out, paid for, maintained or delivered any of the insurance policies provided for in Article 17 hereof, or shall fail to make any other payment or perform any other act which MAIT is obligated to make or perform under this Lease, or cause such to be done, then Lessor may, but shall not be obligated so to do, after thirty (30) days' written notice to MAIT (but without notice in the event of an emergency) and without waiving, or releasing MAIT from, any obligation of MAIT in this Lease contained, pay any such Imposition or effect such insurance coverage and pay premiums therefor, and may make any other payment or perform any other act which MAIT is obligated to perform under this Lease, in such manner and to such extent as shall be necessary, reasonable and, in exercising any such rights, pay necessary, reasonable and incidental costs and expenses, employ counsel and incur and pay attorneys' and consultants' fees. All sums so paid by Lessor and all necessary, reasonable and incidental costs and expenses in connection with the performance of any such act by Lessor, shall be deemed additional Base Rent hereunder and, except as otherwise expressly provided in this Lease, shall be payable to Lessor as additional Base Rent within thirty (30) days after the date of Lessor's invoice to MAIT therefor, and MAIT covenants to pay any such sum or sums and Lessor shall have the same rights and remedies in the event of the nonpayment thereof by MAIT as in the case of default by MAIT in the payment of Base Rent.

ARTICLE 19.

Default Provisions

Section 19.1 Events of Default. This Lease and the Term hereof are subject to the limitation that if, at any time during the Term, any one or more of the following events (herein called an "Event of Default") shall occur:

- (a) if MAIT shall fail to pay any installment of the Base Rent provided for herein, or any part thereof, when the same shall become due and payable, and such failure

shall continue for ten (10) days after receipt of written notice thereof from Lessor to MAIT;
or

(b) if MAIT shall fail to pay any other charge or sum required to be paid by MAIT hereunder and any such failure shall continue for thirty (30) days after receipt of written notice thereof from Lessor to MAIT; or

(c) if MAIT shall fail to perform or observe any other requirement of this Lease (not already specified in this Section 19.1) on the part of the MAIT to be performed or observed, and such failure shall continue for thirty (30) days after receipt of written notice thereof from Lessor to MAIT; or

(d) if substantially all Transmission Facilities in or on Leased Property or MAIT's interest in this Lease are attached or levied upon under execution and the same is not discharged within sixty (60) days thereafter,

Lessor shall have the right, then or at any time thereafter, and while such default or defaults shall continue, to give MAIT written notice of Lessor's intention to terminate this Lease on a date specified in such notice, which date shall not be less than thirty (30) days after the date of giving of such notice, and, on the date specified in such notice, MAIT's right to possession of Leased Property shall cease and MAIT shall peaceably and quietly yield to and surrender to Lessor the Premises and this Lease shall thereupon be terminated and all of the right, title and interest of MAIT hereunder shall wholly cease and expire in the same manner and with the same force and effect as if the date of expiration of such thirty (30) day period were the date originally specified herein for the expiration of this Lease and the Term hereof, and MAIT shall then quit and surrender the Premises and the Transmission Facilities on Leased Property to Lessor, but MAIT shall remain liable to Lessor as provided below. In the event of termination of this Lease, MAIT shall be deemed to have abandoned all Transmission Facilities on, under or over Leased Property to the extent the same have not been removed thereon prior to the date of such termination.

Section 19.2 Possession Following Event of Default. In the event of any termination of this Lease pursuant to Section 19.1 or if an Event of Default shall continue beyond the expiration of any grace or cure period provided for above, Lessor may enter upon the Premises and have, repossess and enjoy the same by summary proceedings, ejectment or otherwise, and in any such event neither MAIT nor any person claiming through or under MAIT shall be entitled to possession or to remain in possession of the Premises but shall forthwith quit and surrender the Premises. Lessor shall be under no liability for or by reason of any such entry, repossession or removal of MAIT or any person claiming through or under MAIT.

