

A woman with blonde hair, wearing a white button-down shirt, is sitting at a dark grey kitchen counter. She is looking at a silver laptop open in front of her, smiling. In her left hand, she holds a clear glass filled with a dark liquid, likely coffee. The background shows a modern kitchen with white cabinets, a white refrigerator, and various kitchen items like a blender and a toaster. On the counter to the left of the laptop, there are a few red tomatoes. The overall scene is bright and clean.

Receive \$100
when you recycle
your old fridge
or freezer.

SCHEDULE TODAY: energysaveMD.com/FRIDGE or 888-277-0528

Receive \$100 when you recycle your old fridge or freezer.
New for 2023! Potomac Edison's Appliance Recycling Program is now picking up
dehumidifiers without another qualifying appliance.

- 1 Schedule your pickup online by visiting energysaveMD.com/FRIDGE or call 888-277-0528.
- 2 Potomac Edison's Appliance Recycling Program will collect your working fridge, freezer or dehumidifier and responsibly recycle it.
- 3 You'll receive \$100 per qualifying fridge or freezer, \$35 per qualifying dehumidifier and save money on your electric bill.

PLUS, receive \$35 when you recycle a mini fridge or air conditioner along with a qualifying full-size refrigerator, freezer or dehumidifier.
