Important Plan Information: Eligibility: A residential homeowner with sole responsibility for the electric, natural gas or propane water heater may be eligible for the Plan. Residences not affixed to a permanent foundation, recreational vehicles and properties used for commercial purposes are not eligible for the Plan. If you live in a development community with a condominium, co-op or homeowners association, your water heater may not be an individual homeowner's responsibility, so please check with your association before accepting this Plan. If you own a residential property that has multiple water heaters, you must purchase a service agreement for each individual water heater for any one water heater to be eligible. Benefit Details: The Plan provides, up to the benefit amount, for the covered cost to repair the water heater that is damaged due to normal wear and tear, not accident or negligence. If your water heater is deemed beyond repair, we will reimburse you up to \$500 toward a replacement. Not covered: Commercial grade water heaters, tanks larger than 100 gallons, tankless systems, hanging units, combination ambient heat/domestic hot water heating units; exhaust venting, jacket and interior doors, supply and delivery water piping, electrical service wiring; damage from restricted lines or as a result of water pressure in excess of 80 P.S.I.; systems that are not installed according to manufacturer specifications; any work that cannot be performed in a safe manner; pre-existing conditions; consequential or incidental damages, including any damages necessary to reasonably access the repair area; correction or upgrade where no operational failure has occurred; repairs to any shared parts of the system or those you are not solely responsible for; accidents and damage or negligence caused by you, others or unusual circumstances, including natural disasters. You agree to resolve disputes related to this plan by arbitration or in small claims court, without resort to class action or jury trial. Making a Service Call: Your Plan starts the day your enrollment is processed, and you can make a service call immediately. Cancellation: You may cancel within 30 days of your start date for full a refund less any claims paid; cancellations after the first 30 days will result in a pro rata refund less any claims paid. Most basic homeowners insurance policies do not cover repair or replacement due to normal wear and tear of this system. If you find you have similar protection, you can contact HomeServe to cancel and you will receive a refund of your service agreement fee, less any claims paid. Renewal: This Plan is based on an annual contract and is billed on a monthly basis through your utility bill. Your service agreement will be automatically renewed annually at the then-current renewal price.

Please sign me up for the Water Heater Repair Plan from HomeServe and include the \$3.74 monthly charge, plus any applicable taxes, on my Potomac Edison electric bill (if available). I understand that this optional Plan is billed on a monthly basis and based on an annual contract that will be *automatically renewed annually* at the then-current renewal price (currently \$7.49 per month). I grant permission for my utility company to share my customer information, including account number, with HomeServe only as needed to process my enrollment and bill me. I have the option to cancel this contract at any time without additional cost to me by calling 1-844-613-7003. I confirm that I am the homeowner and have read the information in this package and meet the eligibility requirements for this Plan.
