\$1,500

IN HVAC EQUIPMENT REBATES

Did you know? As much as half of the energy used in your home goes to heating and cooling. That means making smart decisions about your home's heating, ventilating and air conditioning (HVAC) system can have a big effect on your saving goals.

ENERGY STAR® CERTIFIED APPLIANCES

Did you know? Appliances account for about 12 percent of your home's energy costs. So upgrading to ENERGY STAR certified appliances can save you money on energy bills every month — even after your spring cleaning has ended!