Section 19.3 MAIT's Responsibility for Costs. In case of any such termination, re-entry or dispossession by summary proceedings, ejectment or otherwise, the rent and other charges required to be paid by MAIT hereunder shall thereupon become due and payable up to the time of such termination, re-entry or dispossession, and MAIT shall also pay to Lessor all reasonable expenses which Lessor may then or thereafter incur for legal expenses, attorney's and consultants' fees, brokerage commissions, and all other reasonable costs paid or incurred by Lessor for keeping or restoring the Premises and the Transmission Facilities to good order and condition or, if Lessor elects to do so, for removing Transmission Facilities from Leased Property. Lessor shall be under

no obligation to lease or relet Leased Property or Transmission Facilities or any part of either in order to mitigate damages.

Section 19.4 Survival of MAIT's Payment Obligation. The right of Lessor to recover from MAIT the amounts provided for above shall survive the issuance of any order for possession or other cancellation or termination hereof.

Section 19.5 Extension of Cure Period for Certain Events of Default. Anything in this Article 19 to the contrary notwithstanding, it is expressly understood that, with respect to any Event of Default within the purview of clause (c) of Section 19.1 hereof, if such Event of Default is of such a nature that it cannot, with due diligence, be cured within a period of thirty (30) days, Lessor shall not be entitled to re-enter the Premises, serve a notice of termination upon MAIT as provided in said Section 19.1, or exercise any right, power or remedy with respect to such Event of Default nor shall the same be regarded as an Event of Default for any of the purposes of this Lease, if MAIT shall have notified Lessor in writing that MAIT will undertake curing such default and commenced the curing of such default within the period of thirty (30) days referred to in said clause 19.1(c), and so long as MAIT shall thereafter proceed in good faith with reasonable diligence to complete the curing of such default, and the time within which MAIT must cure the same shall be extended for such period as may be necessary to complete the same with due diligence.

ARTICLE 20.

Cumulative Remedies, Waiver

Section 20.1 Cumulative Remedies. The specified remedies to which Lessor may resort under the terms of this Lease are cumulative and are not intended to be exclusive of any other remedies or means of redress to which Lessor may be lawfully entitled in case of any breach or threatened breach by MAIT of any provision of this Lease. In addition to the other remedies in this Lease provided, Lessor shall be entitled to the restraint by injunction of any violation or attempted or threatened violation of any of the terms, covenants, condition, provisions or agreements of this Lease.

Section 20.2 No Waiver. The failure of Lessor to insist in any one or more cases upon the strict performance of any of the terms, covenants, conditions, provisions or agreements of this Lease or to exercise any option herein contained shall not be construed as a waiver or a relinquishment for the future of any such term, covenant, condition, provision, agreement or option. A receipt and acceptance by Lessor of Base Rent or any other payment, or the acceptance of any performance of anything required by this Lease to be performed, with knowledge of the breach of any term, covenant, condition, provision or agreement of this Lease, shall not be deemed a waiver of such breach, nor shall any acceptance of any payment in a lesser amount than is herein provided for (regardless of any endorsement on any check, or any statement in any letter accompanying any payment) operate or be construed either as an accord and satisfaction or in any manner other than as payment on account of the amounts then unpaid by MAIT, and no waiver by Lessor of any term, covenant, condition, provision or agreement of this Lease shall be deemed to have been made unless specifically acknowledged as such in a writing signed by Lessor.

ARTICLE 21.

Quiet Enjoyment and Surrender of Leased Property

Section 21.1 Quiet Enjoyment. So long as MAIT shall make the Base Rent and other payments provided for herein and shall keep, observe and perform all of the other covenants of this Lease, MAIT shall and may peaceably and quietly have, hold and enjoy the Premises for Permitted Uses during the Term hereof free of interference from Lessor or those claiming by, through or under Lessor except that nothing herein shall preclude use of the Premises or Transmission Facilities by Lessor or Authorized Users to the extent provided elsewhere in this Lease. This covenant shall be construed as running with the land to and against subsequent owners and successors in interest, and is not, nor shall it operate or be construed as, a personal covenant of Lessor, except to the extent of Lessor's interest in the Premises and only so long as such interest shall continue, and thereafter this covenant shall be binding only upon such subsequent owners and successors in interest, to the extent of their respective interests, as and when they shall acquire the same, and only so long as they shall retain such interest.

