SAVE WITH ENERGY STAR®

When you purchase an appliance, it has two costs: the cost to buy it and the cost to operate it. ENERGY STAR certified appliances can help you save money by reducing your energy use without sacrificing performance.

- ENERGY STAR certified dishwashers are 12% more energy efficient than standard models.*
- ENERGY STAR certified water coolers and dehumidifiers are 30% more energy efficient than standard models.*
- Many electronic products continue to draw power, even when they're turned off. An advanced power strip can help you reduce the power used by these products.

Participating retailers for the instant discount are The Home Depot and Lowe's in the Potomac Edison service territory. Discounts are available to Maryland residential customers of Potomac Edison on qualified products purchased between January 1, 2021, and December 31, 2023.
EmPOWER Maryland programs are funded by a charge on your energy bill. EmPOWER programs can help you reduce your energy consumption and save you money. To learn more about EmPOWER and how you can participate, go to energysaveMD.com. Potomac Edison, their parents, subsidiaries, employees, affiliates and agents assume no responsibility for the performance of the equipment or equipment warranty, the quality of the work, labor and/or materials supplied, and/or the acts or omissions of any contractor. By participating in energy efficiency and peak demand reduction programs, customers agree to allow their utility to retain ownership of all Capacity Rights which refers to the demand reduction associated with any energy efficiency or peak demand reduction measures for which incentives were provided by the Company.
