A FirstEnergy Company

Home Insulation

Our independent professional insulation contractors can help pinpoint problem spots, whether in your attic, flooring, walls, basements, crawl spaces or windows. We have the solutions that you need, no matter the space!

Benefits include:

- Helping to lower energy costs
- Helping to improve home energy efficiency
- Increased R-value, which helps provide greater ability to resist conductive heat transfer
- A warmer home in winter, a cooler home in summer

Affordable Payment Plans

Depending on the size of your insulation projects, costs can add up. Rather than paying the charges all at once, our affordable payment plans allow you to add the charges to your monthly electric bill for up to 36 months, with approved credit and contingent on our ability to add the program charge to your monthly electric utility bill. Plus, you can rest easy knowing there are no down payments or hidden fees. It's our way of assuring you that there will be no surprises on the day of service.

Help keep you and your family warmer this winter.

©2020 FirstEnergy Corp. These programs can be withdrawn anytime without prior notice. FirstEnergy Corp. and its affiliated companies (FirstEnergy) coordinate all service with their network of registered independent contractors, providing contract and other administrative support services. FirstEnergy is not a registered contractor and does not perform the service. A postcard containing the contractor's name and registration number will be provided to the customer at the time that a request for an estimate is made. **FirstEnergy does not provide any warranty on the services performed and is not liable for damages or injuries that may arise as a result of the services provided.** You are not required to purchase goods or services from FirstEnergy, and the good or service offered here may be obtained from other suppliers. Your decision to receive or not receive the good or service under this program will not influence the delivery of retail electric service to that customer by FirstEnergy.