Section 21.2 Surrender of Premises. Except as otherwise provided in this Lease, MAIT shall, upon the expiration or termination of this Lease for any reason whatsoever, surrender the Premises to Lessor in good order, condition and repair, except for reasonable wear and tear. MAIT shall surrender to Lessor all the Premises to Lessor upon expiration of the Term without notice of any kind, and MAIT hereby waives all right to any such notice as may be provided under any present or future law.

Section 21.3 Holdover. If MAIT continues to occupy the Premises with the written consent of Lessor after the last day of the Term, MAIT shall be a tenant from month to month, at Base Rent twice the rate in effect prior to the end of the Term and such tenancy shall otherwise be subject to all of the covenants and agreements of this Lease. In the event that Lessor does not so consent to MAIT's continued possession after the expiration of the Term of this Lease, or if no new agreement shall have been entered into by the parties hereto, MAIT shall pay Lessor all damages sustained by reason of MAIT's retention of possession after such expiration.

Section 21.4 MAIT's Right to Terminate Lease as to All or Part of Premises. From time to time during the Term, MAIT shall have the right to terminate this Lease as to, and surrender possession of, all or a portion of Leased Property and portions of the Premises adjoining such Leased Property as of the end of a calendar quarter. MAIT shall give Lessor written notice of its intention to terminate this Lease as to, and surrender possession of, Leased Property not less than one hundred eighty (180) days prior to the date for termination specified therein and, if appropriate, its wish to remove some or all of the Transmission Facilities located thereon as specified in such notice. If a Leasehold Mortgagee shall exist as of the time of any notice of termination to Lessor pursuant to this Section, such notice of termination shall be accompanied by a written consent thereto signed by the Leasehold Mortgagee and no such notice of termination shall be effective unless accompanied by such written consent. In the event of termination of this Lease as to some, but not all, of the Premises, Base Rent shall not be reduced by the portion thereof that is attributable to the Leased Property as to which such termination relates.

Section 21.5 Surrender or Removal of Transmission Facilities. Upon expiration of the Term or termination of this Lease, in its entirety or with respect to but not all Leased Property, or termination of this Lease pursuant to Article 21 hereof, MAIT shall surrender to Lessor all Transmission Facilities then on, under or over Leased Property and title thereto shall vest in Lessor unless Lessor shall have notified MAIT in writing prior to the expiration of the Term or the effective date of such termination that some or all of the Transmission Facilities are to be removed therefrom. If Lessor notifies MAIT that some or all of the Transmission Facilities are to be removed from Leased Property, MAIT shall undertake removal thereof with reasonable diligence thereafter and shall cause the surface of Leased Property affected thereby to be restored. MAIT shall coordinate removal activities with Lessor and Authorized Users as and to the extent necessary to protect or relocate Distribution Facilities or other uses of Transmission Facilities then being made of Transmission Facilities by Lessor and/or Authorized Users. MAIT shall continue to have access to Leased Property after such expiration or termination for such purpose and shall not be deemed to be continuing to occupy Leased Property pursuant to Section 21.3. Until completion of such removal, Section 6.1, Section 12.2, Article 14, and Article 15 shall continue in effect notwithstanding expiration or termination of this Lease. In the event title to some or all of the Transmission Facilities vests in Lessor pursuant to this Section 21.5, MAIT shall execute and deliver to Lessor from time to time such bills of sale or other conveyance as Lessor may reasonably request for the purpose of confirming Lessor's ownership thereof

ARTICLE 22.

