Affordable Payment Plans

Depending on the size of your electrical projects, costs can add up. Rather than paying the charges all at once, our affordable payment plans allow you to add the charges to your monthly electric bill for up to 36 months, with approved credit.* Plus, you can rest easy knowing there are no down payments or hidden fees. It's our way of assuring you that there will be no surprises on the day of service.

Help protect you and your family by reducing the risk of faulty wiring.

*Enrollment eligibility may be contingent on our ability to add the program charge to your monthly electric utility bill.

©2019 FirstEnergy Corp. These programs can be withdrawn anytime without prior notice. FirstEnergy Corp. and its affiliated companies (FirstEnergy) coordinate all service with their network of registered independent contractors, providing contract and other administrative support services. FirstEnergy is not a registered contractor and does not perform the service. All services are performed by an independent contractor. A postcard containing the contractor's name and registration number will be provided to the customer at the time that a request for an estimate is made. **FirstEnergy does not provide any warranty on the services performed and is not liable for damages or injuries that may arise as a result of the services provided.** You are not required to purchase goods or services from FirstEnergy, and the good or service offered here may be obtained from other suppliers. Your decision to receive or not receive the good or service under this program will not influence the delivery of retail electric service to that customer by FirstEnergy.

We can help with your electrical service needs.

Highly trained independent licensed professional contractors can offer expertise in most types of electrical work to help keep your home and family safe. Services include:

- Repairs, remodels and upgrades
- Electrical safety inspections
- Wiring work, plug and switch installation
- Interior and exterior lighting
- Circuit breakers, fuses and meters
- Whole-house surge protection installation
