Dear «COMPANY_SHORTNAME» Customer:

You have the opportunity through Pennsylvania's Electric Choice Program to shop for the company that generates your electricity. Whether or not you choose a new supplier, «COMPANY_SHORTNAME» will still deliver the electricity to your home or business.

As you requested, we are enclosing information to help you shop. One item is the most recent history of your energy use, which shows your rate class at the upper right. Check the current price to compare for your rate class on the attached sheet. You will save money if the supplier's price is lower than your price to compare.

For residential customers, we also have included a list of licensed electric generation suppliers serving residential customers in your area. Commercial and Industrial (C&I) customers can get an updated supplier list from the Electric Choice Program's web site at www.electrichoice.com or by calling toll-free 1-888-782-3228 (TTY 1-877-710-7079).

If you decide to select a new electric generation supplier, you must contact your chosen supplier. You must provide the new supplier with your 20-digit customer number. The supplier will notify us of your selection, and you will receive a letter from us confirming your choice. We are required to provide your supplier with your account information, including your electric use history.

The most important thing about Electric Choice is that the power to choose belongs to you. If you have questions about the program, please call our Retail Choice Center toll-free at 1-888-478-2300, Monday through Friday from 8 a.m. until 8 p.m. Or, visit our website at www.firstenergycorp.com.

Sincerely,

«COMPANY_LONGNAME»
«COMPANY_QUALIFIER»

P.S. Under our tariffs, residential customers may choose a new supplier at any time. Commercial and Industrial (C & I) customers who return for any reason will be required to remain with «COMPANY_SHORTNAME» for a minimum of one year. The contract will renew automatically unless 30 days notice is given prior to the end of the annual term.
