Heavy rain, strong winds and lightning from summer storms can bring down trees, knock out electricity and cause power surges.

The cost to repair or replace your home's appliances, computers and electronics due to a power surge can be expensive. Surge Assist Protection is an affordable way to help make sure you're covered from the unexpected costs of damage caused by power surges.

### HOW SURGE ASSIST PROTECTION WORKS:

- Sign up – by phone, by mail or online
- A \$3.49\* charge will appear on your monthly electric bill for the first six months of the program. After six months, the normal charge will appear. Participation in the program is contingent upon approved credit and our ability to add the program charge to your monthly electric utility bill.
- We'll reimburse you up to \$4,000\*\*\* annually for repairs on covered claims. If repair is not feasible, we'll pay for a replacement.
- There is an initial 30-day waiting period to make a claim\*\*

**Unlike most homeowners insurance, there's no deductible. Sign up today.**
