

\$1,500 Discount on ENERGY STAR® Certified Heat Pump Water Heaters!

Why Switch?

Your home's water heater uses more energy than your refrigerator, washer, dishwasher and dryer combined! An ENERGY STAR certified heat pump water heater:

- Uses 70% less electricity than standard electric models
- Saves an average of \$550 per year in electricity costs*

Find a participating contractor at
energysaveMD-home.com/HPWH

Offer valid through December 31, 2026. \$1,500 discount when purchased through and installed by a participating contractor. \$1,250 rebate when purchased through a participating retailer. Additional terms and conditions apply. See energysaveMD-home.com for details.
