

Reduce Your Electric Bills **SAVE MONEY Year-Round**

Customers participating in WARM receive an in-home energy usage evaluation and can work with a trained energy educator to create an energy savings plan.

Depending on your electricity usage results following your evaluation, you may be eligible to receive home improvements that can help you save energy:

- Attic and/or wall insulation
- Caulking and weather stripping
- Replacement of inefficient refrigerators/freezers
- Replacement of inefficient electric water heaters
- Replacement of inefficient air conditioners

Are You Eligible?

The program is available to both homeowners and renters who have a gross (before tax) income at or below 200% of the Federal Poverty Guidelines.

Our WARM energy conservation and education program is free for income-qualified residential customers. Let us help you save money and make your home more comfortable.
