

# RESIDENTIAL TIME-OF-USE IS AN EASY WAY TO SAVE ON YOUR ELECTRIC BILL

The Time-of-Use (TOU) rate is a simple way to save on your electric bill by shifting electricity use during certain times of the day. With TOU, two daily electric supply and distribution rates apply: on-peak and off-peak.

This optional rate is available to eligible residential customers and qualifying farms and is designed to give you more control over your energy costs.

## ELIGIBILITY

To qualify, you must:

- Be a residential customer or qualifying farm not enrolled in the Potomac Edison EV Driven electric vehicle charger TOU.
- Have not unenrolled from the Residential TOU within the last 12 billing cycles.
- Receive Standard Offer Service for electric supply.

For more information about the Residential TOU rate and how to apply, visit [firstenergycorp.com/touMD](https://www.firstenergycorp.com/touMD) or scan the QR Code.