Assignment Subletting

Section 22.1 Prohibition Against Assignment of Lease Without Lessor's Approval. Except as specifically provided otherwise in this Lease, neither this Lease nor the leasehold estate created hereby shall be sold or assigned without the prior written approval of Lessor which Lessor may withhold for any reason or no reason. No sale or assignment of this Lease shall be effective until there has been delivered to Lessor an undertaking, signed by such proposed purchaser or assignee, in which such purchaser or assignee assumes the due performance of all obligations on MAIT's part to be performed under this Lease. Upon such assumption, MAIT shall have no further liability under this Lease except as to liabilities, which arose prior to the sale or assignment. In the event MAIT has been notified by Lessor of an Event of Default which has not been cured as of the time of a proposed sale or assignment the undertaking to be signed by the proposed purchaser or assignee shall include a specific commitment to cure any such Event of Default in timely fashion

Section 22.2 Prohibition Against Subleasing. MAIT shall not sublet all or any part of the Premises to any third party without the prior written approval of Lessor, which Lessor may withhold, for any reason or no reason.

Section 22.3 Permitted Assignments by MAIT. Notwithstanding Section 22.1, this Lease may be assigned without Lessor's prior written approval to any electric transmission company with which MAIT is merged or consolidated or which is a purchaser of substantially all of the Transmission Facilities or to any Leasehold Mortgagee or the nominee of a Leasehold Mortgagee or purchaser or assignee of the leasehold estate pursuant to Article 24 hereof.

Section 22.4 Assumption by Assignee. Each assignee of this Lease shall promptly execute and deliver to Lessor a written assumption of MAIT's obligations under this Lease in such form as Lessor may require.

ARTICLE 23.

Fee Mortgage Indenture

Leased Property is presently subject and subordinate to the [_____], as the same has been amended and supplemented and as the same may hereafter be amended and supplemented (the "Mortgage"). Notwithstanding the priority of the Mortgage over the leasehold estate and rights of MAIT created by this Lease, the Trustee and MAIT have entered into a Non-disturbance Agreement pursuant to which the Trustee has agreed that the use and occupancy of MAIT of Leased Property pursuant to this Lease will not be interfered with or disturbed by the Trustee or anyone claiming by, through or under the Trustee, including any receiver or purchaser of the interest of Lessor in Leased Property upon foreclosure of the Mortgage or other exercise of the rights of the Trustee under the Mortgage provided MAIT is not in material default in the performance or observance of its obligations under this Lease.

ARTICLE 24.

Mortgaging of Leasehold Interest

Section 24.1 Leasehold Mortgages. MAIT, without Lessor's consent, shall have the unrestricted right to mortgage the leasehold estate created by this Lease pursuant to a leasehold mortgage or mortgages, at any time and from time to time, on any terms MAIT may deem desirable. If more than one such mortgage shall at the time be in effect, each such mortgage, at the time in effect, is herein called a "Leasehold Mortgage." No holder of a Leasehold Mortgage shall have the rights or benefits set forth in this Article 24, nor shall the provisions of this Article be binding upon Lessor unless and until holder of a Leasehold Mortgage shall have notified Lessor in writing that it is a holder of such Leasehold Mortgage and of the name and address to which all notices and other communications hereunder to it may be addressed; and such a holder of a Leasehold Mortgage, having given such notice, is herein called "Leasehold Mortgagee."

Section 24.2 Notices to Leasehold Mortgagees. Any notice which the holder of a Leasehold Mortgage shall desire or be required to give to Lessor shall be in writing and shall be deemed to have been given (a) upon receipt when the same is delivered in person or by courier or (b) as of the third business day after the same has been deposited with the United States Postal Service, postage prepaid for certified or registered mail, at the address set forth in Section 26.1 hereof or at such other addresses as shall be designated by Lessor in a written notice thereof to the Leasehold Mortgagee. Any notice which Lessor shall desire or be required to give to a Leasehold Mortgagee shall be in writing and shall be deemed to have been given (i) upon receipt when the same is delivered in person or by courier or (ii) as of the third business day after the same has been deposited with the United States Postal Service, postage prepaid for certified or registered mail, addressed to such Leasehold Mortgagee at the address set forth in the Leasehold Mortgage or in such last recorded assignment thereof or at such other address as shall have been designated by such Leasehold Mortgagee in a written notice thereof to Lessor.

