Affordable Payment Plans

Depending on the size of your electrical projects, costs can add up. Rather than paying the charges all at once, our affordable payment plans give you up to 36 months to pay, with approved credit.* Plus, you can rest easy knowing there are no down payments or hidden fees. It's our way of assuring you that there will be no surprises on the day of service.

Help protect you and your family by reducing the risk of faulty wiring.

*Enrollment eligibility may be contingent on our ability to add the program charge to your monthly electric utility bill.

©2019 FirstEnergy Corp. These programs can be withdrawn anytime without prior notice. FirstEnergy Corp. coordinates all service with its network of recommended, registered independent contractors, providing contract and other administrative support services. FirstEnergy is not a registered contractor and does not perform the service. All services are performed by an independent contractor. A postcard containing the recommended contractor's name and registration number will be provided to the customer at the time that a request for an estimate is made. FirstEnergy Corp. or its affiliated companies, including the electric utility that provides your electric distribution service (hereafter referred to, collectively, as "FirstEnergy Companies") do not provide any warranty on the services performed and are not liable for damages or injuries that may arise as a result of the services provided. You are not required to purchase goods or services from the FirstEnergy Companies, and the good or service offered here may be obtained from other suppliers. Your decision to receive or not receive the good or service under this program will not influence the delivery of retail electric service to that customer by the FirstEnergy Companies.

We can help with your electrical service needs.

Highly trained professional contractors can offer expertise in most types of electrical work to help keep your home and family safe. Services include:

- Repairs, remodels and upgrades
- Electrical safety inspections
- Wiring work, plug and switch installation
- Interior and exterior lighting
- Circuit breakers, fuses and meters
- Whole-house surge protection installation
