

Dear Landlord/Manager:

There may be tenants in your building(s) that qualify for FirstEnergy's Residential Low Income Home Check Up Program. This program can benefit you and your tenant(s). The program provides installation of proven energy conservation measures for qualifying residents while educating customers about ways they can conserve energy. You will benefit by having a more energy efficient building. No payment is required by the owner or tenant for installations/services.

Based on the program guidelines and the electric use in the home or apartment, the type of energy-saving improvements could include: energy-saving light bulbs, faucet aerators, and low flow shower head. We may replace: an inefficient refrigerator. Please keep in mind that every home or apartment does not receive the same energy conservation improvements. Each dwelling is unique and everyone's electric use is different. An energy evaluation will be conducted at your property to determine what energy conservation measures should be installed.

LANDLORD/MANAGEMENT CONSENT/RELEASE AGREEMENT

As landlord and owner, I understand FirstEnergy's contractor may be testing the refrigerator for energy efficiency. If it is not efficient, FirstEnergy will dispose of and recycle the existing refrigerator and replace it with a brand new energy efficient model. Note: The guidelines of the program state that the old appliance(s) cannot remain with the tenant or the landlord.

Do you own the refrigerator at the above address?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
Do you want the refrigerator tested and possibly replaced?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
Does your building participate in any Government programs such as HUD, Section 8 etc?	Yes <input type="checkbox"/>	No <input type="checkbox"/>

If you own the refrigerator at the time of replacement, you will own the new refrigerator.

I, _____ Owner or Manager of the property at _____ where there are tenants (NAME) _____ who may qualify for energy conservation improvements, agree to permit FirstEnergy to have its authorized contractors perform an energy conservation evaluation and install and inspect the conservation improvements under the terms of the Residential Low Income Home Check Up Program. No payment will be required for the conservation improvements by the applicant, owner or manager. I hereby release FirstEnergy, its officers, agents and employees from any liability for personal injuries and/or damage, which could occur in connection with any of the materials installed or work performed.
