

Jersey Central Power & Light			
Current Rate Schedule	Generation	Transmission(4)	Total G & T
GS (General Service Secondary) - Summer Rate (1)	\$0.109926	\$0.007202	\$0.117128
GST (General Service Secondary - Time-of-Day) - Summer (2)	\$0.131298	\$0.006212	\$0.137510
GST (General Service Secondary - Time-of-Day) - Winter (2)	\$0.122937	\$0.006212	\$0.129149
GP (General Service Primary) (3)	RT LMP(5)	\$0.005343	RT LMP + Transmission
GT (General Service Transmission) - less than 230kV (3)	RT LMP(5)	\$0.005073	RT LMP + Transmission
GT (General Service Transmission) - 230kV High Tension (3)	RT LMP(5)	\$0.004141	RT LMP + Transmission

Notes:

(1) GS Generation rate is summer rate in effect June 1, 2011 through May 31, 2012.

(2) GST Generation rate is summer rate in effect June 1, 2011 through May 31, 2012.

(3) Hourly Energy prices for Rate Schedules GP and GT, and GS/GST accounts that have a peak load share of 750 KW or greater as of November 1, 2010 or that have elected to take BGS-CIEP service not later than the second business day in January, are based on the sum of actual real-time PJM load weighted average Locational Marginal Price for the JCP&L Transmission Zone and ancillary services of \$0.00600 per KWH, times a Losses Multiplier, times 1.07% for Sales and Use Tax where applicable (See Tariff Rider BGS-CIEP)

(4) Transmission rate includes transmission, RMR and TEC effective February 1, 2012

(5) GP, GT and certain GS/GST accounts taking BGS-CIEP from (3) above have a separate charge for capacity based on peak load share in addition to LMP

Rates include 7% New Jersey Sales and Usage Tax (SUT)

Summer = The Billing Months of June through September are considered Summer Billing Months

Winter = The Billing Months of October through May are considered Winter Billing Months