Section 24.3 No Lease Cancellation, Surrender or Material Modification without Leasehold Mortgagee Consent. Lessor and MAIT shall not agree between themselves to any cancellation, surrender or material modification of this Lease without the prior written consent of each Leasehold Mortgagee.

Section 24.4 Notices of Default to Leasehold Mortgagee. Lessor shall give to each Leasehold Mortgagee a copy of any Notice of Default or notice of Lessor's intention to terminate this Lease given by Lessor to MAIT hereunder not later than ten (10) days after giving any such notice to MAIT.

Section 24.5 Payment or Performance by Leasehold Mortgagee. At any time when any Leasehold Mortgage shall remain unsatisfied of record, any Leasehold Mortgagee may make any payment or perform any act required hereunder to be made or performed by MAIT and Lessor shall accept such payment and performance. No entry by a Leasehold Mortgagee upon the Premises for such purpose shall constitute or be deemed to be an eviction of MAIT or release MAIT from any obligation or default hereunder (except in the case of any obligation or default which shall have been fully performed or corrected by such payment or performance by a Leasehold Mortgagee).

Section 24.6 Leasehold Mortgagee Notices to Lessor of Intention to Cure Event of Default. For purposes of this Article, no Event of Default shall be deemed to exist under Article 19 in respect of performance or observance of any requirement of this Lease on the part of MAIT to be performed or observed if a Leasehold Mortgagee shall have notified Lessor in writing of its intention to cure such default and commenced the curing of such default within the time permitted therefor and shall thereafter have proceeded in good faith with reasonable diligence to complete the curing of such default and the time within which such default must be cured shall be extended for such period as may be necessary to complete the same with due diligence.

Section 24.7 Leasehold Mortgagee Opportunities to Cure Events of Default. Anything herein contained to the contrary notwithstanding, upon the occurrence of an Event of Default (inclusive of the occurrence of any of the events specified in paragraph (c) or (d) of Section 19.1 hereof), other than an event of default due to a default in the payment of money, Lessor shall take no action to effect a termination of this Lease without first giving to each Leasehold Mortgagee written notice thereof and a reasonable time thereafter within which notify Lessor in writing of its intention, and thereafter diligently proceeding, either (i) to obtain possession of the Premises (including possession by a receiver) or (ii) to institute, prosecute and complete foreclosure proceedings or otherwise acquire MAIT's interest under this Lease. Upon obtaining possession or acquiring MAIT's interest under this Lease, a Leasehold Mortgagee shall be required promptly to cure all defaults then reasonably susceptible of being cured by such Leasehold Mortgagee. Notwithstanding the foregoing, (i) such Leasehold Mortgagee shall not be obligated to continue such possession or to continue such foreclosure proceedings after the Events of Default shall have been cured; (ii) nothing herein contained shall preclude Lessor, subject to the provisions of this Article, from exercising any rights or remedies under this Lease with respect to any other default by MAIT during the pendency of such foreclosure proceedings; (iii) if such Leasehold Mortgagee shall be a party other than a bank, insurance company or other entity having a net worth exceeding \$30,000,000 at the time the Leasehold Mortgage is granted or a group of such banks, insurance companies or other entities (a "Lending Institution"), such Leasehold Mortgagee shall deposit with

Lessor during the period of forbearance by Lessor from taking action to effect a termination of this Lease such security as shall be reasonably satisfactory to Lessor to assure Lessor of compliance by such Leasehold Mortgagee during the period of such forbearance with such of the terms, conditions and covenants of this Lease as are reasonably susceptible of being complied by such Leasehold Mortgagee and (iv) such Leasehold Mortgagee, if a Lending Institution, shall agree with Lessor in writing to comply during the period of such forbearance with such of the terms, conditions and covenants of this Lease as are reasonably susceptible of being complied with by such Leasehold Mortgagee. Any Event of Default by MAIT not reasonably susceptible of being cured by such Leasehold Mortgagee shall be deemed to have been waived by Lessor upon completion of such foreclosure proceedings or upon such acquisition of MAIT's interest in this Lease, except that any of such Events of Default which are reasonably susceptible of being cured after such completion and acquisition shall then be cured with reasonable diligence by such Leasehold Mortgagee or its designee or other purchaser, as the case may be. Such Leasehold Mortgagee or its designee, or other purchaser in foreclosure proceedings, may become the legal owner and holder of this Lease through such foreclosure proceedings or by assignment of this Lease in lieu of foreclosure.

