

Bill of Rights

Be a smart consumer, know your rights.

In response to the COVID-19 pandemic, Governor Murphy signed a series of Executive Orders that established certain temporary rights to utility customers in the State.¹ Those specific rights are denoted by an asterisk (*) in this document and are subject to change at the direction of the Governor.

If you have questions about these consumer protections, you should contact your utility company at the number on your bill. If you have a complaint about your utility company or if your services are in jeopardy of being shut off, you should call the BPU at **800-624-0241** for assistance. Note: The BPU regulates only investor owned utility companies.

1. You have the right to utility service if you are a qualified applicant.
2. You have the right to budget billing or payment plans if you are an electric or gas customer.
3. You are entitled to at least one deferred payment plan within a twelve-month period. The deferred payment agreement offered to you by the utility company must be for at least a minimum term of twelve (12) months with no money down. Your utility company may not require a reconnection fee or deposit as a condition of continuing service, and late charges, interest and liens for past due amounts are not permitted during the grace period.*
4. You have the right to apply for utility assistance programs which may include arrearage forgiveness. Learn more by calling your utility company or by calling **211**. Information is also available online at www.nj211.org/utility-assistance-programs.
5. Any disconnected gas, electric, and water customer who can demonstrate that application has been made to one of the following assistance programs, as applicable, shall be reconnected by that gas, electric, and water company upon request in order to obtain available benefits: Universal Service Fund; Low Income Home Energy Assistance; Payment Assistance for Gas and Electric, and Low Income Household Water Assistance.²
6. You have the right to have any complaint you make against your utility company handled promptly by that utility company.
7. You have the right to have your utility complaints and concerns investigated. Your service may not be terminated for non-payment of disputed charges during a BPU investigation.
8. You have the right to have your meter tested free of charge once a year by your utility company if you suspect it is not working properly. For a \$5 fee, the meter test will be conducted under the supervision of the staff of the BPU.
9. You have the right to a written notice of termination from your utility company at least ten days prior to the discontinuance of service.
10. If you are a participant in an energy assistance program or a gas and/or electric customer having financial difficulties paying

your bill, you can request the company enroll you in a budget plan based on your ability to pay. Provided you make good faith payments toward all reasonable bills for service, you have the right to gas and electric utilities service **from November 15 to March 15** without fear of termination of such service(s) under the Winter Termination Program.

11. You have the right to receive posted notice of any impending shutoff if you live in a multi-family dwelling. This notice must be posted in a common area and/or sent individually to occupants.
12. You have the right to have a "diversion of service" investigation if you suspect the level of consumption reflected in your utility bill is unexplainably high.
13. Service shall not be shut-off for non-payment of repair or merchandise charges. No notice threatening discontinuance based on these charges may be given.
14. You have the option of having a deposit refund applied to your account as a credit or having the deposit refunded by separate check.
15. A utility may not impose late fees, interest, or liens on residential customer accounts due to late payments.
16. After December 31, 2021, residential gas, electric, water and sewer utilities are permitted to inform customers that they are subject to termination of service due to nonpayment unless the customer is a participant of the Winter Termination Program.*
17. After December 31, 2021, residential gas, electric, water, and sewer utilities are permitted to disconnect service due to nonpayment. However, a disconnection may occur at any time if it is to prevent a risk to public health or safety.*
18. After December 31, 2021, residential service may be shut-off, after proper notice, only on Monday through Thursday from 8:00 a.m. to 4:00 p.m. A utility may not shut-off residential service on Friday, Saturday, Sunday, or a holiday or the day before a holiday, or if a valid medical emergency exists in your household.*
19. You have the right to notification regarding any moratorium on rate increases.*

¹ All Executive Orders signed by Governor Murphy are published in the New Jersey Register and are also available online at: <https://nj.gov/infobank/eo/056murphy/>.

² The Low Income Household Water Assistance program is a new program designed for water utility customers that is being developed by the Department of Consumer Affairs ("DCA"). The DCA anticipates the program will be implemented in October 2021.

Established by the New Jersey Board of Public Utilities (BPU)

If you have a question or concern, call JCP&L first at 800-662-3115. The BPU's toll-free number is 800-624-0241.

The Utility Residential Customer's

Bill of Rights and Services for Jersey Central Power & Light (JCP&L) Customers with Special Needs

JCP&L has developed several customer service programs to meet the special needs of customers. If you already signed up for one of these programs, you do not need to register again.

For more information about these programs, contact our Customer Service Center at

800-662-3115

Customers 65 Years of Age or Older

A service has been established for customers 65 years or older who become delinquent in paying their bills. These customers are mailed a notice indicating that their electric service is subject to termination if payment is not received by a specified date. If requested beforehand, we will attempt to contact the customer by telephone before a collector terminates service at the residence.

Third-Party Notification Procedure

When a residential customer is mailed a delinquent notice that could result in termination of electric service, we will also mail a similar notice to a designated third party: relative, friend, member of the clergy or government agency. This notification does not obligate the third party to pay, but allows that person to help the customer if necessary. Customers may request someone to be a third party, or a person may request to become a third party for a JCP&L customer.

Electrically Operated Life-Support Equipment

Please let us know if any member of your household depends upon electrically operated life support equipment. Whenever outages occur, it's important that life-support equipment have a battery backup.

Having Trouble Paying your Electric Bill? Help is Available!

Please visit firstenergycorp.com/billassist and click on "**Search Assistance Programs**" to find out if you qualify. You may also call **211** for utility assistance.

Hearing/Speech Impaired

We provide the TTY/TDD communications service exclusively for use by hearing/speech-impaired customers.

To use this system, dial **711**, and type the message into the home unit. Our customer service representative will respond to the inquiry in the same manner.

Note: This TTY/TDD Customer Service Center telephone number is for data transmission only. For information regarding a home version of this TTY/TDD device, contact the Division of Deaf and Hard-of-Hearing, Department of Human Services, toll free at **800-792-8339**, or call the local telephone company.

Visually Impaired Customers

Customers considered visually impaired by the New Jersey Department of Human Services can receive JCP&L electric bills in large print. Please call the toll-free number to our Customer Service Center: **800-662-3115**.

Edgerton Rule

According to the Board of Public Utilities, no residential tenant/customer may be billed or disconnected for failure to pay for electric and/or gas service that was delivered outside of his/her premises without the tenant/customer's permission. If you suspect that your utility bill is unexplainably high because of a diversion of service, please notify the utility immediately.
