

Good for the  
environment.  
Great for West  
Virginia.

**Buying solar credits makes it easy to  
invest in solar energy, without having  
to install a rooftop system.**

These affordable credits give you a simple way to help West Virginia meet the growing demand for renewable energy and reduce your carbon footprint.

Customers of Mon Power and Potomac Edison in West Virginia can now subscribe to purchase the credits generated by FirstEnergy's first phase of solar energy facilities in the state. Subscriptions start at the low price of \$2 per month.