Section 24.8 Leasehold Mortgagee Right to New Lease. In the event of the termination of this Lease prior to the expiration of the Term, Lessor shall serve upon each Leasehold Mortgagee written notice that the Lease has been terminated together with a statement of any and all such sums which would at the time be due under this Lease but for such termination, and all other Events of Default, if any, under this Lease then known to Lessor. Any Leasehold Mortgagee shall thereupon have the option to obtain a new lease in accordance and upon the following terms and conditions:

Upon the written request of the Leasehold Mortgagee, within sixty (60) days after service of such notice that the Lease has been terminated, Lessor shall enter into a new lease with respect to the Premises with such Leasehold Mortgagee as follows:

Such new lease shall be entered into at the reasonable cost of the lessee thereunder, shall be effective as of the date of termination of this Lease and shall be for the remainder of the Term of this Lease and at the Base Rent and upon all the agreements, terms, covenants and conditions hereof, including any options to extend the Term. Such new lease shall require the lessee to perform any unfulfilled obligation of MAIT under this Lease, which is reasonably susceptible of being performed, by such lessee. Upon the execution of such new lease, the lessee named therein shall pay any and all sums which would at the time of the execution thereof be due under this Lease but for such termination, and shall pay all expenses, including reasonable counsel fees, court costs and disbursements incurred by Lessor in connection with such Events of Default and termination, the recovery of possession of the Leased Property and the preparation, execution and delivery of such new lease.

Section 24.9 Extension of Term Pursuant to New Lease. If the Term is not extended pursuant to Section 2.2 hereof, or for any other reason whatsoever, MAIT shall not become entitled

to extend the Term of this Lease, Lessor shall serve upon each Leasehold Mortgagee written notice thereof and any such Leasehold Mortgagee shall have the option upon written request served upon Lessor to obtain from Lessor a new lease of the Premises for such renewal term in accordance with and upon the following terms and conditions:

Such written request shall be served upon Lessor not later than sixty (60) days after the service of the aforementioned notice by Lessor on such Leasehold Mortgagee, and within thirty (30) days after the service of such written request, lessor and the Leasehold Mortgagee, or its designee, shall enter into a new lease with respect to the Premises as follows:

Such new lease shall be entered into at the reasonable cost and expense of the lessee thereunder, shall be effective as of the date of termination of the then current Term of this Lease, and shall be for the Extended Term next succeeding the then current term of this Lease, and at the Base Rent and upon all the agreements, terms, covenants and conditions hereof, including any further options to extend the Term. Such new lease shall require the lessee to perform any unfulfilled obligation of MAIT under this Lease, which is reasonably susceptible of being performed, by such lessee. Upon execution of such new lease, the lessee therein named shall pay any and all sums remaining unpaid under the Lease then expiring, then unpaid, plus the reasonable expenses incurred by Lessor in connection with the preparation, execution and delivery of such new lease.

Section 24.10 Benefited Leasehold Mortgagees. Anything herein contained to the contrary notwithstanding, the provisions of this Article shall inure only to the benefit of Leasehold Mortgagees under Leasehold Mortgages which shall be, respectively, a first, second and third lien against the leasehold estate hereunder. If Leasehold Mortgagees of more than one such Leasehold Mortgage shall make written requests upon Lessor for a new lease in accordance with this Section, the new lease shall be entered into pursuant to the request of the holder whose Leasehold Mortgage shall be of the highest priority and thereupon the written requests for a new lease of each holder of a Leasehold Mortgage junior in lien shall be and be deemed to be void and of no force or effect.

