

Customers 65 and Older

A service has been established for customers 65 years or older who become delinquent in paying their bills. These customers are mailed a notice indicating that their electric service is subject to termination if payment is not received by a specified date. We will attempt to contact the customer by telephone before a collector terminates service at the residence.

Third-Party Notification

When a residential customer is mailed a delinquent notice that could result in termination of electric service, we also will mail a similar notice to a designated third party: relative, friend, member of the clergy or government agency. This notification does not obligate the third party to pay, but enables that person to help the customer if necessary. Customers may request someone to be a third party, or a person may request to become a third party for a JCP&L customer.

Electrically Operated Life-Support Equipment

If anyone in your household depends on electrically operated life-support equipment, please let us know by calling **800-662-3115**. JCP&L will send you a form that must be completed and signed by your physician to verify that you have life-support equipment.

When we receive your completed form, we will add your name to our Critical Care Customer list. The list will be used during a power outage to contact all Critical Care Customers by telephone if the outage may affect their electric service for more than 24 hours.

In addition, the list will be provided to county and municipal Offices of Emergency Management. There is no charge for this service.

As the winter storm season approaches, it's also important that life-support customers have a contingency plan such as a battery backup.

Edgerton Rule

According to the Board of Public Utilities, no tenant customer will be required to pay for electric and/or gas service that was delivered outside the customer's premises without the customer's permission. If you suspect that your utility bill is high because of a diversion of service, please notify the utility immediately.

For more information about these programs, please contact JCP&L at

800-662-3115

Equal Payment Plan

Jersey Central Power & Light's residential customers who are looking for a convenient way to manage their electric bills can sign up for the FirstEnergy Equal Payment Plan (EPP). With EPP, customers make consistent monthly payments and avoid seasonal highs and lows in their electric bills.

Each month, EPP customers are billed one twelfth of their estimated annual electric usage. Before the eighth bill, the payment amount is reviewed and, if necessary, adjusted in relation to the customer's usage. The twelfth month is used as a balancing, or catch-up, month. That month's bill will reflect the debit or credit balance for the EPP year.

There is no additional charge to participate in EPP. To apply, visit **firstenergycorp.com**, or call us at **800-662-3115** to complete an application.

EMERGENCY ASSISTANCE PROGRAMS

Medical Emergencies

Customers with severe health problems may have a Licensed Medical Professional with prescriptive authority certify in writing that a termination of electric service would aggravate the medical condition. A form will be sent to the licensed medical professional to complete and return. The medical certification, if accepted, will temporarily postpone the termination of electric service. The Company has the right to require a reasonable proof of an inability to pay as consideration of acceptance. The customer is still responsible for the past-due amount and will be given the opportunity to pay the balance in monthly installments.

The certification is designed to provide the customer with additional time to pay their past-due balance. Normal billing will continue during the hold period, but any collection-related activity will cease.

There is no charge for this service. Please call **800-662-3115** for more information.

Payment Assistance for Gas & Electric Program (PAGE)

PAGE is an assistance program designed to help low-to-moderate income households who are experiencing economic hardship and struggling to pay their electric and natural gas bills.

This program benefits New Jersey residents who have a gas or electric account that is past due, have received a disconnection notice, or have already been disconnected. There is no minimum payment required. Applicants must have a minimum past due balance of \$100. Customers who are eligible for USF or HEA are also encouraged to apply. For more information, visit **NJPowerOn.org**, or call **732-982-8710**.

Emergency Hardship Fund

New Jersey SHARES offers temporary financial assistance to people having difficulty paying their electric bills. The fund helps those who need assistance because of an illness, job loss or other problem that has created a financial crisis – but they are not eligible for other income- or age-based programs.

For information on how to receive assistance from New Jersey SHARES, call **866-657-4273**, or visit **njshares.org**.

ENERGY ASSISTANCE PROGRAMS

Lifeline Program

The Lifeline program offers a cash grant to help people who meet the Pharmaceutical Assistance to the Aged and Disabled (PAAD) eligibility requirements or who receive Supplemental Security Income (SSI).

This includes utility customers and tenants whose utility bills are included in their rent. Persons applying for PAAD will also apply for their Lifeline benefit by answering the questions that pertain to the Lifeline programs. The Lifeline benefit is automatically included in the SSI checks. If you are not a beneficiary of Medical Assistance to the Aged (MAA), Medical Assistance Only (MAO) or New Jersey Care, but you meet the eligibility requirements for PAAD, please call **800-792-9745** for an application, or visit **nj.gov/humanservices/doas/home/lifinedetail.html** for more information.

Universal Service Fund Program (USF)

The USF is a program created by the State of New Jersey to help make energy bills more affordable for low-income households. If you are eligible, the USF can lower the amount you pay for gas and electricity. For more information about USF, please visit **nj.gov/dca/dcaid** or call **800-510-3102**.

Low Income Home Energy Assistance Program (LIHEAP)

LIHEAP helps low-income residential customers pay for heating and medically necessary cooling bills. LIHEAP applications are available October 1 through June 30. LIHEAP may also provide Emergency Assistance funds during certain times of the year. Individuals applying for LIHEAP, apply for USF automatically. To apply for USF and LIHEAP online, to print an application, or to find an application agency in your county, visit **energyassistance.nj.gov**. For more information call **800-510-3102** or visit **nj.gov/dca/dcaid**.

To be eligible, the Applicant household must be responsible for the home heating or cooling costs, either directly or included in the rent, and have gross income at or below 60% of the State Median Income.

211

New Jersey 211 offers a variety of services that help connect residents to resources in their community. The service is free, confidential and multilingual. For information, dial **211**; text your ZIP code to **898-211**; or chat online at **NJ211.org**.

Weatherization

Weatherization is the installation of home energy measures to help income-eligible customers reduce energy bills. There are two free weatherization programs in New Jersey:

1. Comfort Partners – Call **800-915-8309** or visit **njcleanenergy.com/cp**. This program is sponsored by the Board of Public Utilities' NJ Clean Energy Program.
2. Weatherization Assistance Program (WAP)– The WAP assists elderly, handicapped and low-income persons in weatherizing their homes, improving their heating system efficiency and conserving energy. Households that apply for USF or LIHEAP can request weatherization on that application. For more information visit **nj.gov/dca/dcaid**. This program is sponsored by the Department of Community Affairs.
