THE FOLLOWING INFORMATION MUST BE SUBMITTED WITH THIS APPLICATION

1. A letter requesting and describing the proposed use along with the estimated start and end date of construction.
2. An application fee made in the form of a check made payable to FirstEnergy. **The application fee is non-refundable.** The amount of the check is determined by the complexity of the consent request. Consult the payment schedule attached on Page 2.
3. One (1) copy in a 11x17 PDF format of a detailed scalable site plan that includes the following:
 - Accurate depiction of the proposed use for the site and distances from the easement boundaries.
 - Accurate depiction of all transmission and distribution facilities (i.e. poles, guy wires, anchors) adjacent to or in the proposed use area including the limits of the FirstEnergy easement.
 - Transmission Pole/Structures numbers of all poles/structures within 600ft. of the proposed use.
 - Locations of existing swales, ditches, ponds, creeks and rivers located within the easement.
 - If available, submit survey drawings in AutoCAD format with your application
4. One (1) copy in a 11x17 PDF format of a grading plan including profiles, showing existing and proposed elevation changes within the easement, and the height of the conductor at the insulator attachment point above existing grade. Clearly show the maximum elevation change proposed in the easement and the location.
5. One (1) copy in a 11x17 PDF format of landscaping plan with planting list, depicting maximum maturity height of all proposed vegetation.
6. One (1) copy in a 11x17 PDF format of the lighting plan with material list, depicting fixture/pole heights from original grade and grounding specifications.
7. One (1) copy in a 11x17 PDF format of the utility plan with material list and method of installation (directional bore or trench).
8. Copy of a legal sketch and legal description in PDF of just the area within the transmission easement that will be encroached into by the project, once it has been approved. This will support the exhibit to the Consent Agreement.
9. The type of equipment that will be utilized during construction and or stored within the easement area after construction (i.e., bulldozer, cranes, tractor trailers)
10. Include the proper name and address of the entity to which the Consent Agreement is to be issued when approved, along with the correct name and title of the person or persons that will be signing the Consent Agreement.

Simple right-of-way uses might not require all the documentation listed above

After receipt of all needed information FirstEnergy will review in a timely manner on a case by case basis.

All plans submitted must show the FirstEnergy easement area, the structures, with structure numbers, and dimension of how far away from our structures the work is to be performed.

By my signature below, I agree that I received the latest version of FirstEnergy Transmission Right-of-Way Restrictions and Guidelines and have read, understand and agree that my proposed use for the site will comply with the same. I agree that the information provided in this application and the attachments submitted therewith are accurate and complete. I understand that any incomplete application may delay commencement of, processing of, or invalidate the application. I understand and agree that the application fee is non-refundable.
