Limit two (2) smart thermostats per electric account.

While supplies last. Customers are responsible for all applicable sales tax. Terms and conditions apply.

Costs of these programs may be recovered through customer rates in accordance with New Jersey law. For a complete list of commercial, industrial, residential and low-income energy efficiency programs, please visit energysaveNJ.com.

By participating in the Company's energy efficiency and peak demand reduction programs, customers agree their electric utility will maintain ownership of all Capacity Rights from electric savings measures, which refers to the demand reduction associated with any energy efficiency and peak demand reduction measure for which incentives were provided by the Company. Your electric utility will aggregate these energy efficiency demand reduction attributes into the

PJM capacity market as appropriate, with proceeds being used to reduce customers' costs for the programs.