Section 24.11 Possession Pursuant to New Lease. Nothing herein contained shall be deemed to obligate Lessor to deliver possession of the Premises to the lessee under any new lease entered into pursuant to this Article.

Section 24.12 Assignment by Leasehold Mortgagee. If any Leasehold Mortgagee shall acquire title to MAIT's interest in this Lease, by foreclosure of a Leasehold Mortgage thereon or by assignment in lieu of foreclosure or by assignment from a designee or subsidiary of such Leasehold Mortgagee, or under a new lease pursuant to this Article, such Leasehold Mortgagee may assign such lease and shall thereupon be released from all liability for the performance or observance of the covenants and conditions in such lease contained on the part of MAIT or such lessee, as the case may be, to be performed and observed from and after the date of such assignment, provided that the assignee from such Leasehold Mortgagee shall have assumed such lease in accordance with Section 22.4 hereof and shall have complied otherwise with said Section.

ARTICLE 25.

Estoppel Certificates

Lessor and MAIT agree at any time and from time to time, upon not less than ten (10) days' prior written request by MAIT, Lessor, the Trustee or a Leasehold Mortgagee, to execute, acknowledge and deliver to the party requesting the same a statement in writing certifying that this Lease is unmodified and is in full force and effect (or, if there have been modifications, that the same is in full force and effect as modified and stating the modifications), the Base Rent currently payable, and the dates to which the Base Rent and other charges have been paid in advance, if any, it being intended that any such statement delivered pursuant to this Article may be relied upon by any prospective purchaser or mortgagee of the Premises of MAIT's interest in this Lease. Such certificate by MAIT shall contain a statement that there are no Defaults by Lessor under this Lease, or, if there be any, a reasonably detailed specification of all such Defaults and such other matters as may be reasonably requested. Such certificate by Lessor shall contain a statement that it has knowledge of no Defaults by MAIT under this Lease, or, if there be any of which it has knowledge, a reasonably detailed specification of all such Defaults and such other matters as may be reasonably requested.

ARTICLE 26.

Miscellaneous

Section 26.1 Notices. Any and all notices upon receipt when required or permitted under this Lease shall be in writing and shall be deemed sufficiently given (a) upon receipt when the same is delivered in person or by courier or (b) as of the third business day after the same has been deposited with the United States Postal Service, postage prepaid for certified or registered mail, addressed as follows:

To Lessor:

[_____]
76 South Main Street
Akron, Ohio 44308
Attention: [_____]

To MAIT:

Mid-Atlantic Interstate Transmission, LLC
76 South Main Street
Akron, Ohio 44308
Attention: [_____]

or to such other address or addresses as either Lessor or MAIT by notice to the other may designate from time to time in the manner herein provided.

Section 26.2 Dispute Resolution. In the event of any dispute, controversy, or claim arising out of, under, or relating to this Ground Lease, Lessor and MAIT shall first attempt to resolve such dispute through good faith negotiations between representatives who will have the

authority to settle the dispute. Lessor and/or MAIT shall give the other party written notice of any dispute not resolved in the ordinary course of business. Within ten (10) calendar days after delivery of any such notice, the aforementioned representatives will meet at a mutually acceptable time and place to attempt to resolve the dispute. If such designated representatives are unable to resolve a dispute within thirty (30) calendar days after receipt of notice of the dispute, then upon request of either Lessor or MAIT such dispute will be referred to a senior officer designated by each party for resolution. Each such senior officer shall be an individual who has authority to resolve the dispute on behalf of Lessor or MAIT. Any dispute not resolved within sixty (60) calendar days following receipt of the request for submission to senior officers may, by mutual determination of Lessor and MAIT, be addressed and resolved through an alternative dispute resolution method to be agreed upon by Lessor and MAIT in good faith at such time, such as, but not limited to, binding arbitration or mediation; provided, however, neither Lessor nor MAIT shall be obligated to agree to any alternative resolution method to address the unresolved dispute. Nothing in this section shall in any way limit or preclude Lessor or MAIT from pursuing any rights or remedies or obtaining any relief to which it may be entitled at law or equity.

