Customers with severe health problems may have a licensed physician certify in writing that a termination of electric service would be especially dangerous. The medical certification will postpone the termination of electric service for 30 days. The certification is designed to provide the customer with additional time to pay their past-due balance. The customer is still responsible for the past-due amount and will be given the opportunity to pay the balance in monthly installments.

If you, or a member of your household have a qualifying medical condition, please contact our Customer Service Department at 800-633-4766 to discuss your options. We have made it easier for your doctor to submit medical certificates to us by automating the forms online. Once you call in, our customer service agents can provide you with the information that your doctor would need to complete the form.

*Federal Poverty Guidelines listed on back page.
Programs and Benefits

HEAP
- Customers can receive cash grants for home heating bills and emergencies.
- Program consists of:
  - HEAP – helps with home energy bills
  - Winter Crisis – helps with threats of disconnection
  - Summer Crisis – cooling assistance during the summer months.
- Must have a gross (before tax) household income at or below 175% of the Federal Poverty Guidelines listed below.*
- The customer does not have to be on public assistance to apply.
- An unpaid heating bill is not required for HEAP.
- For Summer Crisis the household must meet at least one of the following conditions:
  - one resident age 60 or older
  - a documented medical condition
  - a disconnection, termination or transfer of services or a COVID-19 diagnosis.
- HEAP – July through March.
- Winter Crisis – November through April.
- Summer Crisis – July through August.
- Call the Ohio Department of Development Summer Crisis at 1-800-282-0880 or visit www.energyhelp.ohio.gov.
