Dear Customer,

There are tenants in your building(s) who qualify for the Individually Metered Multifamily Program which provides installed energy-saving items at no cost to the tenant or owner.

Before our contractors can begin any work, you will need to sign and return the enclosed blanket agreement using the postage-paid envelope provided. Please note that to replace inefficient or defective appliances, we need owner/landlord permission. We are required to recycle the appliances we are replacing.

We've also included an application for our WARM weatherization program. Please make copies and have each qualifying tenant complete and return it. We will not be able to serve the property without these applications.

If you have any questions, please call us at 1-888-406-8074.

Thank you for your cooperation.

Sincerely,

FirstEnergy

There are tenants in your building(s) who qualify for the Individually Metered Multifamily Program. This program provides energy-saving services and installations at no cost to the tenant or the owner. You will benefit from this program by having a more energy-efficient building, and most work is guaranteed for a year.

As the landlord or owner, I understand FirstEnergy Companies' contractor may be testing/evaluating the refrigerator and/or freezer, with my permission. If the unit(s) is/are inefficient or defective, FirstEnergy Companies will remove and recycle it/them and replace it/them with new energy-efficient model(s). Please note that the old appliance(s) cannot remain with the tenant or the landlord. **If you owned the appliance at the time of replacement, you will own the new appliance.**
