Celebrate Earth Day

and receive up to \$50 with an HVAC Tune-Up!

One of the easiest ways to save money, improve comfort and help the environment is with a heating and cooling system tune-up! **We're making this win-win-win even better with a rebate up to \$50.** Do something for yourself—and the Earth—and schedule your tune-up today!

Start saving today! Visit energysavePA.com/rebates or call 855-897-6394.

The costs of energy efficiency programs are recovered through customer rates in accordance with PA Act 129 of 2008. For a complete list of commercial, industrial, residential, and low-income energy efficiency programs, please visit energysavePA.com.

By participating in these energy efficiency and peak demand reduction programs, customers agree to allow their utility to retain ownership of all Capacity Rights which refers to the demand reduction associated with any energy efficiency and peak demand reduction measure for which incentives were provided by the Company. Your utility will aggregate these energy efficiency demand reduction attributes into the PJM capacity market with proceeds being used to offset the program costs.
