The costs of energy efficiency programs are recovered through customer rates in

accordance with PA Act 129 of 2008. For a complete list of commercial, industrial, residential, and low-income energy efficiency programs, please visit [energysavePA.com](http://energysavePA.com)

By participating in these energy efficiency and peak demand reduction programs, customers agree to allow their utility to retain

ownership of all Capacity Rights which refers to the demand reduction associated with any energy efficiency and peak demand reduction measure for which incentives were provided by the Company. Your utility will aggregate these energy efficiency demand reduction attributes into the PJM capacity market with proceeds being used to offset the program costs.

FirstEnergy Pennsylvania has contracted with AM Conservation Group to administer this program. AM Conservation Group maintains this site and its content.