Section 26.3 Invalidity of Particular Provisions. If any term or provision of this Lease or the application thereof to any person or circumstance shall to any extent be invalid or unenforceable, the remainder of this Lease, or the application of such term or provision to persons or circumstances other than those as to which it is invalid or unenforceable, shall not be affected thereby, and each term and provision of this Lease shall be valid and may be enforced to the fullest extent permitted by law.

Section 26.4 Successors and Assigns. The terms, conditions, covenants, provisions and agreements herein contained shall be binding upon and inure to the benefit of Lessor, its successors and assigns, and MAIT, its successors and assigns.

Section 26.5 Amendments: Modifications. This Lease may be modified only by written agreement signed by Lessor and MAIT with the same formalities attendant as upon the execution of this Lease, it being the express intention of the parties hereto that no provision, term or condition of this Lease may be amended or varied in any way by an oral understanding or by any document not executed in accordance with this Section 26.5.

Section 26.6 Memoranda of Lease. Upon request by either Lessor or MAIT, the parties hereto shall execute, for recording purposes, memoranda of this Lease in conformity with the law and practice of the state in which the Premises are located, and the same shall be placed of record at MAIT's expense. If requested by Lessor, MAIT shall, upon termination of this Lease as to some or all Leased Property as provided herein, execute and deliver to Lessor an appropriate release, in form proper for recording, of MAIT's interest therein.

Section 26.7 Governing Law. This Lease shall be governed by and interpreted in accordance with the laws of the state in which the Premises are located.

Section 26.8 Entire Agreement. Except as set forth in an Operating Agreement of even date herewith that Lessor and MAIT expect will terminate before expiration of the Initial Term and except as provided in any amendment of this Lease hereafter entered into by Lessor and MAIT,

this Lease sets forth the entire agreement and understanding between Lessor and MAIT to the subject matter hereof.

Section 26.9 Further Assurances. Subject to the terms and conditions of this Lease, each of the parties hereto, including without limitation subsidiaries and affiliates of the parties, will use their best efforts to take, or cause to be taken, all actions, and to do, or cause to be done, all things necessary, proper or advisable to consummate the transactions contemplated by this Lease and to fully effect the intent of this Lease.

Exhibit KJT-5

IN WITNESS WHEREOF, the parties hereto have caused this Ground Lease to be duly executed as of the day and year first above written,

EXHIBIT A

Leased Property

General Description: This exhibit identifies the property that Lessor has agreed to lease to MAIT as of [____], 2016, in return for quarterly installments of Base Rent and subject to the rights, terms and conditions of this Ground Lease:

- (1) Tracts or parcels owned by the Lessor (fee lands), together with portions of the buildings, structures and fixtures thereon to the extent used for transmission, but not distribution, of electricity on the date of this Lease.
- (2) Easements granted to Lessor on, under or over which Transmission Facilities are situated on the date of this Lease.
- (3) Leased lands, servitudes, interests in land, permits, privileges, licenses, consents, franchises and authorizations granted to or held by Lessor on, under or over which Transmission Facilities are situated on the date of this Lease and not identified as being either fee land or an easement.

SCHEDULE A

“Base Rent” = (Net Book Value of Premises - ADITs) * Pre-Tax WACC + Book Depreciation Expense + Property Taxes + All other costs, expenses, liabilities or charges that may be incurred by Lessor pursuant to any lease agreement, license agreement, consent agreement or other similar agreement relating to the Premises

For purposes of this definition:

“ADIT” means Accumulated Deferred Income Taxes associated with the Premises.

“Pre-Tax WACC” = $\frac{\text{WACC}}{(1 - \text{Statutory Tax Rate})}$

“Weighted Average Cost of Capital (“WACC”) =

((Debt Ratio * MAIT’s Effective Cost of Outstanding Long-Term Debt) * (1 - Statutory Tax Rate))

+

(Equity Ratio * MAIT’s Authorized Rate of Return on Equity)
